Your Opportunity to Get 7%

and a Division of the Profit In an Established Real Estate and Building Business

On account of our rapid increase in business the last few years, we have decided to offer for sale for the first time a limited number of shares preferred stock of the business at \$100 a share, par value.

We are engaged in building and selling homes, flats, apartment houses and store buildings. Have erected over 600 buildings in Omaha; also buying tracts of land, developing and sub-dividing the same into lots and acres, having done more in this line than any other firm in Omaha, together with a general rental, loan and insurance business.

The business has paid a dividend of over 10% net for the past ten years, which should surely convince anyone that when we offer to pay not less than 7% our offer will be more than fulfilled.

Remember, an additional dividend of over and above 7% will be paid at the end of each year, and that all the assets of the company, amounting to over \$200,000, is back of all the stock, consisting of well selected real estate, mortgages and contracts of sale.

Why only get 3% to 4% on your money, when you can just as well get 7% by buying shares of preferred stock we are now offering? Only a limited number of shares will be sold at this time, so do not delay, as it is very seldom you have the opportunity to buy preferred stock at \$100 a share, par value, in an old reliable established business that has shown a past record of paying over 10% dividends for the past ten years.

NEBRASKANS TO BE IN LINE

Four Will March with Committee of "One Thousand" at Capital.

WILL PRESENT THEIR PETITION

Document Asking for Prohibition Amendment to the Constitution of States is to be Submitted.

Four Nebraskans will start for Washington, D. C., today to make up a part of the committee of "one thousand" of the National Anti-Saloon league that is Wednesday to march to the capitol to ask congress for nation-wide prohibition. The Nebraskans who are to take part in this notable march are Harvey J. Grove of Benson, W. E. Foshier of Omaha, S. K. Warrick of Scott's Bluff and U. R. Rohrer of Hastings.

This committee of "one thousand" is to present to congress a petition asking for a resolution submitting a prohibition amendment to the constitution to the states for ratification. The petition has been prepared and this committee was appointed at the national meet of the Anti-Saloon league at Columbus, O., November 13.

The petition has been aptly referred to as the "Petition With Boots On." It has been designated thus because it will be carried to the congressional hall by 1,000 men. Wednesday morning about 10 o'clock this army of 1,000 men will begin its march up Pennsylvania avenue. Straight into the capitol building this column will file. The spokesman will present the petition to each of the two houses of congress and then the army will retire.

In the afternoon the 1,000 men will call on President Wilson. It will be a mere call as the committee is not to ask Wilson to make any promise as to what he

Stork and Cupid Cunning Plotters

Many a New Home will Have a Little Sunbeam to Brighten It.

There is usually a certain degree of dread in every woman's mind as to the probable pain, distress and danger of childbirth. But, thanks to a most remarkable remedy known as Mother's Friend, all fear is banished and the period is one of unbounded, joyful anticipation. Mother's Friend is used externally. It is a most penetrating application, makes the muscles of the stomach and abdomen pliant so they expand easily and naturally without pain, without distress and with none of that peculiar nausea, nervousness and other symptoms that tend to weaken the prospective mother. Thus Cupid and the stork are held up to veneration; they are rated as cunning plotters to herald the coming of a little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There are thousands of women who have used Mother's Friend, and thus know from experience that it is one of our greatest contributions to healthy, happy motherhood. It is sold by all druggists at \$1.00 per bottle, and is especially recommended as a preventive of caking breasts and all other such distresses. Write to Bradford Regulator Co., 131 Lamar Bldg., Atlanta, Ga., for their very reliable book to expectant mothers. Get a bottle of Mother's Friend to-day.

Remembers Where Money Is After He Had Man Arrested

After causing the arrest of Martin Jensen, an attaché of a saloon at Twenty-first and Cuming streets, on a charge of stealing \$500 from him, John Glenn, a wealthy cattleman from Lusk, Wyo., remembered that he had hidden his money under his bed at 2012 Cuming street. When he notified the police of his mistake, he promptly made amends to Jensen by taking him out to an elaborate dinner and buying him a suit of clothes.

