HYERS PLAYS SPIDER ACT

Lancaster Sheriff Arrests Bunch of Rooming House Patrons.

UNDER NOSE OF THE POLICE

Presides at Telephone, Makes Dates for "Roomers" and Arrests All Who Come to Place as Consequence.

(From a Staff Correspondent.)

LINCOLN, Nov. 11.—(Special).—County Sheriff Gus Hyers of Lancaster county yesterday went to a certain rooming house in this city which has had more or less notoriety from time to time by reason of the fact that it has seldom been disturbed. His purpose was to serve some papers on an inmate, but he discovered when he got inside the house that "things were doing" and at once proceeded to get busy. Summoning two of his trusty deputies, he pointed himself at the telephone, which seemed to be doing a good business, and was kept busy from 4 o'clock in the afternoon until 8 in the evening answering "calls" and making appointments.

As fast as the victims came in they were arrested and sent to the county jail. Stop pipes and plenty of smokes were found and beer and other kindred drinks were discovered. White people and black people, good people and bad people, residents and nonresidents were taken in and all served alike by the sheriff.

The place is less than two blocks from the police station and city hall where the chief of police has his office and the city commissioner of public safety, who is facing a recall, also has his office, and thus the smiles.

Wahash Company Appeals.

The Wahash Railroad company has appealed from a judgment secured in the Douglas county district court by Frank Hooker, administrator of the estate of William Davis, who was killed by a Wahash train while walking on the track of the company between Coon and Blanch-

Nebraska.

ard, in Page county, Iowa, in October, 1910.

The suit was brought for \$25,000, based on the earning capacity of Mr. Davis, who was drawing \$1,500 a year. The jury gave the estate a judgment for \$15,000.

Look for Billie Bangs.

Adjutant General Hall, Private Secretary A. M. Morrissey of the governor's office, Colonel John Maher and John W. Cutright, editor of the Lincoln Star, drove to Ashland in an auto today, where the general will look over a proposition offered the state to buy a rifle range near that city. General Hall says that it is the best location anywhere in the state and if the price is right he will endeavor to have the state use it.

Work on Ross Project.

As report was made to the secretary of the State Irrigation board of the amount of expenditure made on the Ross project on the Loup river. During the last month \$30 was paid out for salaries.

Ackerman is Kicking.

Colonel Phil Ackerman, state hotel commissioner, objects to being placed in an office on the fourth floor of the state house for the reason that the place has no outside window. "How in the world am I going to enforce a state law which says that hotels shall not put permanent guests in sleeping rooms without windows, when I haven't got a window myself," the colonel thinks the board which has the power to place the departments wherever they want them ought to be consistent. However, the matter has been compromised by leaving the departments in the rooms used by the legislature to retain them until the time comes to move to give room for the chief clerk and other departments of the legislature. As one democratic appointee put it, "We don't expect to stay here only two years anyhow, so let the next fellow do the moving."

Rowden on Vacation.

Dave Rowden, commandant of the Soldiers' home at Milford, has been granted a ten-day furlough and has gone to Excelsior Springs, Mo., for a short vacation.

Interurban Express.

The Interurban Express company of South Sioux City has filed articles of incorporation with the secretary of state. The capital stock is placed at \$5,000 and it will operate over interurban lines out of that place.

Notes from Madison.

MADISON, Neb., Nov. 11.—(Special).—Foreclosure proceedings were commenced by J. Koenigstein against Edward Ruhlow and others to recover \$600 on a promissory note secured by a mortgage on lots 1 and 13, in block 10, Edgewater addition, Norfolk, Neb.

The state fish car, in charge of Fish Commissioner O'Brien, enroute to points in the western part of the state, will leave at Norfolk a dozen cans of fish, consisting of crappies, yellow-bullheads and perch, to be planted in the artificial lake of the Madison Country club. The dam, twenty feet in depth, is now completed and the lake has water to the depth of ten feet, supplied wholly from springs.

W. E. Reed was called to Spokane, Wash., to look after legal matters in connection with the law business of his brother, N. O. Reed, who was recently killed in an automobile accident.

Nebraska.

Governor's Wife to Buy Artificial Leg for Trainmen's Pet

GRAND ISLAND, Neb., Nov. 11.—(Special).—"Please let me have the address of the owner of that dog," said Mrs. Hiram Johnson, wife of Governor Johnson, of California, while her train was stopping here ten minutes. "I wish to send him a wooden leg for the animal." And "Honk," Con O'Keefe's pet spaniel, has prospects of again hopping around on fours, instead of threes, in the near future.

