WOULD STOP PROSECUTIONS

Declare Cases Are Being Pushed
Against Two Former Officeholders
When There is No
Justice in the Act.

(From a Staff Correspondent.)

DES MOINES, Nov. 27.—(Special Telegram.)—An organization of Des Moines women has been formed as a taxpayers' league, which has as its object the public against the further prosecution of two former women officials in this county. These are Mrs. Dodson, former county recorder, and Mrs. Huelgel, former county superintendent. Both are defendants in action taken by the county to recover money alleged to be due on account of their official transactions. The taxpayers' league declares that an expert accountant has gone over the books and affirms that neither of the women owes the county a cent, contrary to the findings of an expert employed regularly by the county. The women claim the prosecution is largely for the purpose of its effect in discouraging voters from electing women to office.

ITALIAN PARLIAMENT OPENS

King Announces Many Reforms in
Speech from Throne.

HINTS AT VOTES FOR WOMEN

Ample Religious Liberty Will Be
Given Church, but it Must Not
Interfere with Affairs
of State.

ROME, Nov. 27.—Brilliant ceremony today attended the opening of the Italian Parliament by King Victor Emmanuel. The king, accompanied by Queen Helena and the royal princess, drove in state carriages through streets lined by immense throngs to the senate house. When he entered the parliamentary building the assembled deputies and senators rose and cheered him. The king surrounded by members of the cabinet at once proceeded with the reading of the speech from the throne.

Leonida Biondelli Bergamachi, leader of the reform socialists; Prof. Enrico Ferri, independent socialist, and Carlo Dell'Acqua, republican, took the oath in the presence of the king, a form unprecedented in the Italian Parliament, where socialists and republicans hitherto had always stayed away from the opening.

The king's speech from the throne was greeted for the first time by representatives of all classes of the nation, made possible by the introduction in Italy of universal suffrage.

His majesty recapitulated the conquest of Libya, paying tribute to those who had fallen in the fighting. He said the conquest had given Italy a civil service mission, which it would accomplish with respect for the natives' religion, family life and property. It would also open a field for Italian emigration near the mother country and so prevent Italian subjects from wandering to distant lands.

More Rights for Women.

The king announced that many reforms were to be introduced in Italy and alluded to the intention of the government to give Italian women their rightful place.

His majesty said the most ample religious liberty would be given the church, but that it would be prevented from interfering with state affairs, as the government would not admit any liquidation of its sovereignty.

Of the Balkans the king said the accord between Italy and the other European powers had prevented graver conflicts arising than those which had occurred. Italy, he said, desired the Balkans to enjoy peace and prosperity, and experience had demonstrated that the triple alliance and the triple entente had created an equilibrium of forces which was the best guaranty of peace.

His majesty urged strengthening of the army and navy and the placing of Italian finances on a more solid footing, and appealed to the wealthier classes to show their patriotism by accepting cheerfully to increased taxation.

PRESIDENT ATTENDS MASS

fed. Tell me, after this," he asked, "can you still love war?"

At luncheon in the rectory toasts were drunk to President Wilson, Secretary Bryan, Ambassador De Gama of Brazil and others.

Monsignor Russell, in toasting Secretary Bryan, said:

"When we see the representatives of 167,000,000 people join together here in prayer and afterwards in amiable, cheerful communion around this table, may we not rightly hope for some results in peace that will warrant a truer and broader significance to Thanksgiving day?"

Feasting Begins Early.
NEW YORK, Nov. 27.—Thanksgiving feasting began in New York as early as 1 o'clock this morning with the opening of the Bowers mission's bread line with food enough on hand to satisfy the needs of 3,000 hungry vagrants. The work of the various charitable organizations continued throughout the day very close to the program carried out in previous years, notwithstanding that high prices for foodstuffs made the work more expensive than ever. At least half a dozen dinners at each of which 1,000 to 3,000 persons were to be served were provided and in addition to this work of the regular philanthropic organizations it appeared that an unusually large number of private benefactors had arranged to help the unfortunates in some way or another.

In many ordinary households the dread spectre of the high cost of living de-throned the traditional turkey, the retail price of which had risen on the eve of Thanksgiving to 35 cents a pound for the best grades and 25 to 30 cents a pound for solid starlings fowl.

Although it had been predicted that the arrivals of poultry, which were larger than for several years, would show that the turkey was holding its own, the total receipts are said to show about twenty-five tons less in turkey arrivals than in other years. According to retail dealers the shortage is due to the fact that the storage warehouses are holding the birds already killed for the Christmas and New Year's trade and the farmers are keeping their stock for another month so that the turkeys will be fatter and command higher prices.

General Observance at Chicago.
CHICAGO, Nov. 27.—Regardless of the gloomy weather conditions, Chicagoans observed the holiday more extensively than ever before.

Charitable organizations made this a day of real thanksgiving for hundreds of poor families by giving large dinner baskets. The 1,000 prisoners at the Bridgwell attended the annual Thanksgiving valedictory performance in the prison chapel in the morning and later were treated to a turkey dinner. Patients and inmates at the Cook county hospital, the county jail, the juvenile home, the Chicago state hospital and other homes and hospitals enjoyed turkey dinners.

