

ATTORNEY GENERAL APPROVES HARRIMAN DISSOLUTION PLAN

Government and Attorneys for Two Pacific Railroad Systems Come to an Agreement.

MEETS MR. WILSON'S VIEWS Chief Executive is Expected to Add His O. K. Soon.

WILL GO TO COURT ON MONDAY Agreement to Be Submitted to Judges at St. Paul.

FEW DETAILS ARE GIVEN OUT Part of Southern Pacific Stock is to Be Traded to Pennsylvania and Balance to Be Sold by Trust Company.

WASHINGTON, June 28.—Attorney General McReynolds and representatives of the Union Pacific, it was definitely learned today, have reached an agreement for the dissolution of the great Harriman merger. The principles of the plan are in harmony with the views of President Wilson and he is expected to approve. It will be submitted Monday to the judges of the United States court for the eighth circuit at St. Paul. The plan will go to the court with the government's approval, qualified only by a request that the judges give a limited time before entering a final decree, during which the government may possibly make objections, which cannot now be foreseen. Attorney General McReynolds does not expect to go to St. Paul, but will send G. Carroll Todd, special assistant, who has been associated in the negotiations.

Stock Will Be Sold.
Attorney General McReynolds today said he was not ready to discuss the situation or details. It is understood, however, that the plan will provide for exchanging \$38,000,000 of Southern Pacific stock held by Union Pacific for Pennsylvania's interest in Baltimore & Ohio, the sale of the remaining \$88,000,000 of Southern Pacific through the medium of a trust company under such safeguards as will end control of the Southern Pacific by either the Union Pacific or its shareholders.

Officials today declared that President Wilson and Attorney McReynolds had been in perfect accord all along to reach an agreement for the dissolution, provided a plan could be evolved that would meet the demands of the Sherman law. It was declared that while there had never been any tendency to place obstacles in the way of an agreement, the administration had insisted on an "adequate dissolution." The plan evolved, it is believed, will accomplish it, but the government takes the precaution of asking for a limited time within which to make objections, so that in case public discussion of the proposition and further study by officials show any weaknesses, the hands of the administration will not be tied.

Another Suit Necessary.
As the plan of dissolution does not provide for the separation of the Southern and Central Pacific, officials of the Department of Justice today reiterated that Attorney General McReynolds later on would bring a civil anti-trust suit under the Sherman law to accomplish that result.
An effort now is being made to have the judges of the United States court for the eighth circuit, who sit as a district court in the case, assemble in St. Paul on Monday. The details of the plan will not be made public out of respect to the court, it is said, until the plan is presented.

Witness Says Guidice Threatened Jones

GLENWOOD, Ia., June 28.—(Special.)—The trial of Francisco Guidice, charged with murdering Fireman Jones at Council Bluffs, was adjourned this morning until Monday after a session of less than an hour. William Barnett, a stationary engineer, testified that he talked with the defendant on May 14. Guidice told the witness that Jones had reported him and that he would get even with him.

DENVER MOTORIST IS CHARGED WITH MURDER

DENVER, Colo., June 28.—Julius Brand was arrested today on a warrant charging him with the murder of Anna Dell Spencer, a 10-year-old girl, whom Brand ran over with his automobile Tuesday afternoon. The coroner's jury held Brand criminally responsible for the tragedy.

Coach at Nebraska University Wedded

PLATTSBOROUGH, Neb., June 28.—Ewald O. Stehm, head football coach and director of athletics of the university of Nebraska, and Miss Marie Douglas were married here today at the home of the bride. Coach Stehm and his bride go to Chicago and from there to Johnson Creek, Wis., for their honeymoon.

BARTON FOR ARMOR PLANT

Government Can Save Money by Making Plates.
BIDDERS ARE IN COLLUSION For Last Twenty-Six Years Business Has Been Divided Between Carnegie and Bethlehem Mills.

