MISSION OUTLOOK FAVORABLE

Plans for the Summer School to Be Held in Omaha Promise Much.

MANY NOTED VISITORS COMING

Will Address the Assemblies Upon Various Topics of Interest to Teachers and Others Who Attend.

At a business meeting of the executive and program committee in charge of the third annual summer school of missions held Thursday afternoon at the Young Women's Christian association, chairman of various committees reported the outlook most favorable. Mrs. George Tilden, general chairman, reported a conference with Dr. and Mrs. Charles Edwin Bradt last week as they were passing through the city, on route to speak at the Minnesota School of Missions. Sunday evening, June 23, as an extension of the Omaha session, Dr. Bradt will give a stereopticon lecture on "The Chinese Puzzle, and How to Solve It," at the First Presbyterian church in South Omaha. Monday night, June 24, at the University of Omaha, Dr. Bradt will speak again, using illustrations, his topic will be "Japan, the Empire of Energy and Elegance." Mrs. W. N. Halsey, general secretary of the summer school, reported that Rev. Dr. Robert J. Patterson, a noted Irish orator, has been secured to speak, his theme being, "Catch-My-Pal, or Good Samaritanism in Temperance." Dr. Patterson is the famous founder of "Catch-My-Pal," the great temperance organization which has transformed tens of thousands in the last two or three years. This is his first visit to America. Planning for Future. Mrs. W. E. Bingham, chairman of the literature committee, reported an unusually bright outlook in her department. The large front room of Redick hall will be transformed into a model missionary library. All the latest study books and literature will be on display. Interesting charts, maps and banners will be displayed, and a large assortment of missionary literature of all denominations will be offered for sale. In connection with the literature department an interesting drama will be given, the portrayal of Chinese life, a slave girl and a school girl. Mrs. Charles Edwin Bradt, recently returned from a journey around the world, will be supervisor of the literature, and will assist in the Chinese drama. Mrs. C. F. Clark, chairman of the ticket committee, reported encouraging prospects, there being a strong demand for tickets in advance of the opening session on June 22. Inquiries are coming to local workers from adjoining states. Visitors are expected from Iowa and Kansas, perhaps from Colorado and South Dakota, to take advantage of the program arranged by the local women. The entire session offers greater attractions than in former years. Mrs. Jay Burns, chairman of children's work, has gathered about her workers who possess great charm for the children. Apart from the classes, games and story telling sessions for children, it is the plan that a trained nurse or some capable person shall be engaged to look after the smaller children, while mothers avail themselves of the lectures and study classes. Mrs. O. S. Chittenden, supervisor of

kindergartens in Omaha, will have charge of children under 10 years of age. Older girls will be in charge of Miss Lillian Dowler, physical director of the Young Women's Christian association. Mrs. Edward P. Costigan of Denver will bring added strength and success to her sessions with the children. Mrs. Costigan is now president of the Denver Woman's club, and during her visit to Omaha she will receive many courtesies from members of the Omaha Woman's club. Mrs. F. W. Foster, chairman of the social settlement committee, reports that plans are made for a complimentary supper for the teachers and their assistants on Saturday evening, June 23. Mrs. E. G. Jones, treasurer of the summer school, was present at the Thursday meeting and expressed her belief that the third annual session of the missionary work will hold its own financially because of marked interest throughout the city and a demand for good tickets. To Have Good Music. Well known local musicians will add much to the success of the session. Proceeding the lectures on the evenings of June 25, 26, 27 and 29 Mrs. Walter C. Silver, leader of the music department of the Omaha Woman's club, will furnish a half hour concert. Proceeding the address by Dr. Edward A. Steiner, the great authority on immigration, on Monday evening, June 23, music will be furnished by Mrs. Zabrackie's orchestra. Sunday evening, June 23, preceding the address of Dr. Charles T. Paul of Indianapolis, Mrs. Kirshstein's choir will furnish the music. Will Be Entertained. The visitors will be entertained as follows: Dr. Charles T. Paul, with long-time personal friends, Rev. and Mrs. A. D. Harmon of the First Christian church, 630 South Twenty-seventh street; also a part of the time with Mrs. W. A. Saunders, 225 Wirt street. Mrs. Edward P. Costigan of Denver, with Mr. and Mrs. M. D. Cameron for else with Mrs. Frank M. Bristol, 3513 Harvey street. Miss Frances Bates Patterson of Chicago, with Mr. and Mrs. Charles G. McDonald, 112 North Thirty-eighth avenue. Hon. Charles W. Fairbanks, ex-vice president of the United States, with Hon. and Mrs. John L. Kennedy, Fairacres. Dr. and Mrs. Charles Edwin Bradt, with Mr. and Mrs. A. A. Lamoreaux, 1319 Binney street. Mrs. George W. Coleman of Boston, with Mr. and Mrs. John B. Webster at Thirty-eighth and Farnam streets.

