## Daily Fashions

**THE** Keogh-Rogers bridal party had an exciting afternoon trying to find out which train the bride and groom were to take for the east. Five o'clock found the entire wedding party at the station, elaborately dressed, as they had just come from the wedding breakfast, but the bride and groom could not be found. Mr. and Mrs. George Myers of Dubuque, who were out-of-town guests at the wedding, were to take the 5 o'clock train, so the wedding party circled around them and showered them with rose leaves, and the crowd at the station joined in the merriment by trying to get a glimpse of the bride and groom. Conductors and porters were duly warned to take care of the couple.

Of course, everyone kissed the bride and the bridesmaids and matrons took turns in taking the bride's place. The wedding party then took a motor trip to one of the clubs until the next train at 6 o'clock, when they returned and found the bride and groom at the station, but they had spent their rose leaves and much of their enthusiasm, so the real bride and groom did not get as ostentatious a start as the wedding party had planned, to the relief of both Mr. Keogh and his bride.

The party included Mr. and Mrs. Louis Nash, Mr. and Mrs. E. T. Swobe, Mr. and Mrs. E. S. Westbrook, Mr. and Mrs. Edward Creighton, Mr. and Mrs. C. Y. Smith, Miss Elizabeth Congdon, Miss Claire Helene Woodard, Miss Marie Woodard, Paul Gallagher and Ben Gallagher.

## How I Darkened My Gray Hair.

Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair.

For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gives wonderful results. I gave the recipe which is as follows to a number of my friends and they are all delighted with it. To 7 oz. of water add a small box of Barbo Compound, 1 oz. of bay rum and 1/2 oz. of glycerine. Use every other day until the hair becomes the required shade, then every two weeks. It will not only darken the gray hair, but removes dandruff and scalp humors, and acts as a tonic to the hair. It is not sticky or greasy, does not rub off and does not color the scalp. You can prepare it at home at very little expense.

## Stops Falling Hair

Hall's Hair Renewer certainly stops falling hair. No doubt about it what ever. You will surely be satisfied.

### WANT THE PEOPLE TO VOTE

Real Estate Men Favor This Before Auditorium is Bought.

### OBJECT TO SHAMP'S NEW LAW

Say They Can See No Sense in Compelling the Small Plots to Have Licensed Firemen in Charge.

Members of the Real Estate exchange have gone on record as vigorously opposing the purchase of the Auditorium by the city council without first submitting the proposition to a vote of the people. W. H. Green led the opposition and moved that the exchange notify the council of the position it had taken. The motion carried.

The exchange also went on record in opposition to the ordinance presented to the city council by C. L. Shamp, labor leader and member of the charter convention. The ordinance provides for the licensing of firemen, regardless of whether or not they work under licensed engineers. The principal objection of the exchange was that the ordinance does not exclude building once used for private dwellings, but now run as boarding houses or used as flats.

L. D. Spalding said: "There is no sense in the proposition of having men who operate small steam boilers take out licenses."

"I think it is a bad ordinance," said Byron Hastings, president of the exchange. He suggested that a vote be taken and that the city commission be notified of the result.

C. G. Garbers declared there was absolutely "no call for such an ordinance," but C. C. Wilson said he could see no objection to licensing the men who manage the boilers in the bigger buildings.

The motion opposing the ordinance carried unanimously. The public service committee will inform the council and will stand by to fight the ordinance if Shamp pushes it.

C. F. Herstein, member of the executive committee of the National Real Estate exchange, reported on the meeting held in Cincinnati recently. He said he did his best to put Omaha on the map and was confident he succeeded.

Chairman Hiatt of the local committee which is arranging for a large delegation to the national meeting in Winnipeg in July said there would be a great gang of representatives from here. Some whom he had approached refused to go. The delegation will leave July 24.

### What of Commoner?

Talk of Succession to Editorial Chair

"What will become of the Commoner with Mr. Bryan and Mr. Metcalfe both gone" is a question that has been asked back and forth among the visiting editors. One suggestion was that Will Maupin would be called back to take editorial charge.

"No," said Maupin. "I've quit the Commoner, and quit it for good."

Another story was that the Commoner would soon appear with the name of Harvey Newbranch at the flagstaff.

"Not guilty," said Newbranch, with a quizzical smile, "not that I have yet heard."

Others connected with the names of Edgar Howard of the Columbus Telegram and J. W. Cutright of the Lincoln Star as possible editorial successors to Bryan and Metcalfe.

"One of two things will happen to the Commoner," declared a pencil pusher familiar with conditions at Lincoln. "Either the paper will be discontinued altogether as it was planned to do when it was supposed Bryan might be elected president four years ago, or it will pass over completely to 'Brother Charley' Bryan. Brother Charley has been acting for a long time to run it all by himself, and I am sure, is happiest of all in having Metcalfe deported."

### Union Pacific Adds Another Train to West from Omaha

Effective next Sunday the Union Pacific will rearrange its train service so that people going west will have the choice of two trains in the afternoon instead of one as now. Formerly the Colorado express and the California mail have gone out as one train at 3:30 in the afternoon, splitting at North Platte and leaving two trains from there, one going to Denver and the other to the coast.

Under the new arrangements the Colorado express will leave Omaha at 4:30 and the California mail at 4:30 in the afternoon. By reason of the double tracking having been completed to Julesburg considerable time will be cut from the running schedule.

Coming east, No. 2, the Overland Limited, will cut off two hours between San Francisco and Chicago. It will reach Chicago the same as now, but will leave San Francisco two hours later. One hour of time will be cut off west and one hour east of Omaha.

While the rains were not heavy Tuesday afternoon and night, they were pretty general over the most of Nebraska, say the railroad men. The heaviest rainfall was out along the Union Pacific, being from one-half to an inch from Central City out as far as Lexington, with about the same precipitation over the branches to the north and south.

All through the sand hills in the northern part of the state, there was a drizzling rain during the night, aggregating one-half inch or more.
