Arrested on Day He Was to Have Wed "Fainting Bertha"

On the day set for his wedding Albert Weander, former employe of the Omaha Electric Light and Power company, was sentenced to sixty days in the county jail on a charge of vagrancy.

Weander was an ardent wooer for the hand of Bertha Lebbe, better known as "Fainting Bertha." While the latter was confined in the asylum at Hastings Weander sent her messages of love and flowers. Upon her release everything was completed for the wedding. Yesterday was to be the big day. Things happened after Bertha's release which changed matters. Bertha was arrested and then the groom was arrested. Today the groom was given sixty days as a wedding present by Judge Foster—but the wedding is a thing of the past.

WARRANT ISSUED FOR MAN WHO IMPERSONATES OFFICER

A warrant for the arrest of a man giving the name of George LaHarris, alleged to have falsely represented himself as a navy recruiting officer at many places in this state, was issued by United States Attorney F. S. Howell. LaHarris was taken into custody Wednesday at Shelton, Neb. He will be taken to Grand Island for a preliminary hearing before the United States commissioner at that place.

Officers at the Omaha navy recruiting station believe that LaHarris is the man to whom their attention was called in a letter received earlier in the week from James Hagie, 30 years old, of Columbus. The young man wrote that a man purporting to be a traveling recruiting officer had made him such tempting salary offers to enter the navy that they seemed "too good to be true." He was assured that the man was no doubt an impostor.

This Home-Made Cough Syrup Will Surprise You Costs Little, but there is Nothing Better at any Price. Fully Guaranteed.

Here is a home-made remedy that takes hold of a cough almost instantly, and will usually conquer an ordinary cough in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50. Mix one pint of granulated sugar with 1 1/2 pint of warm water, and stir 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough. You probably know the medicinal value of pine in treating bronchial asthma, bronchitis, spasmodic croup and whooping cough. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in gualacol and other natural healing pine elements. Other preparations will not work in this combination. The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been limited often, but never successfully. A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.