The dog is the mascot as well as the pet of the men in the upper Union Pacific yards, at which all passenger trains stop. For several years the dog has "led" every passenger engine coming into the yard. Before he was bereft of the one leg, at the middle point, he would even grab hold of the air hose as if to help pull it along. He could tell the difference and passed freight trains up. But he slipped one day. The wheels were no respecters of pets. Since then "Honk" hasn't been quite so familiar. The accident happened a year and a half ago. For a year "Honk" kept aloof. For the last six months he is back at the old haunts—every trainman's friend. Mrs. Johnson observed the animal and noticed his intelligence. A word or two led to the relation of his history, and before the conductor gave the De Luxe train the signal to resume the trip to the Golden Gate, "Honk" had the promise of an artificial limb. Con O'Keefe was formerly an engine tender. He is now car inspector.

AUDITOR HOWARD NAMES CONSERVATION DELEGATES

(From a Staff Correspondent.)

LINCOLN, Nov. 11.—(Special).—In compliance with a request from the officers of the National Conservation congress, which meets in Washington November 18-20, State Auditor W. E. Howard has appointed the following delegates to attend the meeting from Nebraska: Congressman Kinkaid, Senator Al Sorenson of Omaha, Editor D. C. Van Dusen of the Blair Pilot, Hon. George L. Shumway of Scottsbluff and Editor M. A. Brown of the Kearney Hub.

The alternates are all newspaper men and answer to the names of W. W. Haskell, Ord; J. W. Burley, Loup City; John M. Cotton, Ainsworth; F. A. Gopin, Sidney, and C. E. Byers, Valley.

Some but plaintiffs can serve because of the requirement that they shall pay their own expenses, therefore the appointment of newspaper men mostly.

Craig Has New Light Plant.

CRAIG, Neb., Nov. 11.—(Special).—The Craig electric light plant is now in full swing here and is going fine. Last evening the motor for the water pumping station was attached and is working well. The enthusiasm with which Craig people have taken hold of the light proposition has been most gratifying, there being seventy-two patrons who received current from the beginning. This village now has as fine street lighting as is to be

Nebraska.

found between Omaha and Sioux City.

Craig has this year been undergoing quite a building boom. Some ten or twelve fine residences have been built and in the business sections several new buildings have been erected and other improvements made. The First National bank building has been remodeled and the Bovee garage has been made into a mammoth structure, being 100 feet square, with fine office rooms in front.

BROKEN BOW EDUCATOR MAKES SOME FIGURES

BROKEN BOW, Neb., Nov. 11.—(Special).—County Superintendent Grimes made the statement today that he estimates the cost of the state teachers' convention that was held at Omaha last week to have been \$1,400,000. This astonishing statement was based upon the following figures: Four thousand teachers attended at an average cost of \$12 to each one, making \$48,000, the actual cost to the teachers. The cost to the districts he estimates \$3.50 as the average salary of each teacher per day, making \$10.50 as the actual cost to the district for each teacher. This totals as an actual cost to the various districts, \$42,000. The cost to the pupils and commonwealth is as follows: Fifteen is the least possible average number of pupils per teacher, which shows 60,000 pupils out of school for one day; \$7.50 being the estimated value of each pupil's time per day, making \$450,000, the value of the time to all pupils per day and \$1,350,000, the value of all the pupils' time out of school for three days, which was the length of the Omaha convention. This makes a grand total of \$1,400,000.

News Notes of York.

YORK, Neb., Nov. 11.—(Special).—District court convened this morning with George F. Corcoran presiding. There are forty-three cases on the docket and five of them are criminal. The jury is called for November 17.

A meeting of the Knights of Columbus was held in the city Sunday. A special train from Hastings and towns in that immediate vicinity arrived in the morning. Forty-seven new members were initiated, after which a banquet was served and 400 plates laid.

Bishop Thien of Lincoln was the principal speaker.

Golf Club at Fairbury.

FAIRBURY, Neb., Nov. 11.—(Special).—A golf club has been organized in this city with Eddie Goodrich, Glen LeRoy and Ed Wunders as managers and promoters. The golf links are located in the Kesterson pasture west of the city. The Hebron Golf club has challenged Fairbury for a game at this point in the near future.

Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yerks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all druggists.—Advertisement.

Nebraska.

Notes from Beatrice and Kage County

BEATRICE, Neb., Nov. 11.—(Special).—At a meeting of the Beatrice Ministerial association Monday plans were perfected for the taking of a religious census of the city. In the matter of the proposed charity committee it was decided to ask the city commissioners and the P. E. O. to appoint representatives to co-operate with the other organizations.

Mrs. E. Benjamin, a former resident of this county, died at Imperial Monday, aged 64 years. The body was brought to Hoag, this county, for interment today.

Carrying out a system of playground work begun recently, the Board of Education has had swings, horizontal bars and flying rings installed on the Central grounds for the use of the school children of the city. In case the present plan proves satisfactory, and Superintendent Bodwell is positive that it will, similar equipment will be placed at the various schools of the city.

