

ROBEL DENIES THE CHARGE

Hospital Manager Says He Was Sick and Not Working

REASON FOR NOT WRITING

Says that Hospital Was Not Asked or Expected the Relief Committee to Pay Any Bills of Toronado Sufferers.

Charles F. Robel, manager of the Omaha General hospital, has written The Bee in reference to the matter of charges made to patients who were victims of the toronado. Following is his letter:

The publication in The Bee of the 15th inst., under the heading, "Hospital Wants Full Pay," is unjust in the implications and inferences which are intended to be drawn from that article. The fact is, Mr. Crowl wrote to the hospital on April 23, stating that he had been handed a bill for \$2 from the hospital relating to charges made to one of the patients for room rent and operating fee, and again on May 7 he wrote a similar letter asking for information relating to that charge. I was quite busy at the date of the receipt of the first mentioned letter and on May 5 was taken sick and unable to give attention to the business of the hospital until the 10th of this month, when accounts for the fact that the letters of Mr. Crowl were not answered. The inferences which he drew from the failure to answer these letters as indicated by the statements of the article referred to are unjust in the extreme.

The Omaha General hospital admitted in all thirty-eight toronado sufferers and there are two of the patients still in the hospital. The value of the services rendered to May 15 was \$1,000.40. The donations received to apply on the above amounted in all to \$225. In addition there has been paid on the above account about \$22. After crediting all payments and those who have promised to pay, there will be an unpaid balance of \$753.10 over \$500 which will be the hospital's contribution.

OMAHA'S BRAVE SPIRIT GETS WIDE PUBLICITY

Omaha's indomitable spirit in rebuilding has been spread from ocean to ocean by the publicity bureau of the Commercial club, with cuts, that it has sent out of localities showing the wreckage after the toronado and the rehabilitation a few weeks later.

NEW MANAGER OF THE CREIGHTON GLEE CLUB.

CLEMENT MARTIN.

Clement Martin, sophomore at the Creighton medical college, has been elected manager of the Creighton university glee club for the ensuing year, and will assume his new duties at once. He succeeds Charles Hamilton, a senior at the arts college, who managed the club during the last year. Mr. Hamilton will leave for a year's tour of the world.

Mr. Martin is an Omaha boy, residing with his parents at 2811 Caldwell street, and is a brother to Paul Martin, dean of the Creighton law college. He graduated at the arts college with the degree of B. A. in 1911, and entered the medical department of Creighton last year. He has always been known as a diligent student and a booster for the interests of Creighton.

During his stay at the arts college he was secretary of the Oratorical association, its class, and the dramatic club. He was elected as a debater of more than ordinary ability, and was graduated with special honors in English.

Since leaving the arts college he spent one year with his father in the real estate business before entering medical college. During the last year he has acted as advertising manager of the Creighton Chronicle, the official monthly publication of the university, and has carried high marks in his classes. Charles Hamilton, the retiring manager, covered a hit by his unique presentation of the annual concert at the Boyd theater last winter, and was instrumental in making the season successful.

Creighton Changes Faculty in Dental and Law Colleges

Because of the rapidly increasing enrollment of the Creighton Dental and Law colleges, a number of changes will be made in the faculty. Several of the old instructors will resign and a larger number of new men will join the staffs. The Dental college enrollment for the last year was larger than at any time in the previous history of the school, and the advance enrollment for next year promises to break the record for this year.

Dr. Orel W. Hamilton, one of the popular instructors at the Dental college, who has been superintendent of the infirmary for the last two years, has resigned.

Part of the duties involved in the direction of the infirmary will devolve upon Dr. E. H. Bruening, who has been with the school for several years. Dr. Bruening will continue his regular duties on the staff in addition to his new duties in the infirmary.

Dr. F. J. Despecher and Dr. W. H. Sheridan are new additions to the staff. The former will teach dental medicine and therapeutics.

Several changes will be made in the faculty of the Law college. J. A. C. Kennedy, instructor in corporations, has resigned and will devote all his time to his private practice. Corporations will be taught by R. G. Young, already a member of the staff.

Anson H. Bigelow has been added to the staff. He is a graduate of the University of Nebraska and the Creighton Law college, and will teach real and personal property.
