## GRAIN, CATTLE AND THEIR PRODUCTS TO PAY THE SAME RATE

Senate Subcommittee in Charge of Agricultural Schedule Announces Its Policy.

### EQUAL TREATMENT IS PROMISED

Wheat and Flour, Animals and Meat on Same Basis.

### TARIFF HEARINGS CUT OFF

Senate Subcommittee Will Close Case Next Tuesday Evening.

### WILL RUSH WORK ON THE BILL

Full Committee Expects to Have It Ready for the Democratic Caucus by the Following Monday.

WASHINGTON, May 21.—Senator Williams, chairman of the finance subcommittee, considering the agricultural schedule, announced today that it had been decided to treat beef, cattle, sheep and hogs and their products, and wheat, flour, oats and oatmeal on an equal basis. If a duty is to be put on the raw material it will likewise be upon the products or vice versa. That the sub-committee had decided to put cattle, wheat, etc., on the free list with beef and flour, Senator Williams denied, declaring that it had not been determined on what basis all such articles would be treated, whether dutiable or undutiable.

Senator Owen, after a visit to the White House, announced that he expected to introduce a resolution to amend the senate rules to prevent dilatory debate and filibustering. Senator Owen insisted he did not propose a "closure" rule, which would arbitrarily close the channels of discussion at a fixed time, but that it was his intention to present a measure that would allow the majority to close debate when it believed it dilatory or being carried on merely for purposes of delay.

Senator Owen declared that he had not discussed his resolution with the president.

### Hearings Are Limited.

Democratic members of the finance committee decided today to hear no more manufacturers on the schedules of the Underwood bill after next Tuesday, and then begin actual work of revising the bill.

Chairman Simmons was authorized to make that announcement and he issued the following statement:

"The democratic members of the finance committee of the senate desire that all persons who wish to confer with the subcommittees with reference to the schedules referred to them should do so before the close of next Tuesday. After that the subcommittees will begin the work of actually framing the schedules."

Senator Simmons added that no individual members of the committee could spare any further time listening to manufacturers and that all who wish to be heard must apply to the various subcommittees. After next Tuesday the committee expects to complete the bill in four days or in time to report to the full committee the following Monday. Then the democratic caucus will be called. Chairman Simmons believes now that the bill will be ready for the senate June 7.

The cutting off of hearings will not stop the filing of briefs which will be received until the committee completes the bill.

In a letter addressed to a resident of the territory, who asked appointment to an important position, Secretary Lane defined his position in these words: "As you know, the position referred to by you is under the governor, with whom I will in no way interfere as to his appointments. The governor of Alaska should be an independent citizen not dictated to from Washington."

President Brennan arrived from Denver at 7 yesterday morning over the Burlington. At the station he was met by a delegation of twenty Eagles from the Omaha, South Omaha, Benson and Florence aeries and escorted to the Paxton, where breakfast was served. Then there was an automobile ride to Florence, the return trip being through the tornado zone. Following the ride a reception was held at the local aerie, where President Brennan met a large number of Eagles.

At 1 o'clock, Chief of Police Froom of Council Bluffs, the mayor, members of the city council and a number of the citizens came over the river, and when they returned they took President Brennan with them. ## Wickersham Says Syndicates Have Alaska by Throat

WASHINGTON, May 21.—Delegate Wickersham of Alaska, started the senate territories committee today by declaring that Senator Chamberlain, a member of the committee had inadvertently been the author of a bill in a previous congress which would have turned over to the "Guggenheims" absolute control of the harbor of Cordova and the entrance to Bering river coal fields.

"There was a little inoffensive looking bill introduced in congress, I believe you were the author of it, Senator Chamberlain," said Wickersham, "giving the right-of-way to the Guggenheims from Mile Twenty-five on the Copper river road to Three Tree point. You didn't know what that bill meant. It passed the senate, but when it reached the house I killed it. If it had passed it would have given the Guggenheims title in fee simple to all of Cordova harbor and they would have had a monopoly like that of Mr. Ryan on Controller bay."

Senator Chamberlain made no reply. Mr. Wickersham told the committee that the Morgan-Guggenheim syndicate had Alaska "by the throat" and that the legislation holding up Alaskan development "was helped by the big man and killed the little man."

Ryan challenged Wickersham's statement that the "Guggenheims" controlled the bay in which he is interested. "It's just my word against his, so I ask the committee for permission to call a New York banker here to substantiate my statement," said Ryan.