The electric lighting system is being extended to the Central school grounds and four posts will be installed, solving a lighting problem which has been a source of worry to the Board of Education for years.

LINCOLN-BLUFFS TRAIN WILL BE BACK IN SERVICE

FAIRBURY, Neb., Nov. 11.—(Special).—A new time table is being prepared at Topeka this week for the Second district of the Rock Island which will go into effect at this point November 15. Trains 12 and 14, the Chicago-Nebraska flyer runs between Lincoln and Council Bluffs, will be put back according to information received at this point; also the local passenger runs 33 and 34 will be extended into Fairbury instead of operating between Beatrice and Horton and St. Joseph as heretofore.

The Oklahoma Express will also have a slight change made in its time over the Nebraska division.

News Notes from Fairbury.

FAIRBURY, Neb., Nov. 11.—(Special).—A number of the Rock Island shippers who were laid off in the middle of October have been put back to work. A full force is being maintained in the locomotive shops.

Mrs. George C. Sutherland left for Phillipsburg, Kan., this evening.

Mr. and Mrs. James L. Boyle left for Goodland, Kan., this evening.

Mr. and Mrs. H. C. Emery departed for Chicago to spend a couple of weeks.

Thomas L. Uter has been assigned to runs between Fairbury and Council Bluffs, Ia.

Fifteenth Leaves for Border Service

CHICAGO, Nov. 11.—Troops K, L and M of the Fifteenth United States cavalry left Fort Sheridan today for El Paso, Tex., where the regiment will be reunited next Friday.

Rumor Still on Top.

The rumor will not down that Chance will make a successful deal for The Speaker of the Red Sox. But one qualified to speak authoritatively says: "There is nothing to it."

California Boy Thrown from Fast Train Near Joliet

JOLIET, Ill., Nov. 11.—A Kellogg, who says he is a student in the University of California and a wealthy resident of Los Angeles, Cal., is in a critical condition in St. Joseph's hospital here as a result of a fall from a train. Kellogg was found beside the tracks of the Rock Island railroad late last night. He told the police today he had been hurled from the observation platform of a California train after a quarrel with two men.

"I am a member of a good family and have money of my own," Kellogg told policemen. "I got into an argument with two men on the observation platform and one of them threw me over the rail." He refused to give the names of the men and nothing more could be learned from him.

The train had been gone many hours when Kellogg was found by section hands. Hospital officials believe the youth's story as to his wealth, as he wore expensive clothing and jewelry. Papers found in his pockets corroborate his statements about his family.

According to his story Kellogg was a passenger on the Gold State Limited, which left Chicago at 9 o'clock last night. The train passed through Joliet at 10 o'clock. It does not stop here.

London Brokers Are Suspended Because of Marconi Deal

LONDON, Nov. 11.—The committee of the London Stock exchange, which has been considering the scandal in American Marconi shares, today suspended for five years the three senior partners of the stock brokerage firm of Heybourn & Croft. The committee found that the firm adopted improper methods in placing the shares on the market.

Heybourn visited the United States in

company with Godfrey C. Isaacs, managing director of the Marconi Wireless company and brother of Sir Rufus Isaacs, now lord chief justice. This visit occurred just when the deal between the American and British Marconi companies was consummated. Heybourn was later an important witness before the parliamentary committee which considered the action of several British cabinet ministers who bought American Marconi shares.

The report of the committee of the stock exchange was posted this morning. It acquits the other brokers connected with the deal, including Grenfell & Co., brokers of the American Marconi company, and expresses the belief that they acted in good faith.

A GOOD REMEDY FOR THE GRIP.

PE-RU-NA FOR COUGHS AND COLDS

You are missing the opportunity of your life if you don't get one of these pianos during this co-operative sale

The various makes of pianos for this great co-operative sale were personally selected by Mr. W. M. Robinson, and upon arrival are being tested and inspected by Prof. Jean Gilbert Jones.

WE KNEW this sale would be a success. The manufacturers, who are co-operating with us in this sale, knew it would be a success. We knew our **prices were right** and that our **proposition was right**. But we were not expecting **such overwhelming success**. We expected a shower, but we did not expect a downpour. The plain facts are—we have taken orders for nearly **twice as many instruments** as we had expected to sell up to this time. And this is told for **but one purpose**, and one purpose only, and that is—to advise those who have already told us they would buy later during the sale—**do not to put off too long**.