Feast of Weeks to Be Celebrated on Next Wednesday

"Significance of the Shabbath," will be the sermon topic of Rabbi Frederick Cohn at the celebration of the "feast of weeks." The feast of weeks falls on Wednesday, June 12, and Rabbi Cohn will preach the sermon Tuesday night, Wednesday morning a large class will be confirmed, the confirmation exercises beginning at 9:30 in the morning. Following is the list of confirmants: Sidney Cherniss, Blanche R. Frank, Rose E. Gross, Harry Harris, Moses Edwin Kahn, Meredith Kenyon, Esther Pauline Kirshbraun, Frances L. Kopald, Helen Levy, Gertrude Marks, Julius Moskowitz, Norman Jesse Nathanson, Esther Pauline Newman, Mollie Proisman, Sydney R. Robinson, Arthur Snyder, Russ Snyder, Leo Ungar and Minnie Helen Wolf. Rabbi Cohn will address the confirmants. A musical program will be rendered. It is requested that every person be seated as promptly as possible, as the doors of the auditorium of the temple, as is the custom, will be closed during the entrance of the confirmants, at about 10 o'clock. Shabbath, the feast of weeks, also called the feast of the first fruits, fall, according to the Jewish calendar, on the sixth of Sivan. Its name is derived from the seven weeks which elapsed between the departure of the Children of Israel from Egypt and their arrival at Mount Sinai. Like its companion holiday, the feast of Passover, it, too, has both an agricultural and a historical aspect. This was the early harvest season when the first of the wheat, baked in two loaves of bread, was brought as an offering of gratitude and as a token of man's dependence upon the goodness of God. Historically it carries us back in memory to the promulgation of the Ten Commandments, when Israel accepted the new moral code and religious legislation and was aroused for the first time to the consciousness of his new spiritual task and destiny. The Ten Commandments were the magna charta of religion. Having secured political freedom, Moses found it necessary to give his people religious freedom. The new nation must be buttressed upon religious obligation. They may be a kingdom, but they must be a kingdom of priests, a holy nation. Shabbath has gained a stronger and a more impressive hold today by entwining its symbolism about the impressionable child. Confirmation is the youth's feast of self-consecration. We publicly affirm by this ceremonial that our children, the first ripe fruits of our religious schools, shall stand morally and religiously in the same enthusiastic and receptive attitude as did their fathers at the foot of Mount Sinai. Shabbath has a distinctly modern and indispensable appeal to the individual. It teaches, first of all, that religion, as a necessity of life, is the actuating motive and sanction of personal, social and national character. Secondly, it champions the cause of religious freedom as the most highly prized privilege and possession of the human race.

Four Building Managers Go to Cincinnati Convention. REALTY MEN TO WINNIPEG Local Exchange Will Entertain Kansas City Delegates and Go with Them to National Convention in Canada. Four building managers will represent Omaha at the sixth annual convention of the National Association of Building Owners and Managers, to be held at Cincinnati, June 10 to 13. Edwin S. Jewell, manager of the City National bank building, left Omaha last night. Dr. F. H. Millener, manager of the Union Pacific building; Clay Thomas, manager of the State bank building, and Howard G. Loomis, president of the Omaha Building Managers' association and manager of the Omaha National bank building, will go to Cincinnati tonight. These men belong practically to a new profession—that which the modern office building and apartment house has created. They go to Cincinnati to discuss modern problems with other building managers and owners and no doubt will learn things that will add to the profit of the buildings they manage here as well as adding comfort to the tenants of these buildings. Nearly twenty topics will be taken up during the four days of the convention. Two questions among the number to be discussed will be of particular interest to the Omaha men—"Smoke Abatement" and "Operating Cost on the Square Foot Basis." Plan for Winnipeg. Probably fifty Omaha real estate men will attend the sixth annual convention of the National Association of Real Estate Exchanges at Winnipeg, July 28 to 30. Many of the number have not decided on the trip for certain, but at least twenty-five are beginning to make arrangements to get away. A committee is at work with the publicity bureau of the Commercial club arranging an entertainment for the delegates from the Kansas City exchange, who will pass through Omaha July 28. They will arrive here on the Burlington at 6:30 o'clock that morning and be entertained during the day with automobile rides and probably a luncheon at the Commercial club at noon. The Omaha delegates will join them on the resumption of the trip at 9 o'clock the next night. The two delegations will stop a short time in St. Paul and Minneapolis and be entertained there. From Minneapolis the trip will be made by special train via the Soo line and Canadian Pacific railway. Announcement has been received by local real estate men that the committee in charge of the preparation of the program

