GRAIN AND PRODUCE MARKET

Corn Market is Under Strong Control at Chicago.

SECURED HEAVY BY INTERESTS

Futures in the Yellow Cereal Are Being Held Down by Financiers Well Able to Foster the

the wheat market, the last half of the day.

Estimates were made that the feeding of wheat to live stock in Missouri and Oklahoma this winter would amount to the surprising total of £,600 bushels.

Corn showed much firmness on account of a forecast of unsettled weather and because of rumors that the United States government would stop Argentina imports, the idea being to shut out more effectually the dreaded hoof and mouth disease. Assertions that the quarantine applied only to bran, hay and straw seemed to be no check to bullish sentiment. Oats climbed with other cereals. The advance, however, was restricted by liquidating sales on the part of December longs.

Although provisions at the Missouri and contract of the strategy of the strategy of the strategy of the part of December longs. per longs.

ber longs.

Although provisions at the outset eased off, owing to a decline in the hog market, a rally ensued. The upturn was the result of active purchasing led by stock Leading quotations were as followed

CHICAGO GRAIN AND PROVISIONS

Fentures of the Trading and Closing
Prices on Board of Trade.

CHICAGO. Nov. 25.—Belief that the Argentina crop will be short and that there will be a brisk demand from Europe sent the wheat market soaring today. Prices closed firm. %c to 1691% net higher. Other grain, too, finished at an advance—corn. %67%c and oats 185%c

net higher. Other grain, too, finished at an advance—corn, %0%c and oats \(\frac{1}{2} \) and oats \(\frac{1}{2} \) and to \(\frac{1}{2} \) %c. In provisions the windup was the same as last night to a rise of 12%c.

European acceptance of export offers from Chicago gave the wheat bulls assurance. So also did Kansas City and Duluth teiegrams teiling of that activity on the part of foreigners. Moreover, the stocks of unsold wheat is the lightest in years, transatiantic demand having absorbed shipments as fast as made by way of the lakes. Strength of prices at Buenos Ayres was held to confirm cabled reports that the Argentina harvest outlook was unfavorable.

Hessian fly damage, especially in Missouri, counted against the bear side of the wheat market, the last half of the day.

Estimates were made that the feeding of wheat to live stock in Missouri and Ckiahoma this winter would amount to the surprising total of \$5,000 bushels.

Corn showed much firmness on account of a forecast of unsettled weather and because of rumors that the United States government would stop Argentina imports, the idea being to shut out more effectually the dreaded hoof and mouth

NEW YORK STOCK MARKET

Long-Awaited Turn Comes and Deadlock Broken Temporarily.

TRANSACTIONS TOTAL SMALL

Improvement Preceded by Brisk Advances in Landon Market, Which Determines Wall Street Tone

NEW YORK, Nov. 25.—The long awaited turn in the stock market came today. Temporarily, at least, the speculative deadlock was broken. Quotations advanced definitely and top prices showed gains of two points in some cases.

While trading was considerably more active than yesterday, the total of transactions was not large. Activity was confined to the forenoon, after which the market relapsed into stagmant condition. No asgressive efforts were made to force up the list. Developments in matters in which the street is most interested were absent and the rise in prices apparently was due to the sold out condition of the market.

The improvement was preceded by brisk advances in the London market, which determined the tone here at the opening. London contributed further by buying stocks here, and some Canadian Pacific was taken on direct order from Berlin. Such speculative buying as was undertaken in this market was based on the assumption that a rise was indicated by the extent of the short interest and the stability of the market recently in the face of discouraging business news and the Mexican tangle.

Speculation was fair, by the ability of the cheap money for stock purchases, but before the end of the day the call money market reflected heavy withdrawals recently by rising to 4 per cent. For Canada \$2,50,000 more gold was engaged today, bringing up the total on the movement to \$4,50,000. Loss to banks on subtrensury operations this week was placed at about \$6,000,000.

Honds were firmer. Total sales, par alue, \$1,200,000. United States bonds were inchanged on call. Number of sales and leading quotations

MISS FLORER'S WITHDRAWAL IN MISS M'HUGH'S FAVOR

Miss Alice Florer of York, who was a candidate for president of the State Peachers' association, has written the following letter to Miss Kate McHugh: candidate for president of the State Teachers' association, has written the

Miss Alice Florer of York, who was a grandidate for president of the State Teachers' association, has written the following letter to Miss Kate McHugh: YORK, Neb., Nov? N.—My dear Miss McHugh: I refused to permit my friends to do anything for me for the presidency of the state association in order that they might aid you in increasing your majority in the election soon to take You are certainly deserving of this honor because of your strength and success as an educator in Nebraska.

Previously we have voted for men for the presidency, and it seems only fair to elect a woman this year. I hope none of your onnab teachers will pay any attention to the campaign story that your election will mean the loss of the meeting to Omaha. You deserve their vote of mass in fact, I see no reason why all women teachers will not vote for your as it not reasonable that your selection will affect the location of the meeting on way or the other. Some of your friends will prefer Omaha, some Lincoin, and that will be equally true of those who vote for your male opponent. I am sure I votes the sentiments of the women teachers of this state witen the duties of this office than yourself. Very sincerely yours.

