

DEMAND ORE STRIKE PROBE

Resolutions Passed at Labor Meet Calling for Investigation.

SPEAKERS ATTACK OPERATORS

Troopers Are Charged with Hiding Horses Over Men, Women and Children in Michigan Copper Walkout Zone.

SEATTLE, Wash., Nov. 18.—Flery speeches were made in the American Federation of Labor convention today, attacking the Michigan copper mine owners, whose employes are on a strike. Resolutions demanding a congressional investigation and calling for contributions for the support of the strikers were adopted, and President Samuel Gompers said the convention undoubtedly would adopt a resolution, if it were presented, demanding investigation of the charge that the Calumet and Hecla company obtained title to its copper land by fraud. By this means, said Mr. Gompers, the workers might obtain an adjustment and perhaps visit retribution on the company.

Text of Resolutions. The resolutions, which were adopted, set forth that whereas, the mine owners have ignored the demands of the men, spurned their attempts at conciliation and in many ways treated them with contempt; have imported gunmen, thugs and so-called detectives into the strike zone, and these men have deliberately killed strikers in cold blood, assaulted women and beaten and terrorized children;

"Whereas, Two, that 500 militia have been sent into the strike district, and the soldiers have driven their horses over men, women and children, beating them with guns, bayonets and swords and outraging women and girls,

"Resolved, that the American Federation of Labor demands a congressional investigation of the strike and the causes leading up to it.

"Resolved, that the Federation of Labor unqualifiedly approves of the stand of the Michigan miners and calls on all affiliated unions to contribute at least the amount asked by the executive council of the federation, and, where it can be afforded, that larger amounts be donated, and that if possible means be devised by the unions to raise money for the purpose of providing food, clothing and shelter for these fighting the battles of oppressed humanity."

Cannon Makes Charge.

Joseph D. Cannon of the Western Federation of Miners, described the conditions under which the workers revolted and declared documentary evidence was available to prove that the Calumet and Hecla company obtained title to the United States government in 1883 valuable mineral land as a grant in aid of a canal, the land never being used for canal purposes, but for the copper it contained.

John H. Walker, president of the Illinois Mine workers, who has spent months in the Calumet region, said it would be impossible to exaggerate conditions there, "which would disgrace the most barbarous country in the world." Mr. Walker said the miners worked naked in the 3,000 foot levels, without ventilation, breathing again the air of their own lungs, mixed with the poisonous fumes of the copper.

John R. Lennon, treasurer of the federation, described the daily parades of men and women in the copper country. Armed men—militia and selective agency employes—marched along with the paraders on the highway, he said, seeking to provoke them to violence. Soldiers rode their horses across and through the parades, he said.

Soldiers Insult Women.

"After midnight," said Lennon, "I walked through the streets of Calumet, in company with Michigan public officials, and saw young soldiers drunk on the streets with the belts on and revolvers in their belts. They were unfit to be soldiers of this or any country. I saw them insult women on the streets and it was difficult for me, old as I am, to restrain myself from seizing soldiers by the throat and throwing them into the streets."

President Gompers said the executive council was doing its utmost to aid the copper strikers.

Other resolutions adopted were:

Advocating construction and repair of all naval vessels in navy yards.

Urging the industrial relations commission to investigate conditions on the Pennsylvania railroad system.

Urging higher wages in navy yards and a Saturday half-holiday for all government employes.

Requesting the secretary of the Treasury to enforce the law against importation of convict-labor-made goods.

Demanding government regulation and supervision of unloading of vessels to protect the lives of longshoremen.

Favoring direct investment of postal savings deposits in district bonds.

Neck Broken, Dies of Stomach Trouble

NEW ROCHELLE, N. Y., Nov. 18.—While in a fair way to make good his promise to "fool the surgeons," made more than two years ago when his neck was broken as the result of diving into shallow water, Waldorf Miller, 39 years old, today died from stomach trouble. He had not recovered from his injury that three weeks ago he was permitted to leave his wheel chair and walk a few steps.

Several years ago a brother of Miller also received a broken neck by diving. He lived ten days after the accident.

SUES FOR INJURIES WHEN MOTORCYCLE HITS AUTO

Miss Anna E. Frary, 17 years of age, who was thrown from a motorcycle "carrying double" en route from Calhoun to Omaha as a result of a collision with an automobile in which Chester Baber and N. J. Baker were riding June 23 of this year, has brought suit against the Babers for \$2,000 damages in district court. She alleges that she sustained severe injuries of lasting effect. The motorcycle was piloted by Walter Roos.

KENYON LEAVES FOR EAST TO VOTE ON CURRENCY

PORT JEFFERSON, Va., Nov. 18.—(Special Telegram.)—While at home preparing his report of an investigation in the Virginia coal strike conditions Senator William S. Kenyon today declared his belief there will be a diversity of reports by members of the congressional commission. He declared the report will go to congress in about two weeks. The senator went to Washington tonight to vote on the currency bill.

SEE BURLESQUE AND PROLONG YOUR LIFE

OLD MEN SHOULD PRINK UP, LOOK YOUNG AT NINETY, SAYS DOCTOR.

"Burlesque shows and musical comedies will prolong lives of men well along in years," according to Dr. I. L. Nascher of New York, who lectured before the Boston College of Physicians and Surgeons.

