NORRIS ON CURRENCY LAW

Senator Does Not Like Bill the President Wants Passed.

PRODUCT OF PARTISAN EFFORT

Presented to Congress with an Order to Pass It, Giving President Full Control of the Currency.

(From a Staff Correspondent.) WASHINGTON, June 27.—(Special.)—Senator Norris today severely criticized the iron rule methods employed by President Wilson in his plans for currency legislation, declaring that it was the extreme of boss rule. While the senator believes that currency legislation is desirable, he deprecates the secrecy that has attended the preparation of the administration currency measure and the unusually imperious tactics by which its passage through the house at least is believed.

"I conceived in currency legislation, and I would like to support whatever bill is offered, because I do not believe anyone should oppose a measure merely because it is from a democratic source," said Senator Norris. "But this bill is rankly partisan, not only in its provisions, but in the methods of framing and I think those features cannot be too strongly condemned."

Demand of a Boss.

"The manner in which the bill has been drafted is the most flagrant example of boss rule in recent years," Roosevelt was a boss, and while I think he was fundamentally right on most propositions, I objected to his methods when he used the steam roller. We had another example of attempted boss rule when President Taft sent his railroad bill to congress. It was drawn by his attorney general, and was sent to congress with the injunction that congress pass it. Congress did pass it, but only when it had been so amended that Mr. Taft would not have recognized the bill had he met it in the street in broad daylight. This

currency bill has been drawn by four men meeting privately behind closed doors, and was sent to congress with the understanding that this was the measure substantially demanded by the president. A currency bill like a bank must have public confidence if it is to be efficient. The letter of the law does not complete it. Only the fullest discussion and the utmost freedom of amendment will produce a bill that the people will sanction.

Control is Bad.

"Of all legislation that should not be partisan, I think the currency bill should be the most conspicuous example. But this bill is rankly partisan. Central supervision is provided for by a board made up entirely of men named by the president. That means that a democratic board named by him and therefore reflecting the president's views, will have entire control of the currency system. The same evil might attach to the bill four years hence, should another party come into power. No matter what party might be in power, this highly centralized bill with its extreme partisan management would permit it to control the currency and to measure the credit of the country."

MAN DROPS DEAD WHILE DANCING THE TANGO

CHICAGO, June 27.—Charles Werner, 46 years old, fell to the floor unconscious while dancing the tango at a northside dancing academy early this morning. He died in a police ambulance while being removed to a hospital.

HYMENEAL

Selfert-Hughes. John Selfert and Mrs. Clara Hughes were united in marriage by Judge William Altstadt Thursday evening at his residence, 1913 South Sixteenth street. Mrs. Eunice A. Dick. FAIRBURY, Neb., June 27.—(Special.)—Mrs. Eunice A. Dick dropped dead at the home of Mr. and Mrs. Fred K. Armstrong, yesterday, death being attributed to heart failure.

HEMET INCIDENT COMES UP

State Department Will Investigate Expulsion of Koreans.

LOCAL OFFICIALS ARE WORRIED

Asiatics Brought In Because of Offer to Work at Out Rates—White Men Deny Secrecy of Labor.

WASHINGTON, June 27.—Just a small incident in itself, but very disturbing, nevertheless, in the preliminary official estimate of the affair at Hemet, Cal., yesterday, involving the forcible expulsion from the community of a band of Korean fruit pickers.

It is expected that the incident will be the subject of future representations by the Japanese ambassador as soon as he has been advised by the acting Japanese consul general at San Francisco of all the facts. Then it will be incumbent on Secretary Bryan to transmit any complaint to Governor Johnson with an intimation that the president relies on him to see that justice is done to aliens within the United States under terms of existing treaties.

Beyond that it is scarcely possible for the national government to go, at this stage, at least, though later it may become necessary to ask congress to identify the Koreans who have suffered any financial loss.

Secretary Bryan said today that the State department would make an immediate investigation for itself of the incident. The only information thus far received was in the press dispatches.

Hemet Officials Worried.

HEMET, Cal., June 27.—Officials of Hemet were worried today as to the probable outcome of the incident yesterday when a party of Korean apricot pickers from Riverside were driven out of town by white laborers and sympathizers, who resented the competition of the Asiatics. Mayor H. G. Shaw conferred with attorneys, who assured him the city could not be held responsible for the expulsion of the Koreans.

