LAWRIE HEADS THE AUTOISTS

Omaha Chosen to Be Next Meeting Place of Association.

HIGHWAY CONSULS IN SESSION

Farmers Near Wood River Object to Road Occupying the Union Pacific Right-of-Way Near Their Land.

GRAND ISLAND, Neb., Nov. 19.—(Special Telegram.)

The third annual meeting of the State Automobile association closed tonight with the election of the following officers: President, Harry Lawrie, Omaha; second vice president, T. F. Patterson, North Platte; secretary, A. H. Overgard, Fremont; treasurer, John Blumck, Beatrice. Omaha was chosen as the place for the next annual convention.

The dues of the association were decreased to cover only the maintenance expense. A legislative committee of one from each local association, having membership in the state organization was ordered selected.

In connection with the convention there was a meeting of the local consuls of the Lincoln Highway association. Farmers residing near Wood River protested against the highway route along on the Union Pacific right-of-way skirting their land. This was a surprise to the meeting and it was suggested that it was the only county in the state in which such a local question had arisen.

Consuls were here from Douglas, Dodge,

Colfax, Platte, Merrick, Hall, Buffalo, Dawson, Lincoln, Keith, Cheyenne, Deuel and Kimball counties in session with State Consul Fredrickson of Omaha and Land Commissioner Griffith of the Union Pacific. It was said that Nebraska will have the straightest and most level section of this entire highway from the Atlantic to the Pacific.

The route will follow closely the Platte valley and Union Pacific. It is believed by eliminating a few logs here and there and following the right-of-way as closely as possible without crossing the tracks of other than necessary, the line will be shortened to 400 or 450 miles saving \$500,000.

JEWETT TRIAL UNDER WAY

(Continued from Page One.)

Jewett on the day in question, but remembered that he has used the bag belonging to Jewett as a foot rest while the prisoner and himself were seated on the south side of the train.

Day did not remember whether he was conversing with Jewett in the vicinity of Arlington. He remembered talking to the prisoner after the train left Fremont.

Miss Anna Goldstein, clerk in the county office in Fremont identified a marriage license issued to Jewett, dated March 21, 1912.

Sheriff Compton told of arresting Jewett at Niobrara, in company with Deputy Sheriff Gill and of bringing the prisoner to Blair and of afterwards investigating the statement of Jewett that he had placed the mid in a sanitarium in Omaha.

Compton could not locate a mythical Dr. Crookston, who was supposed to have the child of the prisoner in his infirmary.

The sheriff described his trip to Arlington and told of finding the body of an infant in the undertaking rooms of Stockmeyer. He identified all of the exhibits, including a black traveling bag found in the possession of Jewett at the time of his arrest. He testified that Jewett said at the time of his arrest, "You fellows have not anything on me and I can do as I like with my own child."

On cross-examination the sheriff's testimony remained unchanged.

L. M. Utterback of Arlington told of seeing the dead child in the undertaking establishment.

Today it is expected that Dr. Davies of Arlington, Dr. Briggs of Creighton and Mrs. Sarah Adams of Creighton, the nurse who accompanied Jewett from Creighton to Omaha with the child, will be the probable witnesses.

RUSSIAN CROWN PRINCE IN AUTOMOBILE UPSET

LONDON, Nov. 19.—The imperial Russian crown prince, Alexis Nicholasewitch, who has been an invalid for many months, was thrown from an automobile in which he was driving today with a sailor attendant, according to a dispatch from St. Petersburg. The little prince escaped with only a few bruises.

LABOR VOTES TO BAR ASIANS

Federation Passes Resolution Demanding Exclusion of Orientals.

LITERACY TEST FOR WHITES

Rigid Enforcement of Existing Immigration Laws Urged—Another Shot at the Copper Kings.

SEATTLE, Wash., Nov. 19.—With only five dissenting votes the American Federation of Labor passed today resolutions demanding the exclusion of all Asiatics and a literacy test for Caucasians. In a two-hour debate on the resolutions most of the leading men of the federation spoke, making clear that they opposed the immigration of those Europeans only who would be the prey of exploiters and whose coming would tend to lower the American standard of living. The resolutions declare:

"We demand a rigid enforcement of existing immigration laws.

"We demand that the provisions of the present Chinese exclusion law be so extended as to apply to all Asiatics.

"We favor a literacy test, so that immigrants may be required to be able to read and write the language of the country from whence they came.