The success of this sale has surpassed all expectations

Let us be fair with each other. Let us get right down to the "meat" of this proposition, by asking a few questions:

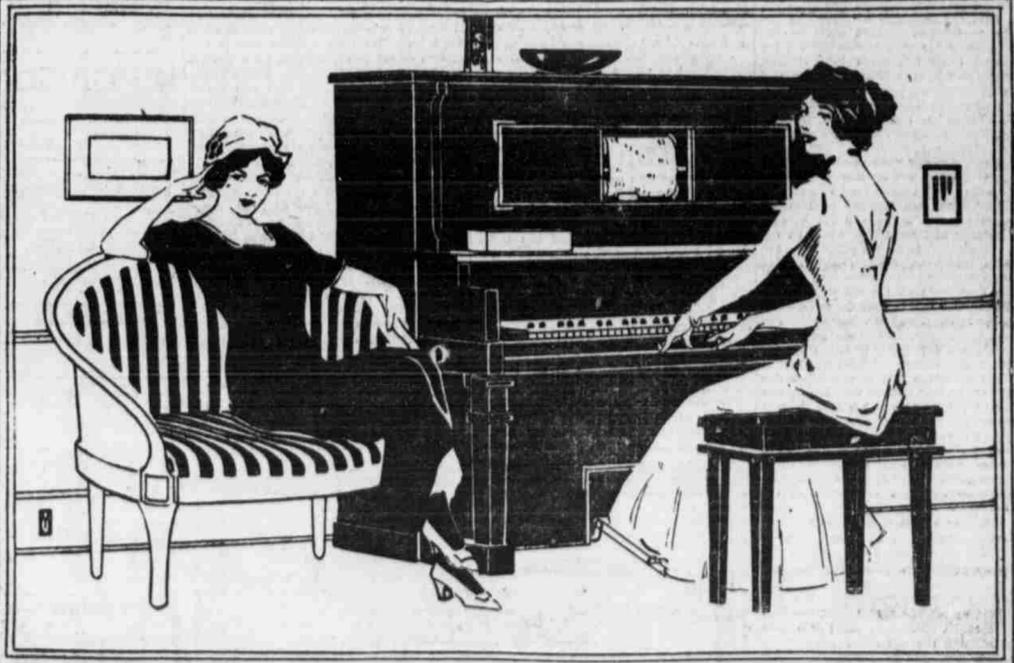

When, if ever, do you again expect to get a piano which is really worth 350 dollars for **less** than this co-operative price—248 dollars and 75 cents?

When, if ever, do you again expect to buy a piano of such known high grade upon **such easy terms** as 5 dollars as an initial payment and the remainder at the rate of 1 dollar and 25 cents a week?

Do you ever again expect to have an opportunity to buy a piano **which is so strongly guaranteed?**

Do you ever expect, in buying a piano, to **get more privileges**, such as getting your money back or exchange your piano after you have tried it for a **whole year?** And, do you expect to get a more liberal agreement—taking everything into account—than **this co-operative agreement**, which we have been describing from day to day.

We can answer these questions for you, with a decided **NO, NEVER**. A more fair, square, or liberal proposition **will never be offered** on which to put a piano in your home. It is as we say at the top of this ad—**"You are missing the opportunity of your life if you don't get one of these pianos during this co-operative sale."**

The whole co-operative plan gone over so you will know it as we know it

- Q You get a piano which is worth and sells regularly at three hundred and fifty dollars, for two hundred and forty-eight dollars and seventy-five cents, saving you at the outset one hundred and one dollars and twenty-five cents.
- Q When you finish paying for your piano, if bought in the usual way, you still owe from twenty-five to thirty-five dollars interest. Through this co-operative plan, when you have paid your two hundred and forty-eight dollars and seventy-five cents, you have finished paying. There are no further payments to be made, either on account of interest or for any other reason.
- Q Instead of paying twenty-five dollars as a first payment and ten, twelve or fifteen dollars a month as you will in a regular way, during this co-operative sale you pay but five dollars to join in this associate movement and then but **one dollar and twenty-five cents a week**.
- Q You get the strongest guarantee ever put on a piano: a joint guarantee signed by the manufacturers and ourselves, giving you protection for five years that is as safe as a government bond.
- Q You get the privilege of returning your piano at the end of a thirty days' trial and getting your money back.
- Q Within one year from the day you get your piano, through this co-operative plan, you may exchange it for any reason whatsoever, without so much as a penny's loss.
- Q All payments remaining unpaid are voluntarily cancelled in event of your death—thus leaving the piano free of encumbrance to your family.
- Q You get through this co-operative plan an opportunity to earn cash dividends for each and every week's time the life of the co-operative agreement of one hundred and ninety-five weeks is shortened. Through this privilege it is possible for you to earn cash dividends, amounting in all to **twenty-nine dollars and twenty-five cents**.
- Q You are given opportunity to secure others to co-operate in this plan. This still further reduces the cost of your instrument.

All of the features of this co-operative plan are carried out in offering player-pianos, with the **single exception** that the terms on player-pianos are two dollars a week instead of—as on the piano—one dollar and twenty-five cents a week.