The Asiatics were imported, it is said, by fruit growers, because they offered to pick fruit at rates from 2 to 3 cents per box less than white laborers demanded. The fruit growers asserted also that there was a scarcity of white workmen. This was denied by white laborers. The matter has not as yet been officially called to the attention of the town authorities.

Japanese Consul Not Impressed.

SAN FRANCISCO, Cal., June 27.—"A frank of overgrown school boys," was the expression used today by K. Kumasaki, first vice consul, at the Japanese consulate here today regarding the Hemet, Cal., affair of yesterday when a party of Korean laborers were expelled by townspeople. The vice consul refused to consider the matter as a basis of possible diplomatic representations, he said. He did not say whether or not an official report of the matter had been received by his office.

NORTH PLATTE BOOSTERS GO TO MAXWELL AND BRADY

NORTH PLATTE, Neb., June 27.—(Special.)—Boosters for the Fourth of July celebration to be held in North Platte, left Wednesday evening to distribute advertising matter and extend an invitation for the people of Maxwell and Brady to come to the Platte and help properly observe the national holiday. There were forty-one automobiles in the delegation and each was tastefully decorated with bunting and flags. They were accompanied by the North Platte Military band and a male quartet, and at each of the two above places a welcome was extended to the people and from their generous recognition of the boosters it is thought that there will be large delegations from both

places to attend the celebration. There were about 250 people among the boosters and they will take a similar boosting trip Friday evening to Hershey and Sutherland.

Two Boys Injured in Auto Accident

HASTINGS, Neb., June 27.—(Special Telegram.)—Four-year-old Ben Dietz, son of Catherine Dietz of the Hastings tennis ball club, and 5-year-old Robert Fenner, son of Bert Fenner, a Hastings barber, were run over and seriously injured today by an automobile owned by Walter Taylor of Guide Rock, Neb., and being driven by his companion, Miss Catherine Reistler of Hastings.

The Fenner boy was seriously injured in the back and the Dietz boy suffered a severe scalp wound. Taylor said the car was not going faster than ten miles an hour when it struck the children, but he pleaded guilty to a charge of exceeding the speed limit and was fined \$10.

PRIMARY IRREGULARITIES ARE SPRUNG UPON COFFEE

DEADWOOD, S. D., June 27.—(Special.)—According to private and apparently reliable information received here in progressive democratic circles, the nominations of James Coffe for internal revenue collector and J. F. Kelley for postmaster at Aberdeen have been quietly withdrawn by President Wilson and are not likely to be again sent to the senate. The information states that R. O. Richards has succeeded in surrounding these applicants for office with affidavits, the evidence of which directly connects them with alleged irregularities in the matter of the Johnson-Coffe primary petition filed last March to repeal the so-called Richards primary law that was passed last November.

TWO YEARS ADDED TO TERMS OF PUBLISHERS

BISMARCK, N. D., June 27.—Judge Willard, who in federal court here yesterday sentenced Samuel H. Clark and Clarence H. Crookard, editors and publishers of a monthly magazine, to two years each in the penitentiary at Leavenworth, Kan., today added two years more to the term of each. The additional sentence was given on a second count on which the judge yesterday had neglected to fix sentence.

The men, who also were fined \$2,000 each, were charged with sending obscene matter by express in violation of the interstate commerce law.

Eastern Star in Session.

CAMBRIDGE, Neb., June 27.—(Special.)—The Southwest Nebraska Order of Eastern Star Pledge association held its annual meeting here in McKinley park yesterday. The city was decorated with stars and flags in the colors of the order and the ladies of Mistleton chapter of Cambridge wore white bonnets all made alike, with the inscription "Cambridge" to distinguish them from the other chapters in attendance at this picnic. The association designated by vote their 10th meeting to be held at Franklin, in response to an invitation to have it there.

Wanna Defeats Hartington.