"We urge upon congress the prompt appropriation of funds for construction of immigration stations and detention sheds on the Pacific coast in order to be prepared to handle the immigrants to be expected via the Panama canal.

"The executive council of the federation is instructed to consider the advisability of establishing a department of immigration and press agent or correspondent to keep up correspondence with European labor or other papers, in order to give publicity to existing conditions of workers of all nationalities in the various industries of this country.

To check it at Moscow.

The executive council is instructed to make efforts to check immigration at its sources by sending to such countries of Europe as it may deem necessary and, when other methods do not accomplish such result, representatives, to counteract the effect of those who are promoting and assisting emigration to the United States.

The attack on the alleged illegal holding of copper lands by companies operating in the Calumet, Mich. district, forecast yesterday during discussion of a resolution urging support of the striking copper miners, was begun by the federation today, when a resolution was introduced on the floor of the convention demanding the federal government begin legal proceedings to recover the land alleged to have been obtained by fraud.

Unanimous consent was required to introduce the resolution and this was given instantly when Thomas Van Lear, representing the machinists' union, announced the resolution had been prepared.

After reciting that it has been charged in government reports that the copper companies fraudulently obtained possession of more than 1,000,000 acres of copper land, prior to 1882, the resolution instructs the executive council of the federation "to secure such legal assistance as needed to go over the documents connected with the fraudulent seizure of the copper land to obtain evidence to enable them to present same to the president of the United States and to each congressman and senator and demand of them that the legal department of the United States be instructed to proceed legally to return to the United States government such land obtained by fraud and now held illegally by those copper companies."

The resolution was referred to the committee of the executive council.

Rapid Progress with Report.

The convention made rapid progress with the report of the committee on the report of the executive council, instructing the council to continue its efforts to obtain limitations of injunctions, seamen's legislation, workmen's compensation, increased compensation for post-office clerks, more facilities for the federal department of labor, a federal bureau of health, additional safety appliances on railroads, including automatic stops, abolition of convict labor and commending the council's opposition to the Taylor system of scientific management in government shops.

Referring to scientific management, the committee's report said, "a more diabolical scheme for reduction of the human body to a mere machine never was contrived."

Mail Order Brides Find Prospective Husbands Too Old

PORTLAND, Ore., Nov. 19.—Finding their prospective husbands much older than they expected, Hilda Kranser and Cecile Dietham have refused to marry two Albany, Ore., men whom they came from Switzerland to wed. They said the photographs of them, were taken many years ago.

The girls have appealed to the Swiss consul in Portland for aid in returning home.

The two Swiss maidens are 28 and 24 years of age, respectively. Herman Young and Kaspar Wirse, the men they came to Albany to marry, are somewhat beyond 50 years of age. According to the story the girls tell, Wirse, who is a native of Switzerland, learned of them through Swiss relatives and he and Young began corresponding with them several months ago. They were led to believe they were coming to Oregon to marry prosperous young men. They say they gave up good positions in Lucerne a month ago, one being a bookkeeper and the other a milliner.

DOWSE SAYS NEW TARIFF WILL BENEFIT FOREIGNERS

BOSTON, Nov. 19.—The new tariff law was severely criticized by William H. B. Dowse, president of the Home Market club, in his address at the annual meeting of the body today.

President Dowse said that a three months' tour of European manufacturing centers had convinced him that no benefit would come to the consumer as a result of the tariff reductions, but the advantage would accrue to the foreign manufacturers and to the importers in this country. "Both will make larger profits," said he, "and millions of dollars that should be paid here in wages and raw material will be sent to foreign centers of industry to pay for our increased imports."

CARRANZA BREAKS NEGOTIATIONS WITH MR. WILSON'S ENVOY

(Continued from Page One.)

General Gonzales, who commanded the beleaguering constitutionalists, made his report by courier to Jimenez and by telephone from there to rebel headquarters at Matamoros. No definite estimate was given of the loss of life, but it was said that bodies of the dead littered the streets and lay thick through the court yard and halls of the government palace, where a portion of the federal garrison made a last stand after being driven from a Catholic sanctuary where they took refuge yesterday. Everyone of these defenders was slain.

Huerta Should Worry, He Feels.

MEXICO CITY, Nov. 19.—By President Huerta's friends the attitude of the executive is described as one of expectancy and curiosity as to the prospective action by the United States, rather than one of anxiety. They say he has given them no indication of changing his mind about resigning, and is proceeding with the affairs of the government with all equanimity.