The committee will hold a session Friday to hear the banker, whose name was not given.

## GRAND JURY INDICTS FIVE CHICAGO "SEERS"

True Bills Returns Against Clairvoyants Charging Fortune-telling.

### CHARGE HIGH FIGURE

Charged from Small Amounts Up to One Thousand Dollars.

### PAID BY WOMEN CHIEFLY

"Futurists" Alleged to Have Acted in Collusion with the Police.

### PROBE FOR "CRIME TRUST"

Four of Defendants Previously Under Indictment for Same Offense—Only One as Yet Has Been Arrested.

CHICAGO, May 21.—Indictments against five clairvoyants, charged with obtaining, chiefly for women, sums ranging from small amounts up to \$1,000 for "revealing the future," were returned by the county grand jury today. "Prof." Mason, who according to charges, was one of a gang of fortune tellers that harvested fortunes in Chicago under alleged collusion with certain police officials, was the only new name mentioned in the indictments.

All others had been previously indicted. James Ryan, alias "Prof." Charles F. Crane, who was arrested in Wyoming, is the only one who has been apprehended.

Upon returning the bills, the jurors considered charges that the police personally through "shake down" men, collected men from the "crime trust," of which the clairvoyants are alleged to have been a part.

## O'Hara is Exonerated by Committee of the Illinois Senate

SPRINGFIELD, Ill., May 21.—Lieutenant Governor Barrett O'Hara was exonerated of charges of immorality by the special senate committee, which today reported its findings to the senate. Miss Maude Robinson of Springfield, who signed an affidavit, the substance of which was that under assumed names she and the lieutenant governor were registered in a Chicago hotel as man and wife, and Sam Davis of Springfield, at whose instance the affidavit was prepared, were charged by the investigating committee with attempting to obstruct the work of the Anti-Vice commission, of which Lieutenant Governor O'Hara is chairman.

Davis feared that he would be subjected to severe examination if called before the White Slave commission, the committee found, and caused the affidavit to be prepared to deter the lieutenant governor and the other commissioners from "closely questioning him."

The committee reported that O'Hara was innocent of all the charges instituted against him.

## Eloping Couple From Paris to Go Back on Same Boat

NEW YORK, May 21.—Carlos Dominguez, a young Mexican, and Lucienne Leprince, his 17-year-old Parisian sweetheart, must go back to France, whence they eloped. They cannot land here and they cannot go to Mexico City as they planned. This was the decision of a special board of inquiry at Ellis Island this afternoon. The pair arrived here yesterday on the Kaiser Wilhelm II.

The girl pleaded tearfully today that they be allowed to marry and come ashore, but the immigration authorities said no. Both will be detained at Ellis Island, pending the departure of the Kaiser Wilhelm II on Tuesday next.

Carlos Dominguez, an attaché of the Mexican consulate at Paris during the Diaz administration, and a pretty young woman companion, who were detained in their state room when the steamship Kaiser Wilhelm II docked late yesterday. They were on the ship's manifest as man and wife, but on the strength of a cablegram from Paris saying that the young woman was the daughter of a Parisian banker and had eloped, they were not permitted to land.

## HOUSE MOVING DIMINISHING

Falls City Firm Leaving Because Work is Getting Scarce.

### NEARLY TWO HUNDRED HELPED

Reconstruction Committee Has So Far Handled That Many Cases, While 200 More Are Now Being Taken Care Of.

The Sperry house moving concern of Falls City, which moved into Omaha to help in the house moving made necessary by the Easter tornado, has now gone back to Falls City, leaving the Kansas City firm and the local firm to do the rest of the moving necessary. For a while there was all the moving the three firms could do, but as time goes on there is less and less of it. The work has gone on rapidly, not only in moving houses, but in completing the reconstruction work when the houses were moved into place.

To date 192 cases have been closed by the reconstruction committee. That is, the work has all been done and the houses are now in good shape. Something over 200 more are at present in process of reconstruction under the direction of the reconstruction committee. Other cases are still to be considered by the committee.

### Makes Good Showing.

The restoration committee is also making a good showing. To date \$26,000 has been loaned out of the restoration fund. This has been absorbed by seventy separate cases. There are as many more cases before the committee at present, but many of those have indicated that they would be able to wait until the \$25,000 bonds are voted by the county to get their loans. They have so established themselves that they can wait for this as the election is to take place in July.

