ELEVATOR FOR HIGH SCHOOL

School Board Decides on Installation in Spite of Cost.

NEW PRINCIPAL IS NAMED

Miss Mary Austin to Be Head of Sherman School—Teachers' List to Be Considered by the Board Monday.

An automatic elevator will be installed in the Omaha High school at a cost of \$4,000. The committee on buildings and grounds will make this recommendation to the Board of Education Monday night.

"We planned such an elevator when the school was built," said E. Hotelotter, president of the board, "believing it would cost about \$1,000. We find it will cost about \$4,000 but we are going to put it in."

This elevator will be installed sometime during the summer vacation. It is intended to relieve the congestion in the halls and on the stairways during the shift between classes.

Miss Mary N. Austin, eighth grade teacher at Vinton school, will be principal of Sherman next year, succeeding

Miss Margaret Hamilton, who will go to a larger school.

Mason school principalship has not been settled. Miss Emma Wheatley who resigns as principal of Mason will go into church work. Superintendent E. U. Graff conferred with principals over the Mason school vacancy.

"Some of the principals do not want to change, although they would go to bigger schools and better positions," said Mr. Graff. "And we certainly cannot discourage such an attitude."

Miss Lizzie Banker of Pacific school has reconsidered her resignation and may continue in her present position. Superintendent Graff and the members of the teachers' committee will elect teachers for next year at a meeting to be held Monday afternoon. This committee will report its action to the Board of Education at the meeting Monday evening.

TOSTEVIN TO SPEND THE SUMMER IN THE MOUNTAINS

Harry Tostevin, president of the Ben Franklin club in Omaha, has gone to Lake George, Colo., where he and his wife will spend the summer resting. Mr. Tostevin, while in Colorado, will attend the meeting of the National Press association in Colorado Springs, June 24, 27 and 28. E. E. Sheagreen and C. D. Trauberg will speak at the convention.

BACK TO HOME AND MOTHER

High School Cadets Return from Missouri Valley Encampment.

GETTING READY FOR "COMPET"

While the Week at Camp Was the Last Formal Drill, Different Companies Will Still Meet and Practice Alone.

At 11 a. m. yesterday the Omaha High school cadet regiment arrived at the Union Station on the Northwestern special from Missouri Valley, where the annual encampment was held during the current week.

The cadets were met at the depot by a large crowd of relatives and friends, but beyond a few military salutes, there was no exchange of greetings, as the cadets were immediately formed into company lines preparatory to making the march through town to the high school grounds. Squads of four privates from each company remained at the depot to unload the baggage and escort and separate each man's belongings. The cadets must go to the station and collect their property themselves.

March to School Campus. The regiment marched through the city to the school campus, where, after the rifles had been stacked and turned over to the quartermaster, the cadets were dismissed. The week at camp was the last formal drill, with the exception of the competitive drill at Fort Omaha next Wednesday. The different companies, however, have planned to hold informal drills alone and practice the commands that are likely to be given at the competition. The routine of "compet" has been radically changed this year so that no company has an advantage over the other ones because of previous good records.

FRANK C. YATES RECEIVER FOR NATIONAL ASSOCIATION

The National Business Men's association was conducted in an "unbusiness-like and fraudulent manner" is the ruling of Judge English, in receivership proceedings brought against the company by W. B. Howard, auditor of public accounts. Frank C. Yates was appointed receiver by the court. The company made no protest. It said health, accident and funeral benefit insurance.

SEVENTY-TWO WOULD BE CLERKS OR POSTAL CARRIERS

Seventy-two candidates took the civil service examination for the positions of clerks and carriers for the postoffice service at the examination room on the third floor of the postoffice building Monday. The class was so large that the examination periods had to be extended over two days. There is usually a large class for these places. This is a special examination, called because the list of eligibles for these positions is exhausted. This is partly due to the increased forces of clerks and carriers that were required through the inauguration of the parcel post system January 1.

Sequel To Love For Doll

Maternal Instinct Greatly Developed by Teaching Children to Love their Dolls.

The little child's doll is mother to the most romantic fairy. And in the years that pass, the doll fades into the petals of a June rose, to evolve the most wonderful of all transformations.

And now comes a more serious period. There will be no pain, some of that when the joy of real motherhood should be as tranquil as best effort can provide.

