Appeal from Douglas County.
 H. B. Graham of Omaha has appealed from a judgment and decree of the district court of Douglas county in the amount of \$16,354.25 secured by the Omaha National bank against him on a note given them to cover money borrowed to purchase stock in the Howard Stove company, which carried with it an order for the sale of 25 shares of stock of the Cement Securities company and 105 shares of the Howard Stove company.
 In the trial of the case in district court Graham set out that one of the officers of the bank had approached him with an offer of the management of the Howard Stove company, claiming that the bank was loaning the company \$50,000, but the bank desired that the company should be under his management. Under representations such as that he bought stock, the bank furnishing the money to do so.
Trip for State Board.
 The State Board of Control went to Millford today to listen to charges made against Commandant Dave Rowden by two old soldiers, recently discharged from the institution, who had been making charges that Rowden was conducting the place for his own personal interests. They bring up charges against Rowden which were used against him when he was commandant under Governor Shalpenberger and which he was able to refute at the time. The board was not very anxious to hold the hearing, being convinced that Commandant Rowden was conducting the institution properly, but as there were other matters to attend to requiring the full attendance of the board, the two were combined.

Cashier Identifies Suspect as Looter of Primrose Bank
 ALBION, Neb., Dec. 8.—(Special.)—Sheriff Sutton of Greeley county and detectives, in the employ of the State Bankers' association, this evening arrested a man named Fins, charging him with being the bandit who last Thursday held up the cashier of the bank at Primrose and secured \$5,000. Fins was found on the ranch home of Michael Lamb, when the officers saw an ex-convict, Cashier W. C. Weeks and his brother, who were in the bank at the time of the holdup, identified Fins as the man who at the point of a revolver compelled them to hand over all the currency available, and after warning them not to give the alarm later left the bank and escaped on foot. It was supposed at the time of the robbery the bandit had confederates with horses not far distant.
 Fins was husking corn on the Lamb farm, when arrested. He refused to make any statement. He was placed in the county jail here.

Brian Has Statement Also About Foresters
 (From a Staff Correspondent.)
 LINCOLN, Dec. 9.—(Special.)—Indications point that the big bookcase which stands against the door in the office of Insurance Commissioner Lawson G. Brian, which leads to the private office of State Auditor William B. Howard, will still continue to be a nonconductor of communication between the two departments and that the cotton batting stuffed in the key-hole on the auditor's side will continue to keep microbes and other things from drifting through, while the white dove of peace still builds its nest in the capitol dome.
 Yesterday Auditor Howard gave out for publication a statement showing the action of a committee of state insurance commissioners in refusing to recommend that the Foresters' Fraternal Insurance society of Canada should not be allowed to do business in the state until it conformed with their idea of what was best for policyholders in that organization.
 Today Commissioner Brian gives out a statement prepared by a committee of the National Fraternal congress stating that the policy of the above committee is inimical to the best interests of the fraternal system and finds no warrant in the fraternal laws of any state.

New State Armory is Nearly Completed
 (From a Staff Correspondent.)
 LINCOLN, Dec. 9.—(Special.)—The new state armory at the fair grounds is nearly completed, and but for the rainy weather of the last week would have been ready for occupancy this week.
 The building is fireproof in every way, the basement will be used for the heavy storage, while the two upper floors, which will be of cement, will be used for the storage of the lighter articles. The top floor will be fitted up with an office and bed room for the caretaker, and there will be nothing of wood in the building but the roof. All of the doors and windows will be protected by bars, so that there is no possible chance for anyone to get in and do any damage. It is situated about 100 feet west of the main gate to the fair grounds and will add much to the appearance of the grounds.
 The new agricultural hall at the grounds was considerably damaged by the high winds this week, the glass in the sky-lights being broken by the suction of the wind through the unfinished doors and windows.

Blanco and Gonzalez Demand Surrender of Port of Tampico
 MEXICO CITY, Dec. 9.—The surrender of Tampico has been demanded by the rebel leaders, Generals Lino Blanco and Pablo Gonzalez, according to advices received here from that port. The commander of the federal garrison, General Ignacio Morones Zaracosa, in reply, dared the rebels to come and take the city.
 It is not expected the rebels will try to capture of the seaport, which is well garrisoned and fortified, and has the additional protection of the gunboats Vera Cruz and Tampico.
 The rebels under General Candido Aguilar in the vicinity of Tuxpan scored a success over the federal troops there yesterday by slipping around the edge of the town and boarding the gunboat Tuxpan while the federal troops were not looking, disabling the machinery and guns and getting away with a quantity of dynamite.
 According to the story reaching the federal capital, the trick of the rebels was due to "carelessness on the part of some of the federals."
 The gunboat was stationed some distance above the town to observe the movements of and to menace the rebels. The latter got a gasoline launch, manned it with twenty men and boarded the gunboat while it was in charge of a small crew, which they overpowered.
 VERA CRUZ, Mexico, Dec. 9.—The United States cruiser Chester and the gunboat Wheeling left Vera Cruz this morning under rush orders to proceed to Tampico. Rear Admiral Frank F. Fletcher reported today by wireless from the United States battleship Rhode Island, now off Tampico, that an American had arrived at that port bringing news of the capture by rebels of the town of Altamira, twenty miles from Tampico. It is not believed the rebels intend to attack Tampico.