"The pretty girls in the chorus and the lively musical numbers have distinctly beneficial physiological and psychic effects," he said.

"The old man should endeavor to make himself look as attractive as possible.

"He ought to remove wrinkles and folds, and try to stimulate the growth of hair. By this means we will have 'young men' of ninety."

—Boston American.

As Applied Locally—The Late Ex-Governor Boyd said: "Associate with young people in your old age and you'll stay young."

It's The Gayety in Omaha THIS Season

AUTOS SKID ON STEEP HILL

Twenty Cars Slide to Grief in Day on Farnam Hill.

STULLY FAMILY UNDER CAR

Millard Autolist's Machine Bumps Into Car and Escape of Occupants Miraculous—Asphalt Instead of Brick.

Over twenty automobiles came to grief Monday on the Lincoln highway between Forty-sixth and Forty-eighth streets, at least ten of these having expensive mishaps.

It all comes about because of the new asphalt pavement on Farnam street, which was slippery because of the mist and fog or light rain.

The most serious accident was that which befell John Stully and his family from Millard. Stully was coming down the hill when he applied the brakes with the result that the car skidded into the curb and was overturned. That the occupants, two men, two women and a child, escaped without serious injury was most miraculous, as they were buried beneath the machine. The breaking of a wheel probably saved them further injuries.

Early in the morning the first accident befell a tourist car with four people coming from out in the state en route to Iowa. Their only trouble was skidding into the curb and breaking a wheel.

Four cars skidded while coming down the hill and ran over the curbs to the sidewalks with little damage. A huge truck got away from its driver, but its wheels were strong enough to stand the crash against the curbing and it ran up onto the parking.

All agree that the hill is too steep

for asphalt. Owners of property along that part of Farnam street signed three full and complete petitions for brick paving, but each time some flaw was found in the city engineer's office and the petitions were thrown out. The paving district runs from Forty-fourth to Forty-eighth street and property owners east of the Belt line signed up for asphalt and one owner, having fourteen lots, changed to asphalt and this petition was soon approved with the result that asphalt was laid in spite of the wishes of property owners who live on the hillside.

George W. Wickersham, the plumber, was coming down the hill this morning when his machine skidded, turning two circles. When the auto finally came to a standstill, a front and rear wheel were completely smashed.

Ask Burke to Talk on Founders' Day

(From a Staff Correspondent.)

WASHINGTON, Nov. 18.—(Special Telegram.)—An invitation to make an address on Founders' day at Creighton university February 7, was extended to United States Treasurer John Burke today by Congressman Lobeck. Mr. Burke deferred his reply.

SUNDAY SCHOOL TEACHER, ALLEGED FORGER, SLAYS SELF

EUREKA SPRINGS, Ark., Nov. 18.—William Jenkins, 45 years old, head of a large real estate and insurance company, hanged himself in his home today. Earlier in the day a warrant was issued for his arrest, charging him with forgery to the extent of \$10,000. It is asserted, Jenkins was a Sunday school teacher and four years ago was licensed as minister.

YOUNG OMAHA WOMEN WIN IN WILL CONTEST

FREMONT, Neb., Nov. 18.—(Special.)—The jury in the Delaney will contest which was on trial in the district court all of last week, brought in a verdict last evening for the contestants. Patrick Delaney, an old resident and a farmer of Ridgeley township, died in December last leaving a will by which his entire estate, valued at \$25,000, was given to a niece in Ireland whom he had never seen. He left no direct heirs and two nieces who are now living in Omaha filed a contest. Delaney was blind, in poor health and it was claimed mentally unbalanced. There were a lot of witnesses on both sides and the testimony decidedly conflicting. The case will probably go to the supreme court.

Aunt Sally's Advice to Beauty Seekers

Red Nose: The nose is a more delicate organ than most people imagine. It should be touched as little as possible. For undue redness the treatment recommended in following paragraph will be found effective. Apply without rubbing.

Muddy Skin: The sanest and surest method of giving a clear, healthy, transparent appearance to the complexion is to apply ordinary mercurized wax every night for one to two weeks. This wax, obtainable at any drug store (one ounce is sufficient), actually takes off a bad complexion by gently and gradually absorbing the thin veil of surface skin. The new skin then in evidence is as fresh and velvety as a young girl's. The wax is applied like cold cream and washed off with soap.

Wrinkles: A harmless lotion made as follows has been found very effective in absorbing the thin veil of surface skin. Dissolve 1/2 oz. dissolved in witch hazel, 3/4 pt. Bathe the face in this daily for awhile.—Woman's Realm.—Advertisement.

PIANOS

puts the player-piano in your home the same as the piano—take your choice

There is no cash payment to be made in buying under this plan. The terms under this co-operative plan are: One dollar and twenty-five cents a week, if you decide upon a piano, or two dollars a week if you decide upon a player-piano. Or, putting it another way—you are privileged to take one hundred and ninety-five weeks (three years and nine months) to pay for your instrument, it matters not which instrument you select—the piano or the player-piano. The five dollars you pay is paid as a privilege to participate in the many advantages of this sale—more like an initiation or entrance fee—with this difference—that your five dollars under this plan are credited to the price of the instrument you select. This leaves a balance of two hundred and forty-three dollars and seventy-five cents, if you select a piano, or a balance of three hundred and ninety dollars if you select a player-piano.