WOMAN WITH WALKING STICK ATTRACTS CURIOUS CROWD

A woman carrying a dainty walking stick and wearing a smart brown minaret street costume, with other architectura and cosmetic adornments, created as enaction at Fifteenth and Farnam streets. Monday afternoon, She didn't remain in her self-made limelight long, however, for the curiosity of numerous staring followers forced her to seek escape on a Farnam street car.

Farnam street car.

COMPLIMENTS STUDENTS ON THEIR DEPORTMENT

Dr. Jenkins, president of the University of Omaha, gave a brief talk to the students at the school Monday noon, complimenting them on the manner in which they have been attending classes and keeping up the high average of their studies Dr. Jenkins also mentioned the good manner in which the students conducted themselves about the school.

was very dull, and at noon there were still a good many loads in first hands. Pigs were very slow and uneven, and it was very hard to get any accurate line on the market, but so far as could be learned, prices were weak to a quarter lower. CHIEF'S HUNT FOR HOLDUPS PROVES TO BE WATER HAUL

Chief of Police Henry W. Dunn resur ected his old pocket revolver last night and with Detective Jim Donahoe went in search of the men who shortly after 7 o'clock held up and robbed Fred Hope of Dayton, O., of \$2.50.

Dunn was in the station when Hope came in to make complaint. Several of-ficers at once got busy - the case, and Dunn became innoculated with the manhunt spirit. "Guess I'll go down and see if I can't get held up. It's been a long time since I've prowled around in the dark places, and I might be able to land those fellows," he said as he left the station with Donahue.

Their search, however, we i as fruitless as that of the other officers, even though the chief, with his companion, prowled about for an hour or more.

FOOD VALUE OF CORNMEAL Comforting and Sustaining Power

of the Cereal of the Pore-

fathers. The nutrition expert of the Agricultural department at Washington has given a certificate of high food value to corn meal. Those already familiar with the virtues of corn bread do not need to be

told that it is a good and nourishing food. Those who are not acquainted with it have missed a great deal. According to the findings of the Agricultural department the food value of corn meal averages as follows: Water, 12.5; protein, 9.5; fat, 9.1; starch and sugar, 74.4; crude fiber, 1.0, and mineral matter, 10 per cent; and the fuel value. per pound, 1,656 calories. For convenience, this may be roughly stated in tenths, one-tenth being water, one-tenth protein,

seven-tenths starch, the remaining tenth being divided among fat, fiber and min-

eral matter in approximately even amounts. Putting it another way, the expert of nutrition investigations says that when corn meal or Kaffir meal sells for 3 cents a pound, and some other cereal 5 cents, the housekeeper may consider that she gets more than twice as much food for her family for a given sum when she selects cornmeal. Also, when cornmeal is 3 cents a pound and wheat flour is 5 cents, the meal has the advantage of about 50 per cents.

It matters not whether the ment is white or yellow, that depending on the liberal, corn of which it is made, the food value is the same. The liking for one kind orthe other is merely a matter of personal last the other is merely a than preference. The main point of the argument is that as a rule corn meal is cheap and is a splendid form of fuel for the human machine.

In these days of increasing city bakery output the baking of bread has become n lost art in many homes. As a consequence the present generation, or a large part of it, at least, knows very little about the comforting and sustaining powers of the corn bread of the forefathers. In Kentucky, where corn is king of crops, its excellent bread product is known and appreciated in rural homes, but is not so common in city kitchens as it should be. It can be prepared in varied forms, and in every form it is good and wholesome if the cook is "onto the job."-Louisville Courier-Journal.

Commie Pays Coin.

As the Milwaukee club has refused to take Catcher Test Easterly as part of the deal by which the White Sox got Larry Chappell, the outfielder, Comiskey has paid \$1.500 in cash to the Brewers. The original agreement called for \$12,500 in money, the release of Player Revil, and a catcher worth \$1,500. Comiskey handed over \$12,500 and Fleall when Chappell was released to him. The additional bones just paid involves a total guilay of \$15,000 for Chappell, who didn't scome up to axfor Chappell, who didn't scome up pectations after he had joined the

AUTO THIEVES FEAR LITTLE

Twenty-Six Stolen in Month and No One Punished.

VALUABLE PROPERTY DAMAGES

Many Taken by Joyriders to Be Driven Hard, Misused, Broken or Wreeked and Left by

the Roadside.

It was not many years ago that in stealing a borse, the value of which was ofttimes less than \$100. During the last thirty days twenty-six automobiles, valued at from \$1,000 to \$4,000, were stolen, and not a single person was so much as given a jail sentence.
. The police have been able to catch but

few auto thieves, and this fact may have something to do with the lack of Jali entences. And perhaps since all of the machines were recovered, sometimes badly damaged, where they were abandoned by the thieves, the police have worried but little.

Many of the cars stolen were used for only a few hours and others were kept for several days. In many cases the machines were disabled or the tires stolen.

Taken by Joy Riders. used in most cases by the thieves for joy riding only, though in several instances the police learned that the thieves used them as taxicabs and realised considerable money in that way during the short time they kept them. Sunday night the auto thieves introduced an innovation by using the stolen car in a series of street holdups.

Unless a car is offered for sale in a state other than the one from which it is stolen, a charge of grand larceny cannot be lodged against the thief, say the authorities, hence the slight punishment when a car thief is caught, which is not often.