This is accomplished with a wonderful remedy known as Mother's Friend, an external application so penetrating in its nature as to thoroughly lubricate every cord, nerve, muscle and tendon involved. There will be no pain, some of that when the joy of real motherhood should be as tranquil as best effort can provide. There will be no pain, some of that when the joy of real motherhood should be as tranquil as best effort can provide.

WEDDING SECRET IS NOW OUT

Omaha Couple Surprises Friends by Marrying at Council Bluffs.

DECIDE ON SPUR OF MOMENT

Keep Marriage a Secret for Four Days—Had Crossed the River to See Newly Married Friends Start East.

Miss Elizabeth Guinotte, 18 years old, daughter of Mr. and Mrs. Henry Guinotte, 125 South Nineteenth street, who was married Tuesday afternoon in Council Bluffs to Harvey Foran of Omaha, did not tell relatives and friends in Omaha of the ceremony, has admitted that she is a bride. She continued her work as a stenographer in the law office of Simon & Sawtelle and neither she nor her husband have any intimation that they were married.

Look for Decision in Electric Light Franchise Appeal

The lawyers who represented the city and the electric lighting company in arguing the case in Washington are looking for a decision from the supreme court Monday on the validity of the franchise of the electric lighting company. In the lower court the city won out, and the electric lighting company appealed in hope of a reversal that would restore its claimed rights. If this case is not included in the adjudications announced at the coming sitting of the court it will go over until fall. Officials of the electric lighting company from Boston have been here in Omaha for some days, presumably planning the next move in the event of an adverse ruling.

Protest is Filed Against New Park

Forty-eight residents in the neighborhood of Fourteenth and Hinney streets have filed a protest with the city clerk against the purchase of the sulphur springs there for a "buff park," the protest being based on the ground that adjacent property will be assessed to pay a part of the cost of the park. The protesters set forth that they have suffered because of the recent tornado, and would be unable to pay the assessment. Persistent Advertising is the Road to Big Returns.

Many at Work on New Auto Route to the Black Hills

Tom Hughes, traveling passenger agent of the Missouri Pacific, has returned from a trip through the northern part of Nebraska and says that things up there are booming on the prospect of an immense wheat crop that now appears to be beyond the possibility of any damage from insects or weather.

On Automobile Boosters' day Mr. Hughes was at Basile Mills, an inland town in Knox county, and with George A. Brooks, banker and proprietor of the general store there, rode 150 miles in an automobile, going along the Omaha, Nebraska and Wyoming highway. This is a road that is being constructed and marked up the Elkhorn river to Norfolk and thence to Niobrara, through Basile Mills. At Basile Mills there is a branch to the west, passing through O'Neill and following the Northwestern. At Chastrot

LARGE NUMBERS OF DOCTORS GOING TO MINNEAPOLIS

Apparently a majority of the doctors of Omaha and Nebraska are going to attend the annual convention of the National Medical association to be held in Minneapolis next week. Monday the Great Western will haul a special train loaded with the doctors from Colorado and points west. Sunday night Omaha and Nebraska doctors will occupy three cars and Monday night there will be three more carloads of the Nebraska medical men attached to the regular train. The Northwestern takes out a carload of doctors tonight, another Sunday and still another Monday night.

"Here's the Answer" TO THE GREAT HEALTH PROBLEM. When you do not feel as well as you should—when you lack appetite, energy, strength and ambition—when the liver is lazy and bowels clogged, causing sickness and suffering, you should try a bottle of HOSTETTER'S Stomach Bitters. Nature needs assistance today and to neglect the matter only invites sickness and trouble. The Bitters has helped thousands of sickly people and will help you, too—especially so in cases of POOR APPETITE, SICK HEADACHE, FLATULENCY, CONSTIPATION, DYSPEPSIA, INDIGESTION, BILIOUSNESS AND MALARIA.

Are You Blue and Worried? Nervous? Some of the time really ill? Catch cold easily and frequently suffer from biliousness or headache? The reason is that your system does not rid itself of the poisons in the blood; just as impossible as it is for the grate of a stove to rid itself of cinders. The waste does not go to exactly what the cinders do to the stove; make the fire burn low until enough cinders have accumulated and then prevent its burning at all. Your liver is sluggish—you are dull and heavy—sleep does not rest, nor is food refreshing. In this condition illness develops. Doctor Pierce's Golden Medical Discovery eradicates the poisons from the body—a glyceric after-ative extract made from bloodroot, golden seal and mandrake root, stone and quassia's root, without the use of alcohol. No matter how strong the constipation the stomach is apt to be "out of kilter" at times; is consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.
