

Mutt's Chance of Seeing the Big Polo Match Looks Dark

Drawn for The Bee by "Bud" Fisher

JUDGMENTS

COUNTING Sunday's double-header, the Rourke won five of the seven games played during the week up to Saturday, yet it was a week of disappointments.

Business is beginning to pick up. Last Sunday the fans turned out to large numbers to see diamond stars deliver their wares. They all were apparently satisfied with the work of the local sandlot cavers.

Thomson, poor fellow, had a distressingly bad time of it when Deacon McGuire and Chick Fraser, major scouts, were here scrutinizing his work. He couldn't hit with his usual consistency, which put him at a tremendous disadvantage.

Chance has won several games since letting Hal Chase go. He won two out of four from the White Sox, with the royal Hallenbeck, himself, covering first for the Sox.

We don't wonder that Columbus and one or two other A. Leams are after Oenslager, but they will have to be content to let the old boy alone for this season.

Merely as a matter of keeping up interest, each team ought to see to it that Denver loses a game now and then.

BOUAT AT ROURKE PARK TODAY

Luxus and Storz Triumph Team Will Meet in a Hotly Contested Battle This Afternoon on Pa's Diamond.

BY FRANK QUIGLEY. Business is beginning to pick up. Last Sunday the fans turned out to large numbers to see diamond stars deliver their wares.

At Rourke park today the curtain will rise at three o'clock and behind the scenes you will find the Storz Triumph and the Luxus aggregations all dolled up with their winning togs.

Double-Header at Fort. A couple of good fuses are on the menu at Fort Omaha for this afternoon. The first game, Sol-Phis against the Sherman Avenue Merchants, and the second contest, Jabex Cross against the Advos.

Two Bluffs teams, the Council Bluffs Merchants and the Council Bluffs Imperials, will be the main event on the program at Athletic park today. This game will practically clinch the title to the championship of the burg across the waves as these two teams are unquestionably the best in Council Bluffs.

Up till last Sunday the Advos made a clean sweep; without the aid of a broom. The Townsends put a crimp into their aspirations.

Young Woman Who Plays Fast Golf

NEW YORK, June 14.—Although but a slip of a school girl, Miss Marion Hollins of Westbrook recently won the Women's Metropolitan Golf championship, in one of the most spirited contests ever played over the links of the Nassau Country club.

Miss Hollins' play is characterized by her long, straight drives, in which respect she is superior to any woman champion in recent years. In the elimination contest Miss Hollins easily defeated the champion of last year, Miss Lillian B. Hyde, by 3 up and 3 to play.

NEW YORK, June 14.—At Melbourne-Australia, recently a number of fight promoters held a conference to bring about, if possible, a uniform system of weights, also, for the purpose of recognizing champions of the various classes.

NEW HAVEN, Conn., June 14.—Capt. H. K. Ketchum of the Yale football team has made public the letters sent to Harvard and Princeton captains in February relative to abolishing the practice of seating graduate coaches on the side lines benches during the big gridiron games next autumn.

BIG SCHOOL GETS A PEEK-IN

Nebraska Has Applied for Western Conference Membership.

NO VOTE TAKEN ON QUESTION

Leak, Stehm Says, Only Thing That Kept Cornhuskers from Getting Into Big Company This Spring at Madison.

BY JAMES E. LAWRENCE. LINCOLN, June 14.—(Special)—Walter H. Eckersall, famous gridiron hero of the University of Chicago, will officiate in the Iowa-Nebraska foot ball game to be played in this city next fall, according to announcement made here today by Coach Jumbo Stehm.

While in the east attending a meeting of those promoting the American Olympic games Stehm saw Eckersall and the latter consented to act as an official in the Iowa-Nebraska contest. Stehm will early dispose of the official problem, profiting by past experience that it does not pay to allow the matter to drag along until a short time before each game.

It is true that Nebraska made application for membership, said Stehm, "notwithstanding that a later report was sent out denying the first story to that effect. All of the colleges were pledged to secrecy, but evidently somebody leaked and the story was out."

Leaked Too Soon. "Had it not been that the members wanted to take the application up with their local boards before final action on the application, we would have been elected to membership right then. The members were going to vote on it at once, and then some one suggested that it had been referred back to the local boards to see what they thought about the question of expansion."

Provided the members definitely decided upon enlarging the league, there will be no question as to Nebraska's admission. The representatives at the meeting of the Cornhusker school was entitled to the greatest consideration in its application, and the only question was one of expansion. We did not make application because we feel that we have outgrown the Missouri Valley conference.