WAUSAU, Neb., June 27.—(Special Telegram.)—Wanna defeated the fast Hartington team here today by a score of 5 to 3. The game was played in a high wind, making fielding somewhat difficult. The features of the game were a home run by Crane in the fourth with the bases full and a phenomenal catch, in center field by Lamb. Magnet plays here tomorrow. Batteries: Wanna, Webber and Johnson; Hartington, McOuire and Miller. Umpire: Meyers.

Hawaiians Beat Aves.

AVOCA, Neb., June 27.—(Special Telegram.)—Score: Native Hawaiians, 11; Avoa, 2.

WAITE BRYAN'S SECRETARY

Lincoln Man Chosen for This Office by Commner.

WAS FORMER COLLEGE FRIEND

Omaha Lumber Men Denied Reparation from Railroads by Commerce Commission, Due to Technicality in the Complaint.

(From a Staff Correspondent.)

WASHINGTON, June 27.—(Special Telegram.)—George G. Waite of Lincoln, a personal friend of Secretary of State Bryan, arrived in Washington today and entered upon the duties of clerk for Secretary Bryan. Mr. Waite succeeds Ben Davis, a former Nebraskan, the latter having been made chief clerk of the State department. The announcement of the appointment of Mr. Waite at the State department says that he was a friend of Secretary Bryan at the time both were students in Illinois college at Jacksonville, and that they were warm personal friends ever since.

Mr. Waite said today that at present he was living at the Gordon hotel, but expected later to have Mrs. Waite with him and that they would establish a home in the city. The position pays \$1,800 a year.

Firms Denied Reparation.

By a decision of the Interstate Commerce commission today fourteen Omaha firms dealing in lumber were denied reparation for alleged damage caused by the enforcement by various railroads of the southern rate on lumber, recently reduced by order of the commission from 2 1/2 cents to 2 cents a hundred. The commission reiterated in its decision today that the 2 1/2 cent rate was proper, but held that as the complaints of the firms were not made separately in connection with that made by the Omaha Commercial club, reparation would not be awarded.

"A complaint filed by an association in behalf of certain of its members who are named," said the commission, "and a finding that complainant's members are

entitled to reparation does not include members of the association other than those named in the complaint."

The following firms were refused reparation: Nye-Schneider-Powder company, J. C. Mangold, Farmers' Lumber company; Crosby, Kapietz, Casey; Omaha Lumber and Coal company; Boyer, Van Kuren Lumber company; Florence Lumber and Coal company; Weller Bros.; William Kretzer company; Kretzer & Hill Lumber company; Crowell Lumber and Grain company; Dirks Lumber and Coal company; Bullard, Hoagland & Bendick; Keys Lumber and Coal company and the Hampton Lumber company.

Kinkaid to Europe.

Representative Kinkaid is to go to Europe late in August as one of the ten American delegates to the peace conference to be held at The Hague September 2. Mr. Kinkaid said today that he would be abroad only long enough to attend the conference and that he did not expect to travel extensively. He thinks that both the currency and tariff bills will be through the house before he leaves.

WARRANTS FOR ELEVEN DEPUTY MARSHALS

TULSA, Okla., June 27.—Warrants were issued today for Henry A. Larson of Denver, chief of the Indian country enforcement office, and eleven deputy United States marshals, who participated in the capture of twelve wagon loads of liquor Wednesday.

The capture of the liquor was made within the Tulsa city limits and it is charged that the officers violated a recent ruling of the United States circuit court of appeals holding that townships are not Indian country and the government laws on introducing liquor don't apply to them. The men arrested with the wagon train are out on bond.

Dutch Cabinet Resigns.

THE HAGUE, Netherlands, June 27.—The cabinet under the leadership of Dr. Theodor Heemskerck, resigned today. The recent elections to the second chamber of the state's general placed the coalition supporting the ministry in a minority.

ONE HUNDRED TWO DEGREES RECORD HEAT FOR PIERRE

PIERRE, S. D., June 27.—(Special Telegram.)—After nearly a week of temperature in the nineties, the record for today for 102 degrees, the hottest day of the season.

DEATH RECORD

Mrs. Amelia Silverberg. Mrs. Lewis Goldsmith, 324 Sherman avenue, has received word from Essen, Germany, informing her of the death of a sister, Mrs. Amelia Silverberg. Death was the result of ptomaine poisoning.