But little interest was displayed in sporting events. The principal attraction in this line was a soccer football game between picked teams from Cleveland and Chicago.

Rev. R. N. Orill performed the ceremony and a large number of relatives and friends of the contracting parties witnessed the ceremony. After the wedding a wedding supper was served. The bride is a popular Jefferson county school teacher.

less telegram from Washington after the Prairie passes out to sea. The holiday feeling prevailed at the navy yard today and marines and some of the crew of the Prairie played foot ball before the transport sailed. The transport was given a noisy send off by the sailors and members of the reserve fleet now stationed at the yard.

Lind Sends Message to Bryan.
SALT LAKE CITY, Nov. 27.—The situation at Tampico was unchanged this morning, according to a report received from Clarence A. Miller, United States consul. A long code message from John Lind and Rear Admiral Fletcher to Secretary Bryan was received at the American consulate here by naval wireless this morning and was at once forwarded to Washington.

Fifty Rebels Killed.
ME IGO CITY, Nov. 27.—Over fifty rebels were killed yesterday in the course of three sharp engagements between a force of 400 revolutionaries and a body of federal troops under Colonel Celso Aguilar in Tlixcala, according to advices received at the war office.

The rebels who had committed many depredations in the vicinity recently were discovered by the federal troops at San Darian Texolco. For over an hour they resisted the attack, but were finally driven in the direction of an Andres Cuamitla, where they made a second stand.

After another stubborn fight the rebels fell back on the town of San Diego and dispersed only when their ammunition was exhausted.

Fifty-three bodies of rebel soldiers are said to have been found on the battle field, while the federal loss is reported as having been insignificant.

A column of federal troops, commanded by General Rubio Navarrete was ambushed yesterday by a strong body of rebels near Santa Cruz, while moving from Montezuma toward Ciudad Victoria. The federalists were caught in a ravine by the rebels, who poured in a heavy rifle fire from the hillsides. The rebel troops were eventually driven off, leaving some seventy dead on the field. The federal commander admitted that twenty of his men were killed.

Another rebel force yesterday sacked the town of San Dionisio, in the state of Puebla. They did not even spare the church, which they looted, after killing the priest. Such a thing is unusual, churches and priests generally being respected by the raiders.

A dispatch from San Luis Potosi today says trains are running as far north as Vanegas, where the federal troops are concentrating. Communication, however, is interrupted farther north, where the rebels are reported to have dynamited some trains and are still in command of the railroad.

Rebels Hurl at Tampico.
GALVESTON, Tex., Nov. 27.—Ninety rebels were fired upon by federal troops from Tampico today on the steamship Atlanta, said conditions were steadily growing worse there.

When they left Tampico six days ago constitutionalists were reported ready to attack the port and had already occupied the surrounding country with disastrous results to the property of many of the inhabitants. J. Laffer, a ranchman, said that it had become impossible to make even a living.

"Crops, if grown, cannot be marketed," he said. "They fall into the hands of constitutionalists or federalists, or escape them, the bandits get them."

Few of the refugees required financial assistance, though they said they expect to lose all of their holdings in Mexico. There were eighty-four Mexicans in the number.

CITES CASES WHERE GIRLS DRIVEN TO VICE BY POVERTY
NEW YORK, Nov. 26.—Cases in which the younger daughters of poverty-stricken families were forced into lives of immorality when adequate assistance was not given by charitable organizations when funds were most needed, were described today by Miss Alice Gannett of the Nurses' Settlement home in this city. She was a witness before the state commission which is investigating conditions with a view to deciding whether a pension system for widowed mothers should be established. She favored state aid with state administration of funds.

PRINCE OF WALES MAY ATTEND CANAL OPENING

LONDON, Nov. 27.—A suggestion that the prince of Wales should attend the official opening of the Panama canal is under consideration by King George, according to the Liverpool Courier. Such recognition of the prince would be popular in the United States, the Courier says, and would help obliterate some of the ill feeling caused by the British government's decision against official participation in the Panama Pacific exposition.

RUSHING CURRENCY BILL

Democratic Conference Has Measure Nearly Ready to Report.

THREE MEMBERS HOLDING OUT

Defection of Hitchcock, Lane and Newlands May Impede Measure if Republicans Vote Solidly Against It.

WASHINGTON, Nov. 27.—Thanksgiving day was spent by the senate democrats hard at work in conference on the administration currency bill with geared up legislative machinery moving at a rapid rate. The conference made such progress that the currency leaders declared the bill, with possibly one section excepted, would be ready for consideration by the senate when the conference finished its evening session.

In the absence of Senator Hitchcock no one presented the amendments he and the five republicans of the committee had framed and the conference sped through section after section, endorsing the Owen-Glass bill practically without change. Senator O'Gorman, who aided Senator Owen in presenting the bill to the conference, predicted that with the exception of the section fixing the number of regional reserve banks the bill would be completed today.

One Kick from Atlanta.
The number of banks has not been decided on and was passed over at the request of Georgia senators, who feared that Atlanta might be handicapped if a regional bank were created in some other southern city, probably New Orleans.

