BOARD VISITS INTERURBANS

State Equalization Body Inspects Lines Near Omaha.

MAY CHANGE THEIR VALUES

Secretary of State, While in Omaha, Looks into Loan Shark Business, with View of Enforcing Law Soon to Go Into Effect.

(From a Staff Correspondent.) LINCOLN, June 7.—(Special.)—Several members of the State Board of Equalization and Assessment with Secretary Seymour of the board have inspected the interurban lines of the Omaha & Southern and the Nebraska Traction & Power company. Members of the board seem to think that there should be a readjustment of the values placed on the two roads and that the Omaha & Southern should be raised and the Nebraska Traction & Power lowered. The latter road, under the present valuation placed upon the two properties is much higher than the former which is a double track road for two or three miles with an exceeding good ballast, while the latter is far from being up to the standard. The matter will probably be adjudicated at the next meeting of the board and the valuation more equitably fixed.

While in Omaha with the board Secretary of State Wait took time to look up matters pertaining to the "loan shark" law, which will soon go into effect, and which will devolve upon the secretary's office to see that the law is carried out as far as licensing those engaging in the business. The law provides that any person or firm engaging in the loaning business under the provisions of the act shall pay a license to the state and their books shall at all times be under inspection of the secretary of state. The fee for a license is \$100 a year and the interest cannot exceed 1 per cent per month. He discovered that there were at least sixteen firms in Omaha engaged in this kind of loan business and six in South Omaha.

"THE GENUINE, DUFFY'S, A BLESSING"

Miss Margaret Stroud, 67 years old, refused to be fooled by substitute. She knew the value of Duffy's from personal experience as well as having it highly recommended by her family physician.

"A short time ago I went into a store and asked for Duffy's Pure Malt Whiskey. The clerk did his utmost to sell me another white key which he represented was better or at least 'just as good' as Duffy's. I became very angry for I knew his reason for trying to sell me a substitute for an article that was so well known and popular, and used and recommended by physicians and hospitals all over the world.
