Girls! Thicken and Beautify Your Hair

Brings back its gloss, luster, charm and get rid of dandruff—Try the moist cloth.

To be possessed of a head of heavy, beautiful hair: soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incense-like glow and luster, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yet—yet—yet—really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; dandruff and dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful 'n just a few moments—a delightful surprise awaits everyone who tries this—Advertisement.

Fashion Hint

By LA RAconteuse.

Garden party dress of "azure" chiffon taffeta. The bodice is a kimono with a very short sleeve. It is draped in the sides. A small turned up collar, and the reverse of the sleeves are of embroidered taffeta, and finished by a small bow of black velvet, passing through a brass buckle.

The skirt is gathered and shows a bouffant between two embroidered flounces.

In Indianapolis, Mrs. Nicholson will remain until Monday.

Mrs. L. Oster of Milwaukee arrives Saturday to visit her sister, Mrs. Harry Feltzheim.

New Commission for Public Safety Will Give Many Warnings

At a meeting of the "Safety-First" movement held yesterday at the University club in behalf of reducing the number of accidents upon the streets of Omaha, E. U. Graf was elected chairman and Claude Dietz secretary of a new organization, which is to be known as Public Safety Commission of Omaha.

One of the first steps that will be taken by the commission will be to send out posters of "don'ts" to all public schools where teachers will be asked to once a week call the attention of the pupils to the necessity of observing certain regulations such as "never touch an electrical wire," "always cross the street at an intersection," "never get in front of a passing street car" and similar admonitions.

The next move the organization is to make will be to spread applicable bulletins around the various shops and meeting places in the city. Accidents peculiar to certain kinds of works will be specially referred to and steps toward their elimination called to the reader's attention with broad-faced type.

STUDENTS ARE TAUGHT TO BE GOOD SHOPPERS

Principal Hummel of the Omaha High School of Commerce talked to the members of the Social Culture club at a meeting of their club Thursday on the value of being able to distinguish superior from inferior qualities of articles purchased. He spoke especially of the value of being able to tell the difference between wools when one is buying fur.

Mr. Hummel suggested that it might be a good plan for the club to discuss some of the subjects found in the text book used in the civics classes, "The Community and the Citizen," since the club intends to take up civic questions. The girls are planning to study the means of bettering city conditions through the individual home. They hope to consider the sanitation and ornamentation of foods, clothing and of homes.

A social culture double quartet, consisting of club members, has been organized to help in entertaining the club, and Mrs. C. W. Hayes, the president of the Omaha Woman's club, has shown her interest in the club by promising to talk to the girls at one of their meetings.

Activity in Hotel Building Project

An interested crowd of spectators is constantly lined up during these rainy days watching the steam shovels at work in the excavation for the new \$1,000,000 hotel to be built at Eighteenth and Douglas. The signs of activity on the spot are ascribed to the activity of Arthur D. Brandeis in pushing the enterprise, and perfecting its financial organization since his return from Europe a few weeks ago.

BURGLAR STEALS ROLL AND GUN WHILE WOMAN SLEEPS

Mrs. B. C. Bennett, 207 Dodge street, reports to the police that a burglar entered the front door of her home early yesterday and as she lay asleep crept into her room and secured a silver watch purse, containing \$15 in currency, together with a nickel plated revolver. In his flight to get away the intruder left a rain coat and an umbrella.

For Children There is Nothing Better.

A cough medicine for children must help their coughs and colds without bad effects on their little stomachs and bowels. Foley's Honey and Tar exactly fills this need. No opiates, no sour stomach, no constipation follows its use. Stuffy colds, wheezy breathing, coughs and croup are all quickly helped, and sweet refreshing slumber instead of feverish tossing at night. It is easy therefore to understand why an increasing number of bottles of Foley's Honey and Tar Compound is sold yearly.—Advertisement.

WAS REGULAR SUMMER RAIN

Precipitation Over the State General and Warm.

FALL REPORTED QUITE HEAVY

Railroads Record that It Was Over an Inch in Some Places and Extended Through Western Part of Iowa.

A regular summer rain was general over a greater portion of Nebraska Thursday night, the precipitation ranging from one-fourth to an inch. It came in from the south and through Kansas the rainfall, which was general, is reported by the railroads to have been heavier than through Nebraska. Railroad men figure that it will be of great benefit to winter wheat, which in some localities had been slightly damaged by the dry weather and the winds that are said to have blown the earth away from the roots of the young grain.

In Omaha there was a fall of about one-fourth of an inch during the night. It started shortly before midnight and continued for an hour or more, accompanied by thunder, lightning and strong wind.

