GRAIN AND PRODUCE MARKET

Wheat Bulls Disappointed Over the Government Crop Report.

LOOKING FOR HEAVY RECEIPTS

Tenders in Yellow Cereal Are Counting Upon It to Accumulate During the Rest of the Present Month.

OMAHA, June 10, 1913.

The bulls in wheat were greatly disappointed because of the showing made by the government June report as issued right after the close of the Board of Trade last night. While the winter wheat belt suffered severe grop losses during the last month, that of Oklahoma being sensational and the deterioration in Kansan and Missouri cutting down the yield OMAHA, June 10, 1913. sas and Missouri cutting down the yield not a little, the small reduction by abandonment area was the big neip in making up the total indicated crop. Kansas will have around 90,000,000 bushels and Oklahoma 16,000,000 bushels. When compared with the mercian control of the will be seen the will be seen to be supported. homs 16,000,000 bushels. When compared with the previous year the winter wheat showed a higher condition, but the reduction in May was a severe one, 33.5 per cent June 1, against \$1.5 May 1. The condition of the spring wheat was better than a year ago and a little lower than the ten-year average. On the old method of reporting of the prospects the total would have been \$07,000,000 bushels, but on the new method it is only 744,000,000 bushels. This is 14,000,000 bushels than the final crop of last year and 133.-005,000 bushels in excess of final figures of 1911.

Cash wheat was ic lower.

Traders are looking for big receipts of corn the balance of this month, also for large accumulations. It was noticeable yesterday by the pit element that comparatively little hedging business was done and that shorts were the best sellers. Cash corn unchanged to be higher.

Oats traders as a rule consider the price high enough, and that, figured on the old basis, the crop is 1,29,000,000 bushels. The greatest surprise was the increase of 1.1 per cent in the acreage, when a reduction of 5 per cent was expected. The increase was mainly in the eastern states and in Kansas. Cash cats were taglic lower.

Clearances: Wheat and tlour, 210,000 bushels; corn, 10,000 bushels; cats, 16,000 bushels.

bushels. Corn. 10,000 bushels; Oats. 10,000 bushels.
Liverpoof close: Wheat, '4d higher; corn. unchanged to '4d higher. Primary wheat receipts were 560,000 bushels and shipments 568,000 bushels and shipments 782,000 bushels and shipments or 217,000 bushels iast year. Primary corn receipts were 1,124,000 bushels and shipments 783,000 bushels and shipments of 706,000 bushels last year. Primary oats receipts were 851,000 bushels and shipments 610,000 bushels, against receipts of 222,000 bushels and shipments 610,000 bushels, against receipts of 222,000 bushels and shipments 610,000 bushels and shipments 610,000 bushels and shipments of 671,000 bushel last year. CARLOT RECEIPTS.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade. CHICAGO, June 10.-Wheat prices today took a bearish turn, influenced chiefly by the extreme weakness in the

day took a bearish turn, influenced chiefly by the extreme weakness in the stock market. There was a nervous close at a loss of %2%c to %c net. Corn gained a shade to %2%c and oats declined %c to %2%c. Is provisions, the outcome was the same as last night to 7%c up.

Violent breaks in securities because of the railroad rate decision had a disheart-ening effect on wheat bulls right at the outset. Large purchases for millers and exporters here and at Duluth brought about railles, but mone of a lasting kind, and there was no time when the market came up to last night's level.

Most traders here differed from the British view that the government cropp report as to wheat was of a bullish character. Furthermore Nebraska disparcies confained predictions of a humper crop in that state and it was generally conceded that rains in Kansas and Oklahoma had checked injury and perhaps had wrought material improvement. Talk of dry weather danger northwest failed to make much impression.

Frimary receipts of wheat today were \$60,000 bushels; a year ago, \$22,000 bushels. Export clearances of wheat and flour equalled \$20,000 bushels.

Frost reports kept corn firm. No serious damage was said to have been done, but speculative offerings were limited, and the market was therefore responsive to good buying. Oats weakened because of the government figures showing larger acreage than expected.

Provisions at first received a lift owing to higher prices for hogs. Later, however, selling on the part of the leading

to higher prices for hogs. Later, how-ever, selling on the part of the leading longs in pork acted as an offset in part. Article Open. | High. | Low. | Close. | Yea'y.

