NEWSIES GIVEN CURB RIGHTS

Youngsters May Hereafter Use Them for Their Papers. NEW MEASURE IS REPEALED

By a Vote of Four to Two City Commissioners Decide that Boys May Continue with Their Old Privileges. Newsboys may place their papers on the curbs in downtown streets without fear of police interference henceforth, for, by a vote of 4 to 2, the city commission passed an ordinance repealing the prohibitive measure. Commissioners C. H. Wisnall and J. B. Hummel voted against the ordinance. Commissioner Dan B. Butler was absent.

The Omaha Newspaper Dealers' association had protested against the non-enforcement of the old ordinance, saying the newsboys infringed on their business. The council, at the instance of Police Commissioner J. J. Ryder, passed the ordinance which gave the newsies the right denied them under the old ordinance. Another ordinance, giving newsboys permission to enter buildings and peddle papers and magazines, was recommitted and will be discussed next Monday. Commissioner Butler holds the deciding vote on this ordinance. He favored it when it was in committee of the whole for discussion. Butler is on a hunting trip and will return within a week.

City Commission Notes. An ordinance prohibiting the use of fingerboards was passed. An ordinance was introduced which provides that the occupation taxes levied against public service corporations become due for the quarter during which they are levied, but that penalties shall not be lodged until fifteen days after the expiration of the quarter. On request of Commissioner Ryder \$500 was set aside from the building fund for repairs at the City Detention hospital. The notification that Earl S. Carver would hold the city liable for injuries alleged to have been received at the hands of police officers was referred to the city legal department. Lieutenant Thomas Hayes and Sergeant H. C. Cook of the police department, who have retired on pension, were commended for the honorable service they had rendered. Police Commissioner Ryder introduced the resolution of commendation.

City Would Strike Out Part of the Gas Company Petition

W. C. Lambert, assistant city attorney, will ask the courts to strike from the supplemental petition of the Omaha Gas company in the dollar gas suit all contentions except that dollar gas is in the public interest. The petition, filed recently by the company, right of perpetual franchise is alleged among other things which the city legal department believes is not primarily involved in the dollar gas fight. "I have several good reasons for asking the court to strike out everything except the confiscatory part of this petition," said Lambert. "We want this case fought out on the confiscatory claim." City attorneys say the gas company's legal representatives have shown a disposition to abandon the original argument that dollar gas was confiscatory and are now seeking to inject new issues into the case. The city is willing to face the new arguments, but wants the confiscation claim settled once for all. In its supplemental petition the gas company, as another reason for failure to reduce the price of gas from \$1.15 to \$1 per cubic foot, asserts that although it has in the past neglected to provide an amortization fund the petition to now provide such a fund should be accorded it.

DRAFT MODEL ORDINANCE FOR USE OF MATCHES

A model match ordinance has been drafted and will be submitted by the executive committee of the Commercial club to the city council for passage. This is done on the recommendation of the insurance committee. It provides for the use of only safety matches. The ordinary parlor match is given credit for causing 75 per cent of the fires throughout the United States. A representative of one of the large wholesale houses of Omaha, who is a member of the executive committee of the club, remarked before the proposed ordinance was agreed upon that such an ordinance could not hurt wholesalers, as the safety match had reached such a state that it could be handled by the dealers as well as the parlor match.

M'KENNA IS HELD FOR FORCING BOYS TO STEAL

Edward McKenna, 387 North Thirteenth avenue, appearing before United States Commissioner Herbert Daniel for preliminary hearing on a grand larceny charge, was held to the grand jury. He was arrested on October 25. McKenna forced five school boys to rob a Union Pacific boxcar of a quantity of sylvan. He will seek to establish an alibi. Incidental to the hearing the point as to whether the wife of a defendant may testify for or against her husband in a federal court was raised. It was shown by United States Attorney P. B. Howell that she can not legally do so.

SOME DON'TS FOR Stomach and Liver Sufferers

Don't take medicine for your stomach ailments unless you are sure you really need it. Don't eat anything that is hard to digest. Don't eat anything that is rich in fat. A Happy Child in Just a Few Hours

When cross, constipated or if feverish give "California Syrup of Figs" then don't worry. Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "laxative." Children love it, and it cannot cause injury. No difference what age your little one--if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleanser" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup--Advertisement.

COST OF COUNTY INMATES

Best Says Expense of County Hospital Charges is \$18 Per Month. MANY ARE BEING CARED FOR During Month of October the Institution Administered Attention to Needs of Two Hundred and Sixty-Seven.

That there were 267 inmates and patients during the month of October at the county farm and hospital November 1, and that the total expense of the institution for October averaged about \$18 per person is shown by a report prepared by Frank C. Best, chairman of the hospital committee of the Board of County Commissioners. Mr. Best expects to file similar statements every month with the county clerk. The report follows: Number of inmates October, 267. Total taken in during month, 42. Total discharged during month, 322. Died during month, 9-23.

On hand November 1, 329. In men's ward, 167. In women's ward, 19. In men's insane ward, 26. In women's insane ward, 17. In surgical ward, 6. In male sick ward, 25. In female sick ward, 9. In tubercular ward, 14. In nursery ward, 2. Total, 307. "There are forty-three attendants, including nurses, which makes a total at the hospital of 350. "From the bills filed during the month it cost about \$18 per person, which includes salaries, fuel, all operating expenses, and the general repair of the building. "Considering the number of sick, which runs over sixty, most cases requiring very expensive drugs, the expenses seem very reasonable."

