MRS. CHARLES S. LOBINGER, president of the Woman's club of Manila, P. I., will be honor guest at the open meeting of the Omaha Woman's club Monday afternoon and will extend the greeting of the women of the Philippines to the Nebraska club women. Mrs. Lobinger tells with a great deal of pride of the work of the Woman's club of Manila. She was the first president of the club, which was organized a little over a year ago, and since her visit to the United States has been re-elected to the office of president.

"At present we are working with the view of lessening the infant mortality," said Mrs. Lobinger, "and the Woman's club of Manila has established a day nursery for the babies of the women who are employed in the cigar factories. We have the co-operation of the city of Manila and many of the wealthy Filipinos have given a great deal of money toward the support of this nursery and in assisting the unfortunate of their people."

The city pays for the rental of the building for the work and the club women have placed a trained American nurse at the head of the institution, who is assisted by Filipino girls. These girls in turn teach the mothers of the babies how to care for them.

"We are hoping that from the efforts of the Woman's club will develop a visiting nurse association," said Mrs. Lobinger.

"The babies need the care and whether it be an American baby or Filipino, we love them just the same, and in this way the hearts of the mothers are reached and the work is progressing splendidly."

Mrs. Lobinger is regent of the Daughters of the American Revolution chapter in the islands, and it is her wish that this society work along the same lines. She was responsible for the scholarship fund from the national organization which will assist in giving the Filipino girl an opportunity to come to this country to study trained nursing work, that they may go back to the islands and teach in a practical way to care for the sick.

Mrs. Lobinger is most enthusiastic in speaking of the life in the Philippines and says that if any one has a care or trouble it is impossible to think of it when the constabulary band plays in the park in Manila from 6 until 7 o'clock each evening.

Judge and Mrs. Lobinger will sail December 5 for Manila.

Mrs. M. M. Claffin of Lincoln, president of the Nebraska Woman's Christian Temperance union, will soon be a guest at the meeting of the Omaha federation of the Woman's Christian Temperance union. Mrs. Claffin says:

"I have just returned from our great convention—the World's Women Christian Temperance union in Brooklyn and the National in Asbury Park, N. J. They were occasions of splendid enthusiasm and we were happy to have a full delegation present from Nebraska—an item of some note when the distance is considered. About twenty from our state were in attendance at these meetings."

Mrs. Claffin, in speaking of her interest in the work of the organization gives a brief account of her work in both the Lincoln and state societies.

"For a period of twenty-one years my activity has been directed in the line of the temperance reform. I have served in the local organizations in several official and unofficial capacities, first in St. Paul, Neb., and later in Ord. In 1903 I was appointed state superintendent of temperance work in Sunday school, serving thus until 1907, when I was elected state corresponding secretary, serving two years. In 1908 I was elected editor of the official organ, The Union Worker, which position I still hold. As you likely know the convention of 1912 at Fremont chose me to serve as president in the lieu of Mrs. F. E. Heald, who had led our forces for seven years."

BASEMENT DEPARTMENT IS CAUSE OF A BIG JAM

Those who were on hand Friday morning for the opening of the new basement department at Orkin Brothers, maintain that there is some one connected with the management of the store who is well versed in the psychology involved in increasing the eagerness and further piquing the curiosity of a crowd whose interest already has been aroused. This conclusion is based upon the fact that, after the doors of the store had been thrown open at 8 o'clock, the throngs that surged through the doors and toward the basement stairway found themselves roped out. For thirty minutes they jostled each other in the same restless manner that is manifested by crowds waiting to see a side show. Then, when the detaining bar was removed there was a rush for the basement and the sale was on.

The basement department is an innovation at Orkin Brothers' store, and it is ventured, the management says, more or less as an experiment. There were large crowds Friday and Saturday, and the number of sales in the new department was far in excess of what had been expected. The basement in the Orkin Brothers' store is to be regarded as the bargain department. Here, it is promised, an effort will be made to have every day be "a sale" day.