YORK STOCK MARKET Supreme Court Rate Ruling Hits Rail Issues Hard Blow.

PRICES TAKE BIG TUMBLE Stocks of Hill Lines Affected Most Adversely-Steel Goes Down Almost to Point Reached When Suit Filed.

NEW YORK, June 10.—The stock market passed through a troubled day as a result of the ruling by the supreme court, after the close yesterday, of its decision in the Minnesota rate case. The decision was construed as adverse to the railroads, and the market experienced a violent decline. In the afternoon a partial recovery was made.

The Hill stocks which were immediately concerned in the outcome of the sult were the heaviest losers among the prominent shares. Northern Pacific and

ately concerned in the outcome of the suit were the heaviest loners among the prominent shares. Northern Pacific and Great Northern preferred broke about 7 points. Among the other prominent stocks there were drops of 2 to 5 points and some of the inactive issues fell as much as 10 points. Severe losses of American stocks in London before the opening here gave a forecast of what was to be expected, and initial prices in many cases were 1 to 4 points under yesterday's close. Large blocks of stocks were thrown on the market. Pear operators attacked the list and their efforts were reinforced by hurried liquidation of long stock.

The market railled after the shock of the opening break, prompt support being given, but quickly went off again. Then came another raily, which was followed during the noon hour by the severest break of the day, at which bottom prices were touched all through the list. Steel fell to 50%, within % of the low price made at the time of the filling of the dissolution suit. St. Paul broke below par, touching 18%. Southern Pacific fell to 18%, Great Northern preferred to 118%. Northern Pacific fell to 101%. In many instances the lowest prices since the panic of 1907 were reached.

After the noonday break there was a gradual recovery. Buying by investors who were attracted by bargain prices increased in volume as the day progressed. Short covering toward the close added in the upturn. Some stocks entirely recovered their losses and in other cases there

Many Horses Die

In Fire at Twin

City Livery Barn

Thirty-three valuable horses, trapped in the Twin City stable at 1814 Howard street, perfeised last night while a handful of brave men battered at boited doors of the suffocating place in an effort for to free the helpless animals. Most of the animals were owned by Alex Grant, proprietor of the stable, but many others belonged to local firms who "boarded" the animals there.

In the Omaha Livery and Boarding stable next door, were over ninety borses, but employes of the barn were on hand and all were driven to safety. Several buggies and wagons in the Omaha stable were scorched, but otherwise, no damage was sustained here. The Omaha stable is the property of W. L. Doty.

The fire started in the feed room of the Twin City stable. Apparently there was no one around at the time, for Patrolman Anton Vanous, fr., who discovered the blaze turned in the first alarm, and by that time the fire had a good start.

After turning in the alarm, Vanous forced open the front door of the Twin City stable and led out several of the animals before the smoke got too denses. In the roar, Polloceman Arthur Cunninghan and C. H. Stegeman worked vainty in an attempt to break open a boited down and they there are an intense to pen to be fire animals before the smoke got too denses. In the roar, Polloceman arthur Cunninghan and C. H. Stegeman worked vainty in an attempt to break open a boited of the twin clip stable and led out several of the animals before the smoke got too denses. In the roar, Polloceman arthur Cunninghan and C. H. Stegeman worked vainty in an attempt to break open a boited solved and the surface of the twin clips and the property of the Twin City stable and led out several of the animals before the smoke got too denses. In the roar, Polloceman arthur Cunninghan and C. H. Stegeman worked vainty in an attem

CALVIS

STOCKERS AND PREDERS.

HOGS—Receipts were very light again today, about ninety-eight cars of 0,000 head being reported in. For the two days the total is 11.10%, being 25.000 head the total is 11.10%, being 25.000 head smaller than a week ago, and 17,500 head lighter than the same days a year ago. Other markets all reported better prices, and with local receipts light, the buyers' first bids indicated a dime advance. There was a good demand, and it did not take long to reach a trading basis. Most of the hogs sold at a big dime advance, and some scattering sales looked to be 10@10c higher. Movement was active and practically everything had been looked to be logise higher. Movement was active and practically everything had been sold by a little after 3 o'clock. Shippers and apeculators bought freely, considering the size of the auply.

The bulk of the hogs landed at \$8.550 8.55, with the long string at \$8.50 Best lights brought as high as \$8.47%.