Federal Engineer and Water Board Inspect River Bank

R. Beecher Howell, boss of the Omaha Water board; Chief Engineer Prince, Superintendent Hunt, F. D. Weed and Colonel Pat Healey, the latter two members of the board, all made an excursion up the Missouri river to fill their lungs with pure fresh ozone. The party, under the guidance of Major De Kyne, made the trip to Florence aboard the good ship McPherson, a government boat. Some employes of the Water board at the pumping station recently discovered that the rip-rapping just below Florence was deteriorating and word was sent to the secretary of war, L. M. Garrison, regarding the situation. The secretary wired Major De Kyne to investigate and the Water board accompanied the major.

THOMPSON APPEARS TO MEET CHARGES IN COURT

Charles N. Thompson, Nebraska rancher and banker, recently charged in a trial in district court with being the husband of a woman calling herself Mrs. Della Thompson, by a common law contract, but whose long continued absence caused the case to be dismissed, suddenly appeared at the court house to make inquiries concerning the suit brought by his alleged wife. He announced that having returned from an extended business trip through the west he was ready to face any new legal action in behalf of the woman. In a recent case tried before Judge Sears, Mr. Thompson, his brother, A. C. Thompson, and a friend, Byron Clow, were sued for \$5,000 for alleged conspiracy to defraud the so-called Mrs. Thompson's rights as a wife. Mr. Thompson, not being within the court's jurisdiction, the case was dismissed without prejudice before it went to the jury.

WORK AT CARTER LAKE IS NEARING COMPLETION

Park Commissioner Joe B. Hummel, within the next two weeks, will, if the weather is fair, complete the work of removing 100,000 yards of dirt at Carter lake, resulting in the building of an artificial lake and a boulevard around the lake shore. Two days' delay has been occasioned by a break of the pumps, but workmen will have the damage repaired and work will be resumed Wednesday.

Mothers of Eighteen Children. "I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a bit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 120 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." CATTLE RUN IS ABOUT OVER

Railroads Estimate Shipments in Excess of Last Year. BUSINESS QUITE PROFITABLE

Stockmen Are Pleased with the Results of Their Last Season's Efforts and Have Made Good Money. The run of range cattle is practically over for the year and in summing up the railroads find that the shipments out of western Nebraska and Wyoming have been about 10 per cent in excess of last year. While the figures have not been completed, it is estimated that since the run commenced last August something like 20,000 carloads have been moved east, the greater portion of the animals having come to the South Omaha yards. The range cattle that have moved this fall have come from points west of Long Pine, Hyannis and Sidney, everything east of these points being considered close-fed animals that later are put into corn and finished off for around the holidays.

The range shipments this year will not reach those of 1910, '10 and '11, but they are far ahead of last year, indicating that the ranchers are rapidly recouping from the heavy losses sustained during the hard winters of 1910 and '11, when thousands of cattle starved and froze to death on the western range. Stockmen are pleased with the results of the sales of the last season and it is said that most of them have made money in the business. For example, steers, grass-fed and fresh from the range, have usually sold at from \$40 to \$5 each at the age of 1 1/2 years, while the cost of bringing them up to this stage has been comparatively nothing.

Tom Schumacker is Inspecting Lines of the Rock Island

Thomas Schumacker, the former Omaha man who recently was appointed chairman of the board of directors and chairman of the executive committee of the Rock Island properties, is out on an inspection of the company lines. He is making a sort of a physical valuation of the system and its future, it is understood, will be determined by the report that he makes to the board and the committee. Mr. Schumacker is traveling on a special train and is making a daylight run. It is understood that he left Minneapolis Monday for a trip of inspection over the South Dakota lines, and that he will be in Omaha the last of the week. From here it is not known where he will go, but the inference is that he will make a trip out over the Nebraska lines, thence into Colorado and back through Kansas. Over the Nebraska lines Mr. Schumacker and party will be accompanied by Superintendent Kelso of the Nebraska division.

Kiersteads Will Celebrate Forty Years Wedded Life

Mr. and Mrs. W. I. Kierstead will celebrate their fortieth wedding anniversary today by a dinner for the family at the Home hotel. Frank Dewey, county clerk, will be at the dinner, as he was present at the wedding forty years ago. Mr. Kierstead has been prominent in civic affairs of the city for years and recently was a member of the commission which framed the new city charter.

That Style? Your Figure? Impossible!

Fat women who are contemplating a new gown in the mode will have to contemplate a reduction of their flesh before they visit the dressmaker. Fortunately this is not a thing that the hard laborer it was when one had nothing but exercising or dieting to get results with. Nowadays a short course of the Marmola Prescription Tablets should bring any woman, however fat, to the proportions necessary for her to wear a Directorate gown. Let her take a Marmola Tablet (made in accordance with the famous prescription and, therefore, harmless) after each meal and at bedtime and she should very soon be losing a pound a day. This result, accomplished without disturbing one's table customs, forming wrinkles or distending the stomach, astonishes everybody. Even one large case, costing only 75 cents at any "druggist's" or the same amount direct by mail from the Marmola Company, Farmer Bldg., Detroit, Mich., gives positive results. This constitutes the same of economy.
