If the Auditorium is purchased the committee will recommend that its use to the public be absolutely free. The other employees had not demanded an advance, but struck in sympathy with the common laborers. The laborers at South Omaha had about decided to go out on a strike, but it is hardly probable that they will do so now.

How to Make CALUMET Biscuit

To see how delightful baking can be, get a can of Calumet Baking Powder—and try this delicious recipe:

Calumet Biscuit. 1 heaping teaspoonful Calumet Baking Powder, 1 level teaspoon of salt, 2 rounded tablespoons butter or lard, 1 cup of milk.

Sift flour once, then measure, add salt and baking powder and sift three times, rub shortening in with fork or spoon, add milk and water, turn out on a well floured board and roll one inch thick, cut and bake in a quick oven about twelve to fifteen minutes.

And then when they come piping hot from the oven, light and fluffy and wholesome—butter and taste.

That's the Calumet test—always. Everything baked with Calumet must be as good—or a little better—than bakings made with other brands.

Calumet is moderate in price—economical in use. Your grocer knows—ask him.
