THE BOOK OF KNOWLEDGE OF THE CHILDREN'S ENCYCLOPEDIA is the most wonderful set of books of this generation ever published. My grandchildren find it a well-spring of entertainment and information. It is a complete library in itself for our young people.
M. E. Barlow, Pres. U. S. Nat'l Bank, Omaha, says: "I have recently purchased the 'Book of Knowledge' for my daughter, which I regard as the most complete, instructive and useful publication for children that has come to my notice. It is certainly very complete and desirable and I am very much pleased with the work."
Ira W. Porter, M. D., Med. Dept. W. O. W. says: "I purchased the 'Book of Knowledge' for my daughter, age 11, and I find that she has been able to get more out of her school studies by using it in conjunction with her school books than she has from any other book of reference within her reach."
Fredrick Lake, M. D., says: "I am glad to express my extreme satisfaction with the work."
Chas. A. Goss, Atty. says: "I purchased the 'Book of Knowledge' for my daughter, age ten, and I find she is greatly interested in it and voluntarily reads it more than anything in our home library. It is certainly the only work which has discovered how to make learning fascinating to growing minds. The first set bought by the Omaha Y. M. C. A. was literally worn out by the constant use of them by the several hundred boys in that department. A second set is now in use."

J. C. Root, Sovereign Commander, W. O. W. says: "I regard the 'Book of Knowledge' as the most comprehensive, instructive and amusing book for children ever published. My grandchildren find it a well-spring of entertainment and information. It is a complete library in itself for our young people."
J. W. Lampman, Pres. Mosher-Lampman Bus. Col. says: "We are delighted with the books and would not sell them for many times their cost. The universe is not too large nor the atom too small for these books to explain with all the wisdom of the modern science. The 'Story of the Earth,' the 'Child's Book of Wonder,' and many other single features are worth more than the cost of the entire set."

Xmas Piano Bargains
WORLD'S BEST MAKES
THE FAMOUS HENRY F. MILLER, STRICH & ZEIDLER, HOMER, LAFARGUE, grands, uprights and player pianos. WHY buy a cheap piano when you can own any of above strictly high grade instruments for less than you would pay for a cheap piano elsewhere? Terms if desired, HOW TO BUY IS TO BE YOUR OWN AGENT. Besides curtailing in many ways we employ no salaried agents, hence no large commissions of salaries to pay, thus eliminating practically all sales expense, which adds so greatly to cost of every piano sold in the ordinary way and which you can save by being your own agent. Come in and let us demonstrate what it means to you and that there is nothing short of absolute right in our business methods.
