Figures on Winning the Next Two Battles

Because of the recent defeats of the University of Omaha foot ball team, Coach Morganthaler is more than ever determined to take the two remaining games of the season. Lack of weight has been the chief cause of the poor showing made by the team, as the opposing teams have in every game outweighed the Omaha squad. Morgenthaler has tried several times to offset this disadvantage by shifting his heavier men on the line, but the result has not proved to be much of a success. The heavier teams played have continually plowed their way Nebraska could not be in better shape throught the light Omaha line, making the greater number of points in this man-The two remaining games with Peru and Tarkie are such that the University of Omaha squad will be about

Wilbert Robinson Appointed Manager of Brooklyn Team

NEW YORY, Nov. 18.-President Charles Ebbets of the Brooklyn National league base ball club, announced today that teams are winning teams this year, and the Superbas' new manager, to succeed a hard fight is looked for." the Superbas' new manager, to succeed William Dahlen, would be Wilbert Robinson, until recently a member of the New York Giants. Robinson signed a Brooklyn contract this morning and will take immediate charge of the playing end of

Robinson was one of the best catchers of his day as a member of the famous Haltimore Orioles during the years when McGraw was playing third base for that organization. He followed McGraw to the New York club and for several years has been the latter's first assistant on the coaching lines, as well as a developer of recruit pitchers. He was instrumental in developing Rube Marquard, Jeff Tes-reau and Al Demarce.

Robinson was recently given his unconditional release by the New York club. the team, together with the coach, the and it was said at that time he would chancellor and the board of regents. in all probability be engaged to manage the new Baltimore club of the Federal league. His appointment to succeed Dahlen came as a surprise.

SECOND PLACE IN BIG NINE

Iowa Will Make Claim if it Defeats Cornhuskers.

HAWKEYES HAVE FINE RECORD

Team Has Made Nearly a Point a Minute This Year-Nebruska Team an Unknown Quantity and Greatly Feared.

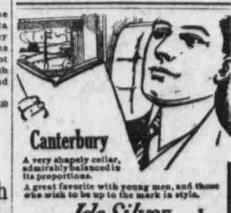

IOWA CITY, Ia., Nov. 18 .- (Special.)-Supporters of the Iowa foot ball team are prepared to send out a long and loud claim to second place in the big nine for their team in case it wins from Nebraska at Lincoln next Saturday. In view of the big scores made by the local aggregation in every game with the exception of the Chicago contest, and the defeat of Minnesota by Nebraska in an early season game, the local rooters in-sist that in case the Cornhuskers are defeated their claim will have a strong foundation. While the Nebraska victory over the Gophers was, of course, gained early in the season, Hawkeye followers point out that the Chicago-Iowa game. which cut the lows team out of the running, was played on the same day and no one is trying to claim that that game should not be considered, because it was played too early.

Nearly Point a Minute. No team in the west has made such scores as Iowa's great machine this fall, whether playing against strong or weak teams. The aggregations trampled by lowa have been, at least on paper, fairly strong aggregations. The State Teachers and Cornell, both of which were handed overwhelming defeats at the start of the season, rank with the best of the minor college elevens in the west. Northwestern and Indiana are both conference elevens, and have held other conference teams to low scores. Ames, even with the faculty of fighting in the lows game as against no other team, was beaten by a much more decisive score than Minnesota, Nebraska or Missourl was able to run up. The Iowa team has to date scored 210 points in 320 minutes of play, a record of very near a point per minute.

All this, however, depends upon the final showing next Saturday-and here the rooters are dubious. There is no hope that the westerners will prove such easy prey as the teams met in the last month. Whether the Iowa offense can stand up against a defense which stops the fleet backfield before it can get started is a question. It is about as easy for the Hawkeyes to run up a large score as a small one, as the backs go for long distances when they get into the open. Locally the odds are considered to be in favor of Nebraska, as the Cornhuskers have weight, speed and the advantage of fighting on the home grounds. besides possessing a repertoire of plays unknown here and an unbroken record. Also, Nebraska has proven a tough proposition in years past, as the one lowa victory shows. Captain Purdy, Rutherford and Halligan are the men feared here, but without knowledge of their methods of advancing the ball no adequate defense can be perfected.
