IOWA TEACHERS CONCLUDE

Session of State Association Ends with Naming Committees.

TO STUDY VOCATIONAL WORK
Committee of Five Members Named to Investigate Status of This Work as Being Done Outside Iowa.

(From a Staff Correspondent.)
DES MOINES, Nov. 8.—(Special Telegram.)—With the appointment of three important committees by Superintendent Beveridge, president of the Iowa Teachers' association, the organization closed its convention today.

G. Clark, Sioux City; W. A. Jessup, Iowa City; C. P. Colgrove, Cedar Falls; G. W. Wilson, Ames; Anna Burdick, Des Moines; committee on amendment: F. H. Reed, Ocasoma; L. H. Minkie, Fort Dodge; E. J. Macy, Des Moines.

Committee on retirement funds: J. J. McConnell, Cedar Rapids; Kate Logan, Ames; T. J. Corlett, Burlington; Philip C. Hayden, Keokuk; O. P. Bostwick, Clinton; Z. C. Thornburg, Des Moines; J. C. Grayson, Council Bluffs.

Provision was made for payment of expenses of the committee.

Insurance Case Attracts.
A big lawsuit over the sale of the Des Moines Life Insurance company is attracting attention. The suit is because various minority stockholders sold their stock to Mrs. L. C. Rawson, principal owner of the company, and they afterwards found that when she sold the same stock to the National Life of Chicago she made big profits on all of it.

OUR COLLARS CAN'T CRACK

With the use of the up-to-date machine used in our laundry your collars are molded into shape white wet, with an "easy slip" fit and a nicely rounded top on turndown collars.

WHAT IS THIS FACT WORTH TO YOU?
We are safe in saying that your collars will last three times longer than they have heretofore if you send them to us.

BEILIS MADE SCAPEGOAT

Attorney for Accused Man Bitterly Denounces Officials.

VERDICT IS EXPECTED SUNDAY

Anti-Semitic Black Hundred Circulates Report that Jews Spent Eight Millions During Trial.

KIEV, Russia, Nov. 8.—The jury is expected to return its verdict tomorrow in the trial of the Jewish workman, Mendel Beilis, for the alleged murder of the Christian boy, Andrew Yuzinsky, in March, 1911.

Speeches of counsel were finished today. M. Grossberg, for the defense, argued that Beilis was being made a scapegoat for the mistakes of officials who conducted the preliminary investigation. The lawyer did not mix his words in referring to the "Vera Tochebertak band of criminals." He said he was convinced of their guilt, for "all forms of evidence led to Vera Tochebertak and not to the brick works where Beilis had been employed." The activities of the anti-Semitic Black Hundred continue without cessation. The secretary, the "two-headed eagle," issued today an assertion that the Jews had spent \$8,000,000 during the trial, the recipients of the money including counsel, the press, the police and witnesses.

Three Mine Guards Killed by Strikers

DENVER, Nov. 8.—Three mine guards from the Gokakis mine were killed by strikers near Layets, Colo. Late this afternoon, according to reports received by Governor Ammons, The guards were escorting miners to work in the mine.

TRINIDAD, Colo., Nov. 8.—Pedro Armijo, a miner who has been working in the Aguilar district, was killed today by a shot fired from ambush on the outskirts of Aguilar while being escorted out of town by Marshal J. T. Davis. Davis had just rescued Armijo from a crowd of strikers and was aiding him in getting out of danger.

Reports of an attack by strikers upon the military guard at Forbes early today were received by Adjutant General John Chase. Several shots struck the John Chase, but no one was injured. It is believed the object was to destroy the fan house and cut off the mine ventilation, thereby tying up mining operations.

Preliminary steps for the military occupation of the coal mining district west of South Trinidad were taken today by General Chase immediately upon his return from Denver, where he was called yesterday to attend a meeting of the military board. The camps of Starkville, Sopris, Morley, Valdes, Segundo, Primero, Cokedale, Terco and several smaller properties will be afforded military protection. There will be no withdrawal of troops from the Walsenburg and Ludlow districts.

Sugar Combine is Sued for Million

NEW ORLEANS, Nov. 8.—The firm of Wogan Bros., formerly in the sugar business here, brought suit today against the American Sugar Refining company, asking damages of \$1,000,000. Wogan Bros. suspended business in 1908 and in the petition filed in the federal court today it is charged that this suspension was caused by activities of the American Sugar Refining company contrary to the provisions of the Sherman anti-trust law.

HUERTA SUCCEEDS IN BORROWING MONEY IN GREAT BRITAIN

(Continued from Page One.)

offices in Juarez today and all news from the south was closely guarded. Information of conditions in Chihuahua, which rebels claim to have taken, is being withheld. The American consular office has been without news from the interior today. Federal officials say official news has been leaking through the telegraph office and that they propose to stop the leak. It is denied by them that Chihuahua has surrendered to General Pancho Villa.

Otto Kueck, German consul at Chihuahua, today telegraphed to German Consul Agent Max Nuber here that the battle at Chihuahua has been fought for thirty-six hours and the rebels have succeeded in repeatedly driving the rebel forces of Pancho Villa back. The rebel loss is heavy, the German consul says, and the damage to the city has not been great.

The dispatch says Villa has 7,000 men, and it leaves the impression that the fighting is still in progress today.

WASHINGTON, Nov. 8.—No announcements were made at the White House or State department today as to the progress of negotiations being conducted by Charge O'Shaughnessy and John Lind in Mexico to bring about the retirement of Huerta.