It was understood that an attempt might be made to pass a resolution binding the democrats in the conference to support the administration bill. Senator Hitchcock was expected to refuse to support the conference bill.

Senator Lane of Oregon has so far declined to go into the conference, and Senator Newlands, while attending the conference, has an original plan which he intends to press on the floor of the senate.

The defection of three democrats might imperil the majority in the senate if the republican lines hold.

Owen Amendment Accepted.
During the morning session the conference accepted the Owen provisions by which the new regional banks could be capitalized by subscription by national banks and by which the banks would be controlled by the member banks electing six out of nine directors. About one-fourth of the bill was completed when the conference took a recess to allow the senators to get hurried Thanksgiving dinners.

POWER BOAT TURNS COMPLETE SOMERSAULT

PORTLAND, Ore., Nov. 27.—Albert Stone was drowned and Johnnie Wolff, owner of the boats running under the name of "Oregon Wolf" and his engineer, Ori Mathot, narrowly escaped death today while trying out a new boat, the Oregon Wolf IV, on the Willamette river. The boat, traveling at terrific speed, rounded a buoy and struck a wave. It turned a complete somersault, falling over backward. Stone went down and Wolff and Mathot were picked up by a rowboat.

Five Killed During East Indian Strike Riot Near Durban

DURBAN, Natal, Union of South Africa, Nov. 27.—Five East Indians were killed today in an affray between the strikers and the police, which occurred on the Blackburn sugar estate in the Mount Endroomb district, about fourteen miles to the north of Durban. The most important sugar crushing mill in Natal is located there and nearby is a large American mission station. The police were obliged to fire several volleys before they succeeded in quelling the rioters.

Many Suggested to Succeed Joe Tinker

CINCINNATI, O., Nov. 27.—President August Herrmann said today no definite move has yet been made to obtain a successor to Joe Tinker as manager of the Cincinnati National league team. Several names are being considered, but no one has been approached with an offer.

Among the possible candidates are F. Otto Knabe, second baseman of the Philadelphia Nationals; Fielder Jones, formerly of the Chicago Americans; Jacob Stahl, who led the Boston Americans to the world's championship in 1912; Mordecai Brown, the three-fingered pitcher, and Richard Hobbs, first baseman and captain of the Cincinnati team.

Pierre Slaughters Team from Brookings

PIERRE, S. D., Nov. 27.—(Special Telegram.)—In the foot ball game today between Pierre and Brookings teams, Pierre won, 55 to 7. Neither scored in the first quarter and the second was 7 to 0 for the home team.

The last half was a slaughter of the visitors. Pierre worked the forward pass successfully and the visitors failed to gain on their line smashing. Laird, the little Pierre end, made four touchdowns on forward passes and kicked one field goal.

Weeping Water Takes Cotner Teams in Tow

WEEPING WATER, Neb., Nov. 27.—(Special Telegram.)—Weeping Water High school defeated part of the first and second teams of Cotner university, 41 to 0. Weeping Water outclassed the visitors in every department of the game and their open field work was superb. The forward pass resulted in many of Weeping Water's scores. Weeping Water has played nine games, winning eight and tying one.

SOME "BROOKS" STOCK REMAINS

Just Enough to Make Decent Selection for Those Who Are Willing to Save on Clothes.

But, of Course, Each Day Cuts Down the Stock of Clothes Remaining.

Brooks, the Clothier who is Going Out of Business, the clothing and furnishing goods specialist in the City National Bank Building at the corner of Sixteenth and Harney streets, has not a gigantic stock of clothing left, but whatever he HAS left will make "good buying" for those who are entreprising enough to shop around.

Brooks is disposing of ALL clothing at COST—he has made up his mind that no other clothier shall purchase the final remaining stock in a lump—if any Omaha clothiers could do that they would be only too tickled to come out with flaring headlines announcing "Purchase of the Entire George Brooks Stock of Clothing!" But the savings shall go to the general public and not to the clothiers.

Come in. Shop around. Look into this closing out sale and you may find just the garment you fancy in the fabric and size you require. Realize that whatever there is remaining here is worth while; Brooks never yet has carried a questionable garment; he features such makes as the "Society Brand," "Stern-Meyr," and "Brooks & Brothers" clothes.

This store room has already been rented by other parties; Brooks must soon vacate; for that reason he offers his entire stock at reductions like these:

Any \$30 suit or overcoat in the house at \$11.75.
Any \$25 or \$27.50 suit or overcoat in the house at \$13.75.
Any \$20 or \$22.50 suit or overcoat in the house at \$15.75.

Try POSTUM

The relief is likely to be so marked; the change so pleasant and easy, that Postum is sure to become the regular table drink instead of coffee.

Postum is a pure food-drink made of wheat and a small percent of New Orleans molasses. It is absolutely free from the drug, "caffeine," found in coffee, or any other injurious substance.

Postum now comes in two forms.

REGULAR POSTUM—must be well boiled.

INSTANT POSTUM—is a soluble powder. A teaspoonful dissolved in a cup of hot water, with the addition of cream and sugar, makes a delicious beverage INSTANTLY.
