The Brandes Highballs started out for big total with a 1,011 game. They could ot hold up the gait in the second and ourd. finishing with 2,663. Ralph Sciple has been failing in the ste City league recently. However, his imp will die a natural death and he ill be up among the big ones in that

The Leisys went into second place by winning two from the Brandes Highballs, while the Chris Lycks were dropping two to the Clara Belles. A net 2.7% total turned the trick.

Al Wartchow showed them all that he could get plus away from fourth and fifth alleys. In the Clara Belles Chris Lyck match on nine and ten he totaled 50 with a 256 game.

Al Powell has pulled down the senson's booby prize. He started with 176 which was too strong. He then settled down to two consistent games of 120 and 112.

The Clara Belles will take the choo-choo for Grand Island Thanksgiving day and do battle with the sharks of that burg for a small pot. Those making the trip are Captain Eldson, Cain, Jarosh O. Johnson and Stunz. Later the Grand Island team will play a return match.

Prep Students Will Play Basket Ball

Preparatory department students at the University of Omaha will put a basket ball team in the field this season. At a as they were last Sunday because they meeting of the prep basket ball players will be shy a few stars that wanted to held Tuesday at the school, Arend Drew

Some of the most likely candidates for the five are Hughes, Drew, Beacons, Westerfield, Jones, Drexel, Underhill and Smith. The greater number of the andidates have had some experience in basket ball, having played on high school teams before.

Joseph Tabisca, formerly of the Be loit university and one of the best basket ball players on the Beloit team, has been chosen to coach the preps. Under his tutelage the prepa have a bright outlook for this year. Practice will start at once. The preps will play their first game with the freshmen of the school Saturday evening.

Classy Hurler. Charley Schmutz, the new Brooklyn pitcher, is credited with being the best boxman in the Northwestern league this year. WILL BE GIVEN BIG DINNERS

Visitors from Omaha Are to Be En tertained by the Teams They Are to Encounter on Thanksgiving Day.

Most of the local foot ball contingents salled out of town yesterday for their Thanksgiving games. Only a couple of teams will play in this burg and they belong to the class "C" army. These games will consist of a couple of kid affairs that will be jeroked off at Thirty-second and Dewey avenue. In all probability the game that will attract the most attention will be the mix between the Omaha All Stars and the Wisner, Neb., team. Up to date Wisner has won every battle by a large score. They have not lost a game for two years. The winner of this battle can claim the state championship. Owen Frank, form-erly the star foot ballist at the Nebrasks university, will play with the Wisner tribe. Both teams will weigh approximately the same and the only difference is that the "cornfeds" will have it over the city dudes in team work because the All Stars have only been together one this season, Anyway, a game worth the change is anticipated. The Wisner management has advertised this game exten-sively and they expect the banner crowd of the season.

Down at Valley, Neb., the Monmouth Parks will meet the Valley town stal-warts and the Fontenelles will buck up against the Valley Tigers. They will have a special train, which will leave the Union station at noon. Approximately 300 local foot ball lovers will accompany these two teams. After the games a big banquet has been arranged for and after the feed the wiggling of the pedals will be in order. The Parks have hired the town dance hall and they will have their own band on the job, so a lively time should be the outcome of this party. Over at Shenandoah, Ia., the Athletics will take on the village "cutupe" sta-

tioned there. They are bucking up against a strong army and taking into considera-tion that about half of their regular team will have to work, it looks foolish for them to schedule this game. They don't make much even if they win and they spoil the reputation that they have already garnered this season if they lose. The Shenandoah gang will outweigh them about twenty pounds to the man and aside from this they are all foot ball stars, Anyway, the patched-up Athletic team is bound to make a good showing. On the turf at Oakland, Neb., the Sherman Avenue Merchants will take on the famous Oakland tribe. Last Sunday the Oakland boys trimmed the Walthill Indians to the tune of 25 to 0. Small score. At Oakland they have one gent of university class in Wagoner. He is another Walworth and Creighton ought to nip him. Oakland will have to step some to

probably they can do it. At Athletic park, across the waves, the South Omaha Shamrooks will endeavor to trim the Council Bluffs Joe Smiths. The Shamrocks won't be near as strong play against the All Stars. At that they the river will know that they have been in a foot ball argument.

Pupils Who Failed Complain of Their School Teachers

Teachers at the Central High school are blamed by over sixty students as the cause of the latter's failure to get satisfactory marks in the recent mid-term examinations and reports at the school. and many disgruntled pupils have asked to be changed to other classes

Principal Kate A. McHugh and the other school authorities have decided to take a stand against the unrest of the complaining students and have refused every request for change of teachers.

"The failure of pupils is due in almost all cases to the pupil himself, and not to the teacher." said Miss McHugh. "To be just, we would have to make sixty changes, if we made a single one. That would disturb the whole school organiza-tion, without benefiting anybody, for those kind of students usually fall to do satisfactory work under any teacher."