TENNIS TO REIGN SUPREME

Omaha to Have Its Share of the Big Raquet Wielders Here.

NATIONAL TOURNAMENT COMING

Clay Court Tournament Will Be the Fastest Tournament Ever Held in This Part of the Country.

The present summer promises to be the biggest tennis season in the history of Omaha. Beginning July 4, the city championship will be staged on the courts at the Omaha Field club. Then, after a short interval, on July 21, at 3 a. m., will begin the fourth clay court championship of the United States.

At present all the fast players of the city, young and old, are practicing daily. On the courts of the Field club, at Happy Hollow, the Country club, and, in fact, on every private court in Omaha, the enthusiasts are getting perfect in control of the famous lawford and learning the best angle at which to send in the effective chop. All with the avowed purpose of getting the scalp of Harry Koch, the present champion.

The city championship will be conducted under the direction of Robert Howe, George Riley and Joe Adams, three of the youngest players, who are most enthusiastic about the game and its development in Omaha.

There promises to be many surprises this year, for the youngsters are all getting the California idea and are developing hard hitting, smashing tactics. The older players will have hard battles and no doubt many a star will be eclipsed by the new rush of younger players.

The clay court championship will be the fastest tournament ever held in this part of the country. Most of the players like Joe Armstrong, "Gravy" Hayes, Roland Hoerr and all those familiar favorites will be here again this year. Pitted against these men will be a bunch of youngsters, the fastest players of Iowa, Kansas and Dakota. From California will come two or three players who have followed in the footsteps of McLoughlin and Long.

LOOKS LIKE FAST ONE

The clay court championship will be the fastest tournament ever held in this part of the country.

The men who have the best chance in California today are William M. Johnston and Edna Pottrill, forming one team of doubles, and John Strachan and Clarence Griffin forming the other. These youngsters all under 30, will probably meet in the finals on July 4 at San Francisco. The winning team will be sent east to play at Chicago July 25, and all of them have expressed a willingness to stop over at Omaha for the clay court championship. Mr. Johnston is considered the best singles player in California, next to McLoughlin, the national champion, and he is very anxious to play here.

East to Be Represented. At present it looks as though the east will be represented by Gustav Touchard and Theodore Pell and probably W. Merrill Hall, who played here in 1910, getting into the finals against Long. His game has steadily improved and he is now one of the best men in New York. Touchard and Pell rank in the first ten and always play wonderful tennis.

Harry A. Seymour, who has charge of tennis at the Pittsburgh Athletic club, will act as official referee. He will be accompanied by several of the players from his city.

A. C. Potter of the Omaha Field club is now in the east and will play in the tournament at Pittsburgh June 21. He will line up the players from the east, so that in a short time the committee will be able to announce a complete list of prominent players.

Treat Rubie Roughly. "Waddell driven from the mound" is the heading over a story of a game at Virginia, in the Northern league recently. It seems to have been treated roughly by the players of the Winnipeg team who had no respect for his reputation. But you never can tell—by the time this appears in print the Rubie may have pitched a no-hit game for Virginia and gone a-fishing.

Mexican May Get Championship of Light Weighters

SAN FRANCISCO, June 14.—At Stockholm they have another Mexican fighter who threatens to become a champion in his class before long. Ad Zotte is the Mexican's name, and he fights at 122 pounds ringside. His manager, Sammy McClinton, asserts that there will be two Mexicans holding world's championship titles within the next year. He thinks that Rivers will eventually climb to the top of the heap in the lightweight division and that Zotte will take the featherweight title away from Johnny Kilbane, providing, of course, the latter fights him. McClinton asserts that Zotte is one of the greatest boys he ever saw and cites a number of instances in which Zotte won his battles on his courage alone. Zotte is 18 years old, well-mannered and intelligent and can fight with both hands in whirling fashion. He is ready to fight any 122-pound boy in the world, Kilbane, of course, preferred.

To Build a Theater. Charles W. Honner, president of the Cleveland American league club, is to build one of the finest theaters in America in Cleveland.

LAGER BEER

Can Be Made At Home For One Cent A Glass

Cincinnati, Ohio, June 15, 1913.—Through a recent invention of an expert brewmaster of this city a sparkling and foaming Lager Beer can be made right roughly by the players of the Winnipeg team who had no respect for his reputation. But you never can tell—by the time this appears in print the Rubie may have pitched a no-hit game for Virginia and gone a-fishing.
