Rheumatic Blood is Whole Story

You Will Feel Like an Acrobat After Using S. S. S.

There is a host of pills, powders, tablets and what-not for rheumatism, but they all lack the first essential to but they all lack the first essential to being a natural medicine. To begin with, rheumatism is simply a name given to designate a variety of pains, and can only be reached by irri-gating the entire blood supply with a naturally assimilative antidote. True, the pains may be eased with nar-colics or the acids may be neutralized for the time being. But such methods merely temporise and do not even lead to a cure. There is but one standard to a cure. There is but one standard rheumatism remedy, and is sold in all drug stores under the name of S. S. It contains only pure vegetable elements and is absolutely free of mercury, lodide of potash or sraenic, and has proved a wonder for every form

of rheumatism. The recoveries of all types of rhsu-matism by the use of S. S. S. is a fine tribute to the natural efficacy of this remarkable medicine, for it is assimilated just as naturally, just as specifi-cally, and just as well ordained as the most acceptable, most palatable and most readily digested food. Do not fall to get a bottle of S. S. S. to-day. fou will be astonished at the results. Teams Holding Well.

Trip, While Giants Have Not Recovered Form-Cobb Holds Up Detroit.

NEW YORK, May 26 -Quakertown fans have a right to be proud of the class of base ball being played by the Philadelphia teams in the two major league aggregations. The Philadelphia teams were: maintained the top of the percentage column last week without difficulty.

men are hitting well, and making the hits ORDER OF B'RITH ABRAHAM In the National league, Charlie Dooin's count. They made more runs, fewer errors and had fewer men ter, on bases than any of their rivals. Dooin is a master of faside ball and the red-headed manager has imbued his men with some of the spirit that has made him a pest to opposing clubs and umpires. Philadelphia has "thrown a scare" into

National league circles in other years, but Dooin's team this year has given no evidence of the "brittleness" which presaged a well-greased slide on the percentage toboggan in other seasons. Many fans believe that last week's

games inaugurated the break in the

Brooklyn machine for which managers, players and patrons have been waiting. Bill Dahlen's men managed to retain second place, but more through an early lead than by reason of this week's play The reason for the Brookyn alump is not hard to find. They made but five runs from a total of thirty-three hits last week. St. Louis is in third place. The reason is evident from a glance at the batting averages which show Miller Huggins hitting at terrific pace. Konetchy is

Cubs Disappoint Fans.

Chicago's disastrous eastern trip has ended and the Cub fans hope to see Evers put the Chicago machine in running order on the home grounds. The ub pitchers have made a disappointing showing and internal dissentions in the team are keeping Evers awake nights. There has been evident friction between Evers and Zimmerman, the Chicago batsa game last week from which Evers had refused to release him and angry words passed so openly that none could fall to mark the trouble. President Murphy insured wide publicity to the dissention by ordering his players to avoid all communication with newspapermen.

Pittsburgh's showing last week was most encouraging to Manager Clark and there is a feeling that Honus Wagner and his teammates yet may make a bid for the pennant, to win which they were selected by excellent authorities before the season opened.

Giants Not at Par. The New York team made no improve-

ment last week. While Mathewson apparently is due for a splendid season, the other pitchers are doing most unsatisfactory work. Marquard plainly is out of form and Tesreau has not struck his last season's pace. McGraw secured Fromme from Cincinnati to bolster his Totals..... 18 5 27 15 1 pitching staff. This trade undoubtedly will be of immense benefit to Tinker. For Fromme he secured Josh Devore, a splendid outfielder and weak at the bat only against left handed heavers; Groh,

an infielder, sorely needed to take Egan's place, and "Red" Ames, a seasoned pitcher whose only fault is inability to work oftener than once a week. Tinker is one manager whose playing has not suffered through managerial cares. He is hitting well above .325 and is fielding life wildfire. While he has found it hard work to jolt the Reds from the rut in which they have fallen, his efforts are having effect.

Connie Mack's Athletics clung to the top of the American league column, but did not keep up the early season pace. Undoubtedly the most impressive showing of the week was made by Cleveland. In spite of injuries which kept Birmingham and Lajole out of the lineup, the Naps administered a thorough drubbing to Washington, their nearest rival, breaking Walter Johnson's winning streak. The failure of accidents to stop the Nape speaks wonders for what Birmingham has done for that team.

Chicago had a fair week, the switches in the White Sox lineup apparently being most effective. Ping Bodie, who has warmed the bench for weeks, was placed in center field and apparently has reroke even on the week, is missing Jake Stahl sorely and the boxmen of the world's champions have not responded with the spurt which the team needs.

The wonderful Georgian, Cobb, is carrying the entire Detroit team. Cobb is hitting at a .500 clip and his base running has made the American league catchers look like amateurs. The lifting of George Stovall's suspension and his return to active direction of the St. Louis team was halled with pleasure by most of the fans. Spalding Defeats Primrose.