A. F. Rasmussen, who has had entire charge of the restoration in the absence of John W. Towle, will leave the desk June 1. He says he absolutely must get back to his business at that time. Mr. Towle will probably place some one else in charge then, so that the reconstruction work will be by no means closed within that length of time.

## San Francisco Police Are Vindicated

SAN FRANCISCO, Cal., May 21.—San Francisco's police scandal which has been engaging the attention of the city authorities for several weeks, came to an abrupt end last night when the grand jury completed its examination by voting a resolution of confidence in the personnel of the department, the police commissioners, Chief White and Captain of Detectives Mooney.

It had been charged that a large part of the police force had been protecting a bunco game, and recently eight officers had been indicted for conspiracy in that connection. They are to appear for trial next Monday.

At the grand jury hearing yesterday Chief White attacked District Attorney Fickel for causing a needless investigation.

## MEETS NEXT IN KANSAS CITY

Southern Presbyterians' Assembly Goes There Next Year.

### PLEA MADE BY JUDGE WALLACE

He Says City is One of Most Immoral in Country and Needs Good Influence of Assembly.

ATLANTA, Ga., May 21.—Kansas City today was selected as the meeting place of the 1914 general assembly of the Southern Presbyterian church by the commissioners attending the 1913 assembly here.

In advocating the selection of Kansas City as the 1914 meeting place of the Southern Presbyterian assembly, former Judge W. H. Wallace declared the city is one of the most immoral in the country and that it needs the realization of what was happening in religious circles. Other places in the central contest for the next assembly were Waco, Tex., Newport News, and Rock Hill, S. C.

Today's session of the Northern Presbyterian assembly largely was devoted to the adoption of routine committee reports. Vigorous opposition was voiced, however, to a resolution recommending that pastors should make an appeal for the immediate acceptance of Christ as the sinner's personal savior.

The opposition to the resolution declaring the evangelistic note must be placed on the pastor's lips by the holy spirit and not by the resolution of the general assembly, was adopted by a close vote.

## White Girl Becomes Wife of a Japanese

## Mexico Will Float Hundred Million Loan in France

MEXICO CITY, May 21.—The Mexican congress early today gave its sanction to an agreement for a loan of \$100,000,000 at 6 per cent interest. The amount is guaranteed by 25 per cent of the customs receipts. The Mexican National bank is named as the representative of the bankers in the supervision of disbursements.

The debate on the loan was a long one, lasting until midnight. The minister of finance was charged with failure to take better offers which had been made. He replied that provisional President Huerta and the other members of the Mexican cabinet had urged on him the immediate acceptance of this loan, as the other offers received necessitated more delay.

It is still necessary for congress to discuss and vote upon the four articles of the financial measure, but its approval of the general terms of the bill makes it very certain that it will also approve the details.

The loan has been placed with French bankers, but it is certain that British interests are participating. The names of the bankers have not been announced.

## Chinese Loan is Oversubscribed

LONDON, May 21.—So great was the rush of the public to secure a portion of the new Chinese loan which was opened for subscription today that the issuing banks closed their lists at 11 o'clock this morning. It was then announced that the loan had been largely oversubscribed. It was quoted at 1 per cent premium by sellers.

### CAUSES TO BE LOOKED INTO

### OPPOSITION STILL ACTIVE

Members of Upper Body Interested in Movement Hope to Secure Action Before End of Present Session.

WASHINGTON, May 21.—Federal investigation of the strike of coal miners in the Paint Creek region in West Virginia practically was assured today when the senate education and labor committee agreed to report tomorrow with amendments to senator Kern's resolution authorizing an inquiry. The resolution redrafted by a subcommittee with the understanding that it be laid before the senate with the inkblot of the other members would allow a thorough and complete inquiry into conditions in the Paint Creek region, preceding, during and after the strike.

The committee would be authorized to conduct hearings as a whole or by subcommittee either in Washington or West Virginia and to subpoena any witness it desires.

Probe Wide in Scope. It would investigate questions of alleged peonage; interference with the mails; violation of the immigration laws; violation of the laws for trial of accused persons; violation of the Sherman act by the coal operators and the causes that led up to the conditions existing in Paint Creek.

Although an amendment, proposed by senator Works for the investigation of ventilation, sanitation, wages, condition of labor, and other subjects was adopted, the scope of the resolution is so broad that the committee can ask about practically anything concerning the miners, operators or mine.
