Delicate Gowns Cannot be Given Too Much Attention and Should be Cleaned by Past Masters of the Art

You can put us to the most critical test, and regardless of how delicate your gown may be, it will be returned to you as bright and shimmering as the first day you wore it. The discriminating dressers of Omaha and vicinity recognize that the methods used by the Pantorium are modern in every respect and are the standard by which other such institutions are judged.

You Take No Risk: You Pay No Higher Prices, and Our Work Does Not End Until You Are Satisfied.

This means a great deal more to you than you at first realize. Suppose your gown was ruined by the cleaner; suppose your expensive dress was lost; suppose it was destroyed by fire while at the cleaners, who were not responsible for several valuable gowns? Omaha's largest and most reliable cleaning establishment is behind your gown if sent to us.

May Brings Graduation

—brings the time of year when another class of hopeful boys and girls face the world for the commencement of greater things.

—brings the time of year for parents and friends of that boy or girl to think of a suitable gift.

That gift should be personal and permanent—something that will give pleasure and satisfaction in the later and stormier years of life.

Could anything be better for such a gift than a fine watch or diamond ring? Could anything give more pleasure? That graduate will be as proud of it as of the diploma and wear it in remembrance of that day and its giver.

The prices for either watch or ring will range from \$10.00 upward. Many inexpensive gifts if you are looking for a simple remembrance.
