Motor trips to the country and suppers in attractive groves and woods are the entertainments of the hour with society. The weather has been ideal for picnics and parties of four, six and twelve can be found in the attractive nooks near the country roads enjoying lunch or supper. The country clubs are generally included on the return trip and there the party finishes the evening dancing. A summer necessary to some of the more luxurious cars is the refrigerator. Delicious salads and iced and cooling drinks make the modern picnic much more enjoyable and vastly different from the old-fashioned affair.