They add that he regards as probable intervention by the United States and an order was sent today to the state governor to report immediately how many soldiers they can have ready by November 20. The official explanation of this is that it is merely part of the plan announced in a recent decree increasing the army to 150,000 men.

ENGLAND SENDS WARSHIPS

Three Cruisers Ordered to Vera Cruz from Barbados. BRIDGETOWN, Barbados, Nov. 19.—The British cruiser squadron in West Indian waters last night received peremptory orders to proceed to Vera Cruz, and the vessels sailed at midnight.

LONDON, Nov. 19.—Great Britain sent the warships to Mexican waters from Barbados in order to protect British subjects, should the necessity arise. General news published in the press of the unsatisfactory conditions prevailing in Mexico and of the advance of constitutionalists in the vicinity of Vera Cruz, resulted in the decision to send the ships.

Prominent 'Frisco Man Charged With Robbing a Train

SAN FRANCISCO, Nov. 19.—In spite of the fact that Edward A. Fiske, man about town and householder of Burlingame, a fashionable suburb, established last night what seemed a satisfactory alibi, a Southern Pacific agent left this morning for Martinez, Contra Costa county, to swear out a warrant charging that Fiske is the bandit who last Friday night robbed five passengers and five trainmen in the rear Pullman of the San Francisco limited near Port Costa.

Fiske will then be taken from the city jail, where he is still held as a suspect, to Port Costa, where positive identification by passengers and trainmen will be sought.

Fiske is a fashionably dressed, easy spoken, assured young man of 24. He was arrested last night as he stepped into the side entrance of a hotel, where detectives were waiting for him.

Previously Conductor Watson of the San Francisco limited had picked him out of a crowd as the man who had robbed his train. Fiske was able to produce signed checks showing that he had occupied a private room in a restaurant from 3 o'clock Friday afternoon until 10 o'clock that night.

Three mail clerks of the Shore Line limited on the coast line of the same road, who were cowed at the pistol point last Monday night while a masked highwayman went through the mail, also were unable to identify Fiske. His wife says he spent that evening at home.

Fiske attributes his difficulties to his mother-in-law, Mrs. Mary C. Webber, formerly of Iona, Mich., now in a sanitarium here.

The Fiskes live near the Burlingame Country club. Mrs. Webber complained to the Burlingame police that her son-in-law was mistreating his wife.

Fiske said his father was W. J. Fiske, a retired shoe manufacturer of Detroit. For seven years he was president of the Phoenix Perfumery company of Detroit.

In addition to the holdup of the two limited trains, railroad detectives are investigating the robbery of the crew of a freight train in Oakland, November 12, and of a passenger train between Burlingame and San Francisco on October 14, when the mail car was looted. On the night of the freight train robbery the conductor of a suburban electric train also was held up. In each case a single robber did the work.

Rewards aggregating \$2,500 have been offered by the railroad company for the capture of the robber.

Canadian Pacific Blocked by Slide

WINNIPEG, Manitoba, Nov. 19.—Traffic on the Canadian Pacific railroad's main line in the Rocky mountains has been completely demoralized for several days. Heavy rains weakened the road bed near the Salmon river, eight miles east of North Bend and caused the wreck of a freight train loaded with lumber. Before the mass of twisted freight cars and lumber could be cleared away, a rock slide at Sea Bird bluff, ten miles west of Hope station, further impeded traffic. The road has laid a temporary track around this barrier of rock over

Often Ill Health

Can be traced directly to wrong food and drink.

This cause, more than any other, creates personal discomfort—often disease.

Your doctor can confirm that coffee contains a drug, caffeine, which is the common cause of headache, biliousness, indigestion, nervousness, heart trouble, and a long train of aches and ills which bring misery to many who might otherwise be well and happy.

Anyone who values health enough to make an easy test can be free from coffee ills by changing to

POSTUM

This pure food-drink, made of prime wheat and the juice of southern sugar-cane, is absolutely free from the coffee drug, caffeine—the cause of coffee troubles.

Postum now comes in two forms:

Regular Postum—must be well boiled.

Instant Postum—is a soluble powder. A spoonful dissolved in a cup of hot water, with sugar and cream to taste, makes a delicious beverage instantly.

"There's a Reason" for POSTUM