Representative sales:

frade anywhere from 15c to 35c higher than on Monday.

Prime clipped lambs of the desirable weight commanded \$3.00, as compared with \$7.75 at the close of last week. The five-car string of spring lambs from California, the same as those at \$8.15 yesterday, sold as high as \$8.56 this morning. Among the sales of aged sheep was a bunch of clipped ewes weighing ninety-seven pounds, which sold up to \$5.75, as against \$6.56, the highest price last week. Quotation on shorn sheep and lambs: against \$5.50, the highest price last week. KEEP OFF THE GRASS' NO HIT

Indignant Citizens Say that Parks Are Lounging Places.

ARE INTENDED FOR THE POOR Protest is Raised Against Hummel's Ruling in Regard to Keeping People Off Grass Even in

Jefferson Square.

Citizens are aroused over the ordinance passed by the city commission restricting the use of the city parks. Mrs. C. D. secretary, who wrote the provision referring to "keeping off the grass," say! she did not intend to prevent park patrons from sitting on the grass and construing it to mean that is hardly fair Here is what some citizens have to say about the ordinance:

Sam North, District Passenger Agent lilinois Central-So long as city parks are public property, I don't believe any councilman has a right to say who shall occupy them. If a man wants to rest of sleep in a city park, I believe he should have a right to do so, provided he does not make a nuisance of himself.

C. J. Lane, General Freight Agent Union Pacific-I never slept or jonfed in a city park, but if I wanted to do so, I don't think I would ask permission of any councilman. The parks are designed for people who cannot afford to ride autos and take trips to the country, and if these poor people can find enjoyment strolling among the trees or resting on the benche by all means let them do so undisturbed T. F. Godfrey, City Ticket Agent Mia-souri Pacific-What harm, pray tell, can a few castoffs from society do by sitting on benches in Jefferson square, or the other parks of the city? If, the poor people can find pleasure in these breath ing spots, let them stay. We ought to do this much for humanity.

J. E. Utt, General Agent of the Rock Island-if I wanted to sleep in Jefferson square I would make it hot for any cour climan who sent a policeman around to remove me, providing I was not doing something objectionable. We ought do something for our poor, and we are doing very much when we allow them to occupy a cheap bench in the shade of a

of the Rock Island-It is silly to say that the people should not be allowed to oc-This grass belongs to the people, and what's the difference to the whether they eat or use it for a bed? John Mellen, General Agent of the

Northwestern-1 spend my loafing hours at the Rod and Gun club, but if I happened to go through one of the parks and ran across a "keep off the grass" sign. I would be as blind as a bat. If I wanted to lie on the grass, I would do so and I don't believe anyone would have right to drive me off.

Eugene Duvall, Assistant General Western Agent of the Milwaukee-Of course, there is no objection to lying on the grass at home or in the parks. If a man has no home and no grass, let him He on the city grass, whether it be in the park or beside the road. Only a finicky old maid would object to it.

W. T. Canada, Special Agent of the Union Pacific-It is all fol-da-rol to say. "keep off the grass" in the parks. They grow grass in the parks that people may lie on it. Men had much better be lying on the grass enjoying themselves than in some alley, drunk.

COMMENCEMENT AT TEACHERS' COLLEGE

CEDAR FALLS, Ia., June 10 .- (Special.) -Commencement exercises of lows Teachers' college took place this morning. The address to the class was made by Hon. Claude R. Porter of Centerville. Three hundred students received diplomas and degrees at the hands of President Seerley. Mr. Porter was given a complimentary banquet by the Commercial club this evening.

Notes from Yankton. YANKTON, S. D., June 10 .- (Special.)-This city is in the hands of the Masons and Eastern Stars of the state for the week, for the annual grand lodge sessions of the two orders, and the various Masonic bodies. At the same time the fiftieth anniversary of the founding of St. John's lodge No. 1 will be fittingly observed. Airendy the city is full to overflowing with Masons and Stars from all over the state and the city is decorated in honor of the visitors.

Yankton High school graduated a class of thirty young people Baturday night. the largest in the history of the school. Governor Perris of Michigan delivered the commencement address.

Mrs. Lydia Brooks, wife of Captain C. E. Brooks, both early ploneers of this city, is dead here at the age of 74 years. The funeral took place Sunday. The surviving children are Mrs. Robert Knox and Dan M. Brooks.