Wonderful Treatment For Corns, Callouses and All Sore Feet

Millions of people who endure daily torture from sore feet will welcome the treatment which positively and quickly cures foot ailments of all kinds. You can say goodbye to corns and callouses; to blisters, bunions, swollen, itching, bad smelling and sweaty feet. The treatment works right through the pores and removes the cause of the trouble. Use it once and your feet feel delightful; use it for a week and your foot troubles will be a thing of the past. Dissolve two tablespoonsful of Calcicide compound in a basin of warm water. Soak the feet in this for full fifteen minutes, gently rubbing the sore parts. Amazing results follow. Calcicide was formerly confined to doctors' use but now any druggist will supply it. If he does not have it in stock he can get it in a few hours from his wholesale house. A twenty-five cent package is said to be enough to put the worst feet in fine condition.

Doctor Tells How to Shed Bad Complexion

We cannot restore degenerated facial tissue any more than we can restore a lost limb. It is useless to attempt to convert a worn-out complexion into a new one. The rational procedure is to remove the complexion instead—remove the dehydrated cuticle. Not by surgical means, however, as the underlying cuticle is too thin, too tender, to withstand immediate exposure. Applying ordinary mercurial was gradually absorbed the offending cuticle. By degrees, a new, youthful skin appears; a skin soft and delicately tinted as a rose petal. No lady need hesitate to try this. Prepare an ounce of mercurized wax of the drugist. Spread on a thin layer before retiring, removing this in the morning with soap and water. In from one to two weeks the complexion is completely transformed. An approved treatment for wrinkles is provided by dissolving an ounce of powdered salicylic acid in a half-pint of witch hazel. Bathing the face in the solution brings remarkable results.—Dr. Robert Mackenzie in Popular Medicine.—Advertisement.

BRYAN TO GET CASE OF "DIPLOMATIC COCKTAILS"

En route east from Richmond, Cal., a case of grape juice is moving on toward Washington, consigned to William J. Bryan, secretary of state. The grape juice is believed to pass through Omaha Sunday evening. It will arrive on the Pacific limited at 7:35 in the evening and after inspection, will move along. The present to Secretary Bryan and sent by the California people is in quart bottles and there are twenty-four of them. They are packed in an ornamental box, made of eucalyptus wood and on this box there is a silver plate on which is engraved, "Diplomatic Peace Cocktail, California's Best." Besides the grape juice, in the car from Richmond, are a number of the business men of the town, who are going to Washington to urge the deepening and enlarging of the harbor. Richmond is on a headland of San Francisco bay, eight miles across from the city.

Why Have "Nerves"?

This is the reason why women have "nerves." When thoughts begin to grow cloudy and uncertain, impulses lag and the warnings of pain and distress are sent like flying messages throughout limbs and frame, straightway, nine times in ten, a woman will lay the cause of the trouble to some defect at the point where she first felt it. It is a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the woman's organs. In some cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of native roots, without the use of alcohol, relieved over 90 per cent. of such cases. After using this remedy for many years in his private practice he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are handled.

Mrs. LILA B. HAWKINS, of Zeus, Va., writes: "I had been falling in health for two years—most of the time was not able to attend to my household duties. Female weakness was my trouble and I was getting very bad, thanks to Doctor Pierce's medicines. I am well and strong again. I took only three bottles of 'Favorite Prescription,' and used the 'Lotion Tablets.' I have nothing but praise for Doctor Pierce's wonderful medicines."