Though there have been intimations, official and unofficial, that Huerta would respect the American demand, the next step is dependent on the receipt of an absolute and final answer. In the meantime diplomatic pressure from many quarters is being brought to bear with hope for the success of the negotiations.

Man's Obligations to Wife End When He Pays Her Alimony

A wife receiving alimony from a divorced husband in accordance with a court order, need expect no further contributions from him, and he is not liable for bills contracted by her, according to decision by Judge Day of the district court. The court held against the Wisco Memorial hospital, which sued Lacey E. Peyton for \$18 for caring for Mrs. Cordelia Peyton. The case was appealed from justice court.

TEACHERS' CLUB FOR IOWA

Eight Iowa Cities Federate to Form Organization.

STATE PENSIONS ARE FAVORED
Association Passes Resolution Approving of Vocational Education and Commending the Board of Control.

(From a Staff Correspondent.)
DES MOINES, Ia., Nov. 8.—(Special Telegram.)—Representatives of teachers' organizations of eight Iowa cities met today and laid the foundation for the State Federation of Teachers' Clubs.

Philip Hayden of Keokuk was elected temporary president of the federation at the meeting and Miss Mary Lucas of Dubuque the temporary secretary. The following were elected to serve on the organization committee:

Allen Davies of Iowa City, Emma W. Eddy of Cedar Rapids, Mary Lucas of Dubuque, M. Banhart of Burlington, Jessie Leets of Clinton, Philip Hayden of Keokuk, Jennie Rice of Council Bluffs and Fuchs of Des Moines.

The State Teachers' association passed a resolution approving state-wide pensions, approved the study of vocational education, provided for funds to carry on investigations into current problems and commending the Board of Control for carrying on its work for better health.

Harmony at Teachers' Convention.
A general air of harmony prevails at a convention of the State Teachers' association. There is some personal rivalry among ambitious educators for the honor of president, but aside from this all are back of the general program of the association for better schools and progressive legislation.

At the meeting of the educational council Thursday morning all the reports of committees were adopted, and all were strongly supporting the state administration and the work already done for the schools. In one report, that of a committee on how to conserve the new school legislation, a clause committing the association against any new legislation was the subject of debate and it was finally stricken out. No other controversy arose. The report of this committee made the following recommendations:

That the state superintendent make a comprehensive survey of the conditions, needs and progress of the schools of Iowa. That he shall organize and maintain a bureau of publicity whereby knowledge of actual school conditions may be conveyed to the public. That the department take full advantage of the discretionary powers granted it in relation to proper construction, heating, lighting and ventilation of public school buildings.

If no funds are available for these things an appropriation from the legislature should be asked. That all boards adopt and use the courses of study as prescribed by the department to secure unity, system and conservation of school work. That the department should prevent the commercializing of the normal institutes under the new law.

The agricultural, domestic science and manual training be made simple and be not confined to the high schools, but be taken into the primary and all grades. That rural school conditions be made as attractive as possible, that local schools avail themselves of opportunity for state aid for consolidation, and efforts be made to popularize consolidation along well defined plans of work.

Knosville Hospital Not Closed.
Superintendent Denoah of the state hospital for inebriates at Knoxville, who is counseling with the board of control on purchase of supplies, states he does not fear the closing of the institution by reason of an attack in the courts by a dope fiend who is confined there. The man is declared to be a chronic mischievous maker and has been in similar institutions in other states, and while he claims he is receiving benefit from the

treatment, he chafes under the restraint. The matter of the legality of operation of the institution has been partly submitted to court with leave to the attorneys to file written briefs.

Clarke to Address University.
Governor George W. Clarke made dates today for three speeches at Iowa City next week, Friday. He is to speak to the political economy class of the State university in the morning, and later will deliver the address of the occasion on the starting of the university extension work, which was provided by the last general assembly. Later he will deliver the dedication address on the opening of a new tabernacle erected by the religious bodies of the city.

American Warships Warmly Welcomed

MALTA, Nov. 8.—Great throngs of spectators who had gathered on the batteries admired the American battleship Wyoming, the largest and most powerful warship yet seen here, when it arrived in the harbor today.

VILLEFRANCA, France, Nov. 8.—The American battleships Utah and Delaware arrived here today and took up moorings after exchanging salutes with the shore batteries.

NAPLES, Nov. 8.—The American battleships Florida and Arkansas arrived here today and anchored after exchanging salutes with the forts.

GENOA, Italy, Nov. 8.—A cordial greeting was given by the authorities and populace of Genoa to the American battleships Connecticut and Kansas when they arrived here today.

Eggs Make New High Mark in New York

NEW YORK, Nov. 8.—Eggs are so scarce in New York that dealers here put the retail price up to 15 cents a dozen for the best quality and prospects are they will go from 3 to 5 cents a dozen higher. The present wholesale price is 12 cents a dozen, though certain brands of western eggs may be obtained for 11 cents.

Failure of hens to lay this year and a shortage in the cold storage supply are given by dealers as reasons for the scarcity. With the tariff off of imported eggs many wholesale dealers are planning to bring eggs from abroad to relieve the situation.

Norway, Denmark, Russia and Siberia have surplus supplies of eggs which can be bought cheap enough, dealers say, to be sold here at a profit.

HOW TO SUCCEED

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the public. It must have genuine merit or no amount of advertising will maintain the demand for the article. For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it. It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use. However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., enclose ten cents and mention this paper. They will promptly forward you a sample bottle by Parcel Post. Regular sizes for sale at all druggists—fifty cents and one-dollar.—Advertisement.

A Laundry's Winning Points:

Cleanliness
Sanitation
Perfect Service
Work

That is our belief. If it appeals to you telephone