Out in the state the rain seems to have been heaviest throughout the South Platte country, extending as far west as McCook, on the Burlington. East of there, and at Arapahoe, Red Cloud, Strang, Holdrege and Hastings, the precipitation is said to have been an inch or more. All through the sand hills country of the Burlington and on the branch lines the rain was heavy. Along the Union Pacific the rain was general from North Platte to Omaha and about the same as over Burlington territory. Between Sidney and North Platte snow preceded the rain, but it melted about as fast as it fell.

Fall Was Heavy.

The Northwestern reports general and fairly heavy rains all the way from Long Pine into Omaha, and a light drizzle most of the night over the greater portion of the line west from Chadron. On the Hastings and Superior branches there was a steady downpour from 8 o'clock in the evening until after midnight.

East of Omaha and through western Iowa conditions were similar to those in Nebraska, but there the rainfall was a little less, though it was general everywhere.

Out in Wyoming, according to the railroads, the weather cleared during the night and today weather conditions are similar to those in Omaha, the temperatures ranging from 40 to 70 degrees above zero and an atmosphere as balmy as spring prevailing.

MAIL CLERKS HERE TO GET GOOD INCREASES

Notice of increases in salary, dating from October 1, to 398 United States railway mail service clerks, running out of Omaha, is given by the department at Washington. The raises have been made under the reclassification act, passed in July, 1912, and put into effect in October of the same year. Railway mail clerks start at \$50 a year. Their salaries, according to the recently enacted law, may be increased \$100 each year, until they are receiving \$1,500 a year. A list showing the number of clerks receiving an increase in salaries and the amount follows:

Five clerks, \$1,700 to \$1,800; thirty-six, \$1,600 to \$1,700; seventeen, \$1,500 to \$1,600; seventy-one, \$1,400 to \$1,500; fifty, \$1,300 to \$1,400; eighty-four, \$1,200 to \$1,300; thirty, \$1,100 to \$1,200; nine, \$1,000 to \$1,100; six, \$900 to \$1,000.

Funeral of Prof. Hunt Next Week

The funeral of Prof. E. W. Hunt, associate editor of the Twentieth Century Farmer, and formerly instructor in English at the University of Nebraska, who died Thursday morning from heart trouble, will be held at Syracuse, Neb., either Monday or Tuesday. It is necessary that the funeral be delayed until word has been received from Prof. Hunt's brothers in New York and Boston.

STUDENTS GATHERING FIRST HAND KNOWLEDGE

Advanced classes in bookkeeping and accounting at the Omaha High School of Commerce, accompanied by the instructor, L. Bertsch, are visiting the Omaha National bank, where they are acquiring first-hand knowledge of banking methods. The class is divided into squads of five, each squad making the trip on different days.

Trips of a similar nature will be made to different offices, where the various accounting methods in use in the city will be studied. This policy of the school is meeting with the approval of the business firms of Omaha as well as of the student body.

If Back Hurts Begin on Salts

Flush your kidneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes, and lemon juice, combined with lithium, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

Girl Uses Bible and Mourning as Blind as She Solicits Men

May White, Seventeenth and California streets, charged with being a vagrant and prostitute, was arrested Thursday night by Officers Pazanowski and Holden while soliciting on North Seventeenth street, dressed in mourning and with a Bible under her arm.

The officers who have been watching the girl for more than a week as a most devoted church goer, were surprised to see her stop several men on various occasions.

Thursday evening, not knowing either man, she approached Pzanowski and then Holden and was promptly arrested, besides receiving a fine of \$50 and costs in police court, she was treated to a severe reprimand by the magistrate. The black and white and the Bible were employed by the woman to sidetrack the suspicion of the police.

GUS RENZE BANQUETED AND GIVEN FINE PRESENT

A banquet in honor of Gus Renze was given Thursday night at the Rome hotel by a committee of German citizens. The

Boy's to Become a Picture House

Making provisions for moving picture productions calculated to draw crowds larger than can be seated in a smaller house, J. E. Slank, manager of the Hipp theater, has leased the Boyd theater, which Sunday will be converted into a 10-cent picture house. The first production, running for three days, will be "The Count of Monte Cristo," with James O'Neil as leading man. Then comes "Arizona," shown in five reels.

The lease on the Boyd theater is for one year, with an option on a four-year lease. Mr. Slank contemplates extensive remodeling of the theater, which may not be undertaken until spring. The rotunda will be brought to street level, and decoration of the interior will be done.
