**Vacation Sale "Nemo" Corsets**  
Some are under the impression that Nemo corsets are too heavy for the hot weather, but we are featuring two models in our corset department, 2d floor that are made of the new steel-tex batiste, light weight and very durable. By wearing the right model you can mould your figure into supple, graceful lines of youthfulness that the new fashions sternly decree. You can do it without the unnecessarily expensive made-to-measure corsets.

Model 226 is especially adapted for stout figures, low top and extremely long over hips and back, with elastic gore at bottom of back, which insures a snug fit when standing and gives perfect ease to the wearer when sitting. Sizes 20 to 38, at \$3

Model 212 Does not have the self-reducing strap in front, but has wearing qualities. Made of Steel-tex Batiste with low bust, long straight lines over the hip, two sets of elasticators attached. at \$2

Women having only a limited time for fitting can arrange appointments by phone.

**Here is Fashion's Latest Wash Dress Fabric—Pamilla Cotton**  
The finest printed cotton dress fabric produced in America. Similar in weave, finish, feel, designs, appearance and colorings to the more expensive imported French cambrie. But Pamilla cotton comes four inches wider and in a much larger range of colorings. It is both sun and tub proof, and is guaranteed by the Pacific Mills (the largest makers of printed and dyed cotton dress goods in America) and by the words "Pamilla Cotton" on the selvage of every yard to be the finest weave, the most advanced cotton fabric of America's greatest looms.

Pamilla Cotton Serves for Scores of Useful Garments. For making women's, misses' and children's dresses for street, house, school, college, outing, dancing and parties; shirt waists, rompers, blouses, men's and women's pajamas, night shirts and other lingerie wear. We are now showing Pamilla Cotton in a choice assortment of patterns for spring and summer, and invite critical inspection. Samples submitted; mail orders filled.
