CHAMPIONS DEFEAT THE SOX

Raise American League Pennant and Then Win Game.

THREE

Trin Speaker Hits Safely Times-Has Made One at Least in Twenty-Two Consecutive Contests.

BOSTON, June 3.-Boston raised the American league championship pennant with appropriate ceremonies today. Afterward they captured from Chicago the first game here of the series with the western clubs, and made what Manager Stahl expects to be the beginning of a climb leading to another pennant. The score was 3 to 2. Tris Speaker, who hit safely three three today, now has made at least one hat in each of twenty-two consecutive games, the total being thirtyfour. Two of his three hits figured in Boston's run getting today.

Boston bunched hits off Russell for single tallies in each of three innings, while Chicago's tallies were scored in the fifth on a triple by Fournier and doubles by Weaver and Schalk.

Hal Chase had not reported to Manager Callahan of Chicago up to this even-

Athletics Defeat Tigers. PHILADELPHIA, June 3.—Bases on balls off Dauss, five errors and five hits in the closing inning gave Philadelphia

a victory over Detroit today, 7 to 3. The visitors made their few hits count heavily and led by 3 to 0 when the home team went to bat in the sixth session. Then Dauss, who previously had yielden only one hit and no passes, have two tases on balls. These were followed by Murphy's snerified, an error by Stanage while trying to catch a runner and Collins' home run, tleing the score.

In the next two innings Philadelphia rolled up four more runs by mixing four hits with four errors and a pass. Collins, who was robbed of two nits by star plays by Vitt and Cobb, made a home run and a triple in his last two times at bat. Score:

Naps Have Easy Victory.

NEW YORK, June 2.—Cleveland easily wen the first game with New York, 8 to 2 today. Keating pitched fairly well for New York, but ragged support given him proved a big handicap. The game was Falkenberg's ten straight victory. He retired in the sixth to let Lajole but for him, but Cleveland was ahead when Steen, his successor, went in to pitch. Sweeney and Wolter were "boned" from the stands for their boor work.

Borton and Zeider, the players piccured in the Chase deal, made a good impression. A great running catch by Grandy on Zeider's drive was the fielding feature. Score:

CLEVELAND. NEW YORK. Naps Have Easy Victory.

Correct Lubrication

The power of your automobile is simply the sum of your motor-efficiency plus your fuel-efficiency plus the efficiency of your lubricant.

Today most automobile motors are well designed. You are offered little choice in gasoline. But lubricating oils differ widely both in quality and in "body."

Despite this, motorists often select their lubricating oil with an indifference that is little short of reckless.

The penalty is paid in a multiplicity of motor troubles.

Only oil of the highest lubricating quality can properly protect the moving parts.

Only oil whose "body" or thickness, is suited to your feed system can properly feed to the friction points.

Only oil that combines these qualities can give your car:-

(1) The greatest horse-power efficiency.

(2) The smoothest operation.

(3) The fewest repair troubles.

(4) The lowest operating cost.

(5) The longest life. (6) The greatest second-hand value.

We have undertaken this serious problem with the thoroughness that has established our standing in the general lubricating

Each year we make a careful motor-analysis of each of the season's models. Based on these analyses and on practical experience, we specify, in a lubricating chart (printed in part on the right), the grade of Gargoyle Mobiloil that is most efficient for each make of car.

If you are not interested in correct "body," there still remains the best of reasons for using Gargoyle Mobiloils.

In sheer lubricating quality they stand alone.

But you will make a serious mistake if you do not note down, from the chart, the grade whose "body" is best suited to your motor.

The various grades, refined and filtered to remove free carbon, are: Gargoyle Mobiloil "A," Gargoyle Mobiloil "B," Gargoyle Mobiloil "D," Gargoyle Mobiloil "E," Gargoyle Mobiloil "Arctic."

They are put up in 1 and 5 gallon sealed cans, in half-barrels and barrels. They are sold throughout the world. All are branded with the Gargoyle, which is our mark of manufacture.

The dealers listed below carry ample stocks of Gargoyle Mobiloils and are provided with our complete chart of recommendations. This will enable them to select the correct grade for your car.