NEWSBOYS ASKED TO HELP BEAUTY FIRST CAMPAIGN

The newspaper carriers and newsboys will be asked to give their special attention to the campaign of the Commercial club for keeping the streets free from old newspapers. W. D. Williams of the club's committee on street cleaning and maintenance reported to the municipal affairs committee of the club this week and recommended a system of boxes to receive the waste papers.

TWO HIT BY POLICE AUTO

Little Girl is Seriously Injured and May Not Recover.

BOY ONLY SLIGHTLY BRUISED. Joseph Bernardi was Coming Home with Marie Murkadran, but He Escapes Impact of the Heavy Machine.

Two small children, on their way home to luncheon from school, were struck by the police emergency automobile at 1033 South Tenth street where they were given medical attention. At the time Dr. Smith said that neither child had suffered serious hurts and except for a few minor bruises there would be no bad results. Later in the afternoon the little girl developed serious symptoms, and Dr. Schlier, who was called, said that she was suffering from internal hurts received in the accident. Early this morning she was very low and her death was expected momentarily.

B. H. Dunham is to Hear the Law and Facts in Gas Case

Hearing will be had before Judge T. C. Munger of the federal court and will be held in Omaha. If the decision after this hearing is adverse to the city no master in chancery will be appointed.

The gas company maintains the council fixed the rates for a definite period and that it is without power to change them until that period had expired. The city holds that the council has power to regulate rates at any time.

An ordinance was passed reducing rates from \$1.15 to \$1 per 1,000 cubic feet, and the gas company is contesting this ordinance, claiming, among other things, that it is confiscatory.

Repeats Advice To Use Mentho-Laxene Medicine, Which Anyone Can Make at Home Cheaper Than Labeled Goods—Furer and Better, Too.

People who've "barrels of money" probably won't appreciate this advice. This is for the reader who knows the value of every five-cent piece, and usually it saves from 40 to 100 five-cent pieces for those who are informed. Buying medicine in drugs costs more than making a big supply yourself. Buying ordinary patent medicines means that you pay too much for syrups, corks, bottles, labels, cartons, etc. For instance, if you buy a 25-cent bottle of cough medicine, it contains about two ounces, four-fifths of which is syrup—and for 25 cents you can make one-half gallon of syrup.

By making Mentho-Laxene medicine at home you save lots of money on syrup, alone, and besides you know it's pure and quickly effective. Let us prove that the best and cheapest way to overcome coughs, colds, catarrh, and to prevent pneumonia, diphtheria, la grippe, is to make this fine big supply of medicine, by mixing one-half pint of boiling water with a pint of granulated sugar. Then, buy the pure concentrated essence Mentho-Laxene (a 2% oz bottle) empty it into a pint bottle or jar and fill it up with the syrup. Directions with each bottle tells how to make and take, while the manufacturers guarantee to refund money to any dissatisfied purchaser. You run no risk and will have on hand a medicine which has never been equaled for colds, coughs, bronchitis, catarrh, hoarseness, etc. Its tonic laxative action aids the entire system to a healthy basis and fatal diseases are thus logically prevented from reaching a dangerous point.—Advertisement.

Omaha Symphony and Creighton Glee Club Will Give a Recital

Omaha Symphony Study orchestra will give a joint concert with the Creighton University Glee club at the university auditorium, Twenty-fifth and California streets, Thursday evening. The concert has been postponed from Wednesday evening. What promises to be a most interesting musical affair will be the joint appearance of these two amateur musical organizations. Both have separately given successful concerts for some years past, and the friends of both clubs look forward with pleasure to this first appearance together. The glee club has besides other concerts given one formal concert each year for the last four years. Since 1910 the orchestra has given a number of excellent programs.

The Omaha Symphony orchestra was organized in the fall of 1912, and has since been under the direction of Henry G. Cox. The "Made in Omaha" mark that has become familiar to buyers of Omaha goods has still to be stamped upon the musical product of the city. It is the purpose of the organization to aid substantially in the formation of an Omaha professional symphony orchestra, such as is maintained in Minneapolis. The officers of the orchestra are Henry G. Cox, director; H. K. Mansfield, manager; C. L. West, chairman of executive board. Mr. Cox will appear in a concerto with the orchestra. The cantata, Paul Revere's Ride, written by Dudley Buck, will be the ensemble number. John Jamieson and L. G. Thompson are to be the vocal soloists.
