When the members of the Carter Lake club, formerly the Rod and Gun club, entered the grounds Friday, when the formal opening was held, they were struck with amazement over the change which had been wrought in the place during the last year. For the first time the club took formal possession of the new grounds, which were purchased from the Creighton estate for \$50,000.

is a general lounging room, with a huge fireplace in one corner. Appropriately decorated. A first class buffet for the use of the members only is situated in a secure corner of the first floor.

They range from small one-room affairs to \$2,500 bungalows of six rooms. A sewerage system is now being installed and electricity and gas is already on the grounds.

SENIORS IN CLASS PLAY

Omaha High School Presents "She Stoops to Conquer" at Boyd.

REAL TALENT IS DISPLAYED

Students Handle Goldsmith's Comedy in Way that Brings Them Out Above Average in Amateur Theatricals.

With histrionic talents seldom displayed in amateur theatricals, members of the senior class of the Omaha High school presented "She Stoops to Conquer" at the Boyd theater last night. Admiring parents, brothers, sisters and friends of those who took part, alumni and friends and students of the school literally filled the playhouse.

The players acquitted themselves wonderfully. What especially was noticeable was their interest in their own lines. They seemed really to enjoy the humorous situations of the play and the laughter which usually sounds forced in amateur performances in this had a ring of real fun.

PEACE AT LAST IN BALKANS

Delegates of Turkey and the Allies Sign "Treaty of London."

CEREMONIES ARE VERY BRIEF

Montenegrin Representative Sounds Discordant Note, Country "Despoiled" of Just Share of Loot.

LONDON, May 31.—The eight months' war between Turkey and the allied Balkan states is ended. The "Peace of London" was signed yesterday in the gallery of St. James palace.

The only dramatic feature of the historic occasion was M. Popovitch's expression of keen disappointment that Montenegro had "been despoiled of its just share of the spoils of a triumphant war" and of the hope that "England, which took the lead in the spoilation," would take every step to compensate Montenegro for its sacrifice.

The actual ceremony was very brief. The delegates signed the treaty without reading it, evidently in full confidence that all the seven articles were in such wording as the powers chose to have them.

The Bulgarian delegates proposed that peace become immediately effective without ratification of the treaty. This proposal was rejected and the delegates then left after having agreed to meet June 1 to consider the advisability of an eventual annexed protocol.

After informing the ambassadorial conference of the signing of the peace draft, Sir Edward Grey suggested that the conference limit its discussions to three questions: A constitution for Albania, the delimitation of the southern frontier of Albania and the status of the Aegean islands.

The relations between the Balkan allies show a distinct improvement. The proposed meeting between the Bulgarian and Servian ministers is now definitely fixed to take place on the frontier tomorrow evening. The latest suggestion for a settlement of the quarrel between the two countries is that Servia and Bulgaria renounce the old treaties and conclude a new alliance providing for a joint administration of Macedonia.

PROSECUTOR HAS HIS POCKET PICKED IN THE POLICE COURT

Fred Anheuser, city prosecutor, a few minutes before the hearing of William Kelley, pickpocket, who was arrested Friday evening by Detectives McDonald and Rich near his boarding place, 1613 Burr street, placed in his hip pocket a black bill book which contained \$15 in bills.

CREIGHTON IMPROVEMENT CLUB ON PUBLIC QUESTIONS

At the regular weekly meeting of the Creighton First Addition Improvement club the election of officers resulted as follows: W. I. Hoopes, president; W. H. Hattroth, secretary, and W. J. Peterson, treasurer.

Reports of the various committees were heard on matters of particular interest to the residents of the southwestern part of the city.

The proposition of seven street car fares for a quarter was discussed, and while no definite action was taken, sentiment seemed to favor better service and extension into districts not now served, rather than a reduction of fares.

Telephone rates were discussed and the sentiment was that Omaha is suffering under the burden of high rates. The discussion resulted in a special committee being appointed to investigate rates prevailing in other cities of Omaha's class.

WOULD BURN ROYAL ACADEMY

Militants Suspected of Attempt to Destroy Famed Building.

LIGHTED TAPERS DISCOVERED

Flames Near Box of Saturated Rags and Cotton—Mrs. Pankhurst Starves Her Way Out of Prison.

LONDON, May 31.—An attempt was made tonight to set fire to the Royal Academy. Although the usual "votes for women" placards were not found, the police suspect that militant suffragettes were responsible for the attempt to destroy the building, in which are housed some of the world's greatest works of art.

Shortly after the exhibition closed for the night a watchman discovered in a small room on the ground floor a cardboard box filled with rags and cotton saturated with oil. A number of wax tapers were bound about the box. Four of these were burning when the watchman found the box, which had been so placed that the flames from it easily would have communicated with the walls.

Set Fire to Letters. The suffragettes resumed their campaign of destruction tonight in the Lewis-Ham branch postoffice, which they had attacked several times previously. They set fire to the letters in the building and the flames were only extinguished after a number of pieces of mail had been burned.

Bottles containing corrosive mixtures and addressed to Reginald McKenna, home secretary, were found today in a mail box. Telegraph wires were cut today in various places in Wales. Suffragette literature was found scattered near the scenes of these depredations.

Automobile drivers and motorists of the Dicester district complained today that trucks which punctured their tires were scattered over the highway.

Mrs. Emmeline Pankhurst, the militant suffragette leader, was again released from Holloway jail this evening. She was removed in a motor ambulance to a friend's house. Mrs. Pankhurst started a "hunger strike" as soon as she was reincarcerated on May 28 after enjoying a temporary release on account of her "hunger strike" a month ago.

RAILROADS PREPARE FOR HEAVY SUMMER TRAVEL

With summer tourist rates becoming effective June 1, railroad men are anticipating a wonderful increase in passenger traffic right from the start. And, too, the business west is expected to be heavier than in a number of years past. It is possible that the travel to Colorado may not be so heavy as several years ago, but there are numerous inquiries about resorts there.

TO ENFORCE THE SMOKE LAW

Wolfe Says He Will File Complaints Beginning Monday. MANY TAKE THE LAW AS A JOKE. Some strenuously protest against the enforcement of the Anti-Smoke Ordinance—Arrests to Follow Complaints.

R. U. Wolfe, city smoke inspector, says there are several business men who think the attempt to suppress the smoke nuisance is a joke and have persistently refused to provide means for abating the evil.

"There have been several who have strenuously protested against the enforcement of the anti-smoke ordinance," said Wolfe, "but I must say that most of the big offenders have willingly arranged to obey the ordinance."
