AN EXTRAORDINARY BARGAIN EVENT!
November Special Sale of
BENSON & THORNE'S
CLASSY CLOTHES

For Men and Young Men
(Sizes 32 to 46)

Broken lots of hand made Suits and Overcoats, including the choicest Fall Fashions of such master clothes creators as Sam W. Peck, Stein-Bloch and other high class tailors, at wonderfully low prices

Six pointed questions which it is your right to ask—and our duty to answer

Q. Why reduce prices now? Q. Are these good clothes? Q. Can I be fitted?
Ans.— Ans.— Ans.—

To move stock. Reductions are not made on entire stock, but on such lines as have become broken and cannot be filled in. We wish to dispose of the broken lots as quickly as possible, and are willing to make big price concessions to accomplish the clearance.

Yes—positively yes—the best the world affords. Sam Peck is the acknowledged fashion creator for young men. For over half a century the Stein-Bloch Co. has been considered the world's best maker of men's clothes.

Yes sir, you can. While every pattern is not found in every size, yet in every size (for young fellows of 32 chest to great big fellows who stretch the tape at 46) there is a tasty assortment of fabrics which the most critical can find no cause to complain of.

Q. What about Overcoats?
Ans.—

Overcoats, why man, when it comes to overcoats of class—this is the one store of the town. Ours are the kind that ordinary stores will be bragging about next year. We're always a season ahead of styles, and these broken lots contain only such styles as are left from the fastest selling lines.

Q. Can I pick a "good one"?
Ans.—

The best way to answer that is to ask you to remember that no other kind ever finds a place in this store—and to have a reasonable amount of confidence in Benson & Thorne. If you lack the confidence and don't know the character of our clothing you can rely on the original price, marked in plain figures on the original ticket.

Q. Must I contend with tricky methods?
Ans.—

Not in this store. Every statement is verified by fact. Salesmen are instructed to satisfy first, sell afterwards. Their word is as good as a gold bond. They have nothing to conceal and the more they reveal the good points of our clothing the more you'll appreciate it. Flititious price reductions, misleading statements, absurd claims, etc., find no place in our business code.

No Extra Charge for Alterations or Deliveries.

WOMAN IN PAINT ROBBED

Losses Nearly Thousand Dollars on Northwestern Train.

MONEY TAKEN FROM PERSON

Lytle Crabtree, Who Shot Captain Raymond at Ft. Meines, Has Been Released as Harmless from Hospital for Insane.

(From a Staff Correspondent.)
DES MOINES, Ia., Nov. 21.—(Special Telegram.)—It developed today that Mrs. Charles Dodge, wife of a contractor, was robbed in a peculiar manner when on a Northwestern train coming from Ames. She was taken ill just as she was entering the train and fainted. She had collected at Marshalltown for her husband \$25 which she had with her in bills.

A number of the passengers offered her assistance when she fainted, but after she recovered she found the money was gone.

Crabtree Free.
His attorney here has received word that Lytle Crabtree, formerly corporal in the United States army, who killed Captain John Raymond at Fort Des Moines four years ago, and later was sent to prison, but was adjudged insane, has been released from the hospital at Washington as harmless.

Agents for Brewers Fined at Mason City

MASON CITY, Ia., Nov. 21.—(Special.)—Three of the four representatives of the brewers were found guilty of soliciting and selling liquor in Mason City. A. R. Noonan and R. A. Kruger were each fined \$5, and James Haveson, who seemed to be a minor offender, was fined \$3. J. C. Darrow, cousin of Clarence R. Darrow of Chicago, the labor defender, was found not guilty.

Those men were tried before Mayor John Stanton and their act was violating a city ordinance of soliciting without license. An appeal was taken to the district court. The attorneys for the defendants did not attack the validity of the ordinance, as was expected. The appeal bond was fixed at \$200 for each of the defendants.

Eighteen witnesses were examined in all and considerable damaging evidence was secured against several other representatives of brewers who were not in custody, and whom the police are now trying to locate. The citizens interested in the prosecution of this case are satisfied that this procedure will have a salutary effect.

DOCTOR GIVEN JAIL TERM FOR MISUSE OF MAILED

DES MOINES, Ia., Nov. 20.—Dr. George H. McCall of Chicago, who was indicted by the last federal grand jury on a charge of using the mails to distribute fake medicines, was sentenced to the county jail for thirty days by Judge Smith McPherson here today. McCall was indicted on three counts, two of which were dismissed upon the recommendation of Marcellus Tempie, district attorney.

Iowa News Notes.
CRESTON—The high school building, which has been in the course of construction here for the last six months, is now complete and the scholars are to go into it next Monday. There is much joy among the students, as the new addition to the building includes a new assembly room, remodelled library and science room. The students have been housed in the south ward school, only attending half-day sessions and the change to the new building is to be a treat.

CRESTON—Three Mexican laborers, who are employed on the Burlington railroad here, entered Jennings Bros. clothing store and when two of them attracted the clerk's attention the other made away with a fine overcoat. The comrades of the thief then made their purchase and left. The theft was soon discovered and the police notified. The Mexicans were run to earth at their bunk camp in the yards and the coat found and returned to the owners. The men will be held on the charge of petit larceny.

SEARCH FOR MAN WHO DISAPPEARED IN MARCH

YANKTON, S. D., Nov. 21.—(Special.)—Official inquiry is being renewed into the disappearance of James B. Davis, who was registered at the Merchants hotel here March 15 last, left to go duck hunting and never returned. He has been discharged by his firm, a Chicago art publishing house, and was supposed by friends here to have found some means of going home. A letter just received from a brother, W. R. Lewis, of Watson Salem, N. C., states he has not heard of his brother since last March. The fact that Davis had disappeared was kept quiet by friends here, as they thought he would soon straighten out and report. It is feared now he may have fallen into the Missouri or drowned himself, as he was very discouraged over losing his position.

James W. Todd has been elected chief of the Yankton fire department, to succeed himself, this being his ninth term of office.

Strengthen Your Lungs Is Timely Advice
when consumption claims over 350 daily in the United States. Neglected colds, overwork, confining duties and chronic disorders exert the weakening influence which allows tubercular germs the mastery.
The greatest treatment that science affords is courage, rest, sunshine and Scott's Emulsion.
Scott's Emulsion contains pure cod liver oil to clarify and enrich the blood, strengthen the lungs, rebuild wasted tissue and fortify the resistive forces to throw off disease germs.
Strengthen YOUR lungs with Scott's Emulsion—its benefits are too important to neglect.
