WILL HOLD BACK REWARD
Governor Morehead Opposes Paying Peace Officers for Arrests.
SAYS THAT IS THEIR DUTY
Only in Extraordinary Cases Will He Contemplate the Offer of Special Inducement to Act.

(From a Staff Correspondent.)
LINCOLN, Dec. 10.—(Special.)—The man who caught John Jones alias William Steiner, charged with killing Samuel Leone of Omaha will not get the \$300 reward offered by Governor Morehead for the arrest of the man. A St. Louis policeman made the arrest and the man is held in custody in that city.

Governor Morehead is going on record in declaring that in the future no rewards will be offered by the state only under circumstances where it is especially required. He is of the opinion that when a peace officer catches a man who is trying to flee from justice that he is simply doing his duty and what the people expect him to do.

Sheriff Gus Myers of Lancaster county went on record a few weeks ago by declaring that he would accept no reward whatever from the state or any other source for arresting a man wanted for breaking the laws of the state. "That is what the people pay me for," said the sheriff, "and there would be just as much sense in paying the governor something extra for doing a part of his duty as a state executive as to pay me for doing what the people elected me to do for the salary paid."

It has been customary in recent years to call on the state to offer a reward for the apprehension of a fugitive from justice on the slightest provocation, but hereafter good reasons will have to be given before the reward is posted.

Cornish Refuses Sharp Injunction
(From a Staff Correspondent.)
LINCOLN, Dec. 10.—(Special Telegram.)—Judge Cornish of the Lancaster county district court refused this afternoon to allow the injunction asked by President Sharp of the Lincoln Traction company to restrain the board of directors from meeting and electing officers of the company.

In the election held about two weeks ago a bitter fight was indulged in by the Sharp interests and the Scudder people, resulting in five Sharp men and five Scudder directors being selected, while Sanford Ladd, representing the Moore syndicate, was the other member. Ladd went over to the Scudder crowd, and it was rumored that while they would retain Sharp as president they would cut his salary from \$6,000 a year to about \$1,000.

In his application for an injunction Sharp set out that when the Scudder people gained the controlling interest of the company from the Sharp people, it was agreed that Sharp and his backers should remain in control of the directorate.

PEDIGREE ACCOMPANIES HOOKER COUNTY LIST
(From a Staff Correspondent.)
LINCOLN, Dec. 10.—(Special.)—Deputy Secretary of State George Washington Marsh, who has charge of the job of checking up the lists of voters which come into the office of the secretary of state occasionally runs across some propositions, but today in checking up the list from Hooker county he struck the following notation:

"Thomas Quinn, Eclipse, Neb. First white man born in Hooker county. Born on the running gear of a wagon in the

month of March, thirty-eight miles from Mullen."

Mr. Marsh says that while there are some peculiar conditions in connection with the new law it is not necessary for a man to give his pedigree.

We Sold and Delivered 107 Pianos and Player PIANOS DURING NOVEMBER

The Co-operative Plan of Selling a Success
Last month of this great piano sale--- positively

VERILY—co-operation is power. We have seen and experienced its power. The success of this sale is the proof. For here we are announcing the close of this sale **this month**, when we had not expected to announce it for **considerably later**.

Do you know what this announcement means? It means that we have practically sold these three hundred pianos and one hundred player-pianos **in eleven weeks**.

For today—although this is the 10th—we are certain we shall not have enough instruments left to fill all orders throughout the entire month. That is—if customers pour in upon us **the balance of the month** as they did **last week**. And it is certain that they will.

For when dozens of persons read the heading of this ad and realize that it is **"now or never"**—they will swamp us with applications.

We know of enough persons, who have told us they would take a piano or a player-piano before the sale closed, to book orders for a number of instruments now remaining unsold.

Applications for pianos and player-pianos will be received up to close of business Dec. 31st, 1913

This has been decided upon: That we would supply the instruments we now have, out of the original number intended for the sale, **as long as they last**, then take orders until the close of business, Dec. 31st.

In this way—every one gets a square deal—the late comer, however, may have to wait a few days before having **his piano** delivered.

In this way, **also**—no one need miss this unparalleled opportunity. For we will make immediate deliveries as long as any instruments remain unsold—and as soon as the last one goes—we will then take your application and deliver your piano in the numerical order in which it was taken.

This, of course, is done subject to the **same conditions** that have made this sale the most talked-of event in piano circles for years—namely—that your make of piano has been personally selected by our Mr. W. M. Robinson, general manager of our Piano Dept.; that it will be inspected and passed upon by Prof. Jean Gilbert Jones upon its arrival, and then delivered to your home for a thirty days' trial, which, if unsatisfactory entitles you to **your money back**. **But come early, if possible, now.**

Our co-operative plan in a nutshell

- First. You get a piano which is worth and sells regularly at three hundred and fifty dollars, for two hundred and forty-eight dollars and seventy-five cents, saving you at the outset one hundred and one dollars and twenty-five cents.
- Second. When you finish paying for your piano, if bought in the usual way, you still owe from twenty-five to thirty-five dollars interest. Through this co-operative plan, when you have paid your two hundred and forty-eight dollars and seventy-five cents, you have finished paying. There are no further payments to be made, either on account of interest or for any other reason.
- Third. Instead of paying twenty to twenty-five dollars as a first payment and ten, twelve or fifteen dollars a month as you will in a regular way, during this co-operative sale you pay but five dollars to join in this associate movement and then but one dollar and twenty-five cents a week.
- Fourth. You get the strongest guarantee ever put on a piano: a joint guarantee signed by the manufacturers—Kohler & Campbell—and ourselves, giving you protection for five years that is as safe as a government bond.
- Fifth. You get the privilege of returning your piano at the end of a thirty days' trial and getting your money back.
- Sixth. Within one year from the day you get your piano, through this co-operative plan, you may exchange it for any reason whatsoever, without so much as a penny's loss.
- Seventh. All payments remaining unpaid are voluntarily cancelled in event of your death—thus leaving the piano free of encumbrance to your family.
- Eighth. You get through this co-operative plan an opportunity to earn cash dividends for each and every week's time the life of the co-operative agreement of one hundred and ninety-five weeks in short—ened. Through this privilege it is possible for you to earn cash dividends, amounting in all to twenty-nine dollars and twenty-five cents.
- Ninth. You are given opportunity to secure others to co-operate in this plan. This still further reduces the cost of your instrument.
