RUPTURE CURED

By STUART'S PLAIN-PADS means that you can throw away the painful truss altogether, as they are made to cure ruptures and not simply to hold it, but being self-adhesive, and when adhering closely to the body slipping is impossible, therefore, they are also an important factor in retaining ruptures that cannot be held by a truss. No straps, buckles or sutures. NO CUTTING. Demonstrator Barwick, who is authority on matters pertaining to ruptures, will be at the Hotel Rome, two days, December 22nd and 23rd. LONDON, Dec. 8.—Militant suffragettes gathered in force to welcome Mrs. Emmeline Pankhurst on her arrival today from Exeter. She was released from the Exeter jail last night and given her liberty on ten days' license.

Not anticipating the early release of their leader, suffragettes gathered last night at the Empress theater to protest against the imprisonment of Mrs. Pankhurst. The house was only three-quarters filled. "General" Mrs. Flora Drummond, who presided, explained the empty seats by accusing the postoffice of tampering with letters containing invitation tickets.

Girls! Don't Wash Hair With Soap

Soap dries your scalp, causing dandruff, then hair falls out—Try this next time.

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dirt, dandruff, and excessive oil.

XTMAS BUYING RUSH ON AT ORKIN BROS.

Stores in Gala Attire and Stock Splendidly Ready.

Christmas is rapidly approaching, and although the weather of the last week has not been the most conducive for shopping, the buying public realizes the short time left, and has been taking advantage of it.

In commenting on the holiday business, Mr. M. E. Orkin said: "We are lending our greatest stress to get the Christmas shoppers out in the mornings. By starting to do their shopping at 8 o'clock in the morning, they gain infinite satisfaction from the saving time, comfort and ease with which it is accomplished."

"Thousands are obliged to wait until after lunch, but those who do not have to should start early in the morning, thereby reserving their energy, good temper and patience."

"And what a great help it is to the people who serve them and our delivery department."

Then, aside from that fact, our stocks are now at their best, many of them have been greatly enlarged to care for this great holiday buying rush.

New, take, for instance, the handkerchief section. It has been quadrupled in size. One entire section in the center as a on the main floor has been given over to the display and sale of handkerchiefs.

Then there is the toy and doll section, a veritable fairyland, resplendent with every kind of toy, doll and plaything to make the little folks glad.

The book and stationery and the jewelry sections, too, have been given additional space for display of their holiday goods.

And, so on through the store, every section given over to display and sale of holiday merchandise is splendidly ready with greater stock and greater selections than ever before.

Summing up this brief appeal one sees the paramount points for consideration—Shop early in the season—Shop early in the day—Take small parcels with you—Advertisement.