(From a Staff Correspondent.)
WASHINGTON, June 28.—(Special.)—Representative Barton has joined forces with Secretary of the Navy Daniels on the proposition of having the government manufacture its own armor plate. The secretary has agreed to furnish Mr. Barton with information on the subject without being required by resolution to give the data. Mr. Barton had a conference with the secretary today, and afterwards gave out the following statement:
"A report of the naval board made March 3, 1906, proves conclusively that allowing the trusts manufacturing materials, the best armor plate can be made for less than \$200 a ton. We have been paying between \$400 and \$500 a ton. I feel that I am not violating a confidence when I state that the honorable secretary of the navy in a talk with him this morning said that there was no doubt in his mind that the concerns bidding on this class of work understood each other perfectly and the records show that during the period from 1887 the Carnegie Steel company received in round numbers \$3,500,000 and the Bethlehem Steel company \$3,200,000 from the government for the manufacture of armor plate and that the Bethlehem company received orders for 73,391 tons and the Carnegie company received orders for 73,129 tons of armor plate. What better evidence do we need to prove collusion?"
"If we had made our own armor plate during that period, using the extravagant (as they admit) estimate of the board (\$300 a ton), we would have saved the round numbers \$20,000,000 to the government. This same board estimated that to build a plant would cost the government \$2,750,000. Assuming that it would cost \$4,000,000, we have presented to the steel trust six and a half plants in the profits they have received. I do not understand why positive action was not taken after receiving such a clear and concise report from the board, but dilatory tactics have ever been the weapons of the interests when they know better than to force a question squarely on fact and reason."

Oil Company Ouster Modified by Supreme Court of Missouri
JEFFERSON CITY, Mo., June 28.—The Missouri supreme court today announced a decision allowing the Standard Oil company of Indiana, which had been ousted from the state, to continue business in Missouri.
The decision does not revoke the order of ouster issued some time ago as a result of proceedings instituted by the state under the anti-trust law, but merely suspends the order for so long a time as the company complies with the laws of the state.
The suspension of the ouster was made after evidence had been taken before a special commissioner to sustain the contention of the company that it no longer had a monopoly of the oil business of the state.
The decision suspending the ouster provides that the supreme court shall retain jurisdiction of the case; that the attorney general, if the company violates the anti-trust law, may move to vacate the suspension of the ouster, and that independent of the attorney general the court may order evidence to be taken to ascertain whether the company is complying with the laws.

Missouri Fire Writers' Combine Loses Contention

JEFFERSON CITY, Mo., June 28.—The Missouri supreme court today overruled the demurrer filed by the fire insurance companies that had announced their intention to cease writing business in this state, and issued a temporary order restraining the companies from cancelling policies. This is a victory for the attorney general.
The decision of the court in the insurance case allows the companies to file an answer to the quo warranto proceedings of the attorney general, who asked that they be fined for combining to withdraw from the state. After the answer is filed the court will appoint a commissioner to take testimony.
Judge Woodson, who wrote the opinion, made clear therein that the attorney general had not sought to prevent the fire insurance companies individually from leaving the state, but that he sought to prevent them leaving in a body by agreement.
On this point the court held that the companies "had no legal right by agreement to withdraw from the state in a body in pursuance to said unlawful agreement or to cancel their policies on property in this state in pursuance to said agreement."

Half Million-Dollar Fire at Dee, Ore.

HOOD RIVER, Ore., June 28.—Fire destroyed the \$500,000 saw mill of the Oregon Lumber company at Dee, Ore., today and is threatening the entire town. If the flames are not checked the loss will be over \$1,000,000.

Three Arbitration Treaties Renewed

WASHINGTON, June 28.—The special arbitration treaties of the United States with Japan, Sweden and Portugal, which would have expired by limitation within the next month, were today extended by protocols signed by Secretary Bryan, the Japanese ambassador and the Swedish and Portuguese ministers.
WASHINGTON, June 28.—Venustiano Carranza, head of the constitutionalist cause in Mexico, through his agents here, has protested to Secretary Bryan against the importation of munitions of war to the Huerta forces through Laredo, Tex., while the same exportations are forbidden to his forces under the neutrality proclamation of 1913. His note contends that the situation in Mexico is not one to which proclamation was intended to apply.
Dispatches to the Mexican embassy from Laredo say repair trains are being operated to restore the National railways south of there.
Serb Federation Meets.
DENVER, Colo., June 28.—The Serb federation opened its annual convention here today with more than 300 Servians, Croats and Montenegrins in attendance from all parts of the United States. Prof. Michael I. Pupin of Columbia university is president of the organization.

First Shipment of Coal from Alaska

SEATTLE, Wash., June 28.—The first shipment of the 700 tons of coal to be mined by the United States government party in the Behring river coal fields, was received at salt water at Katala, Thursday night, according to cable information received today from Cordova. The shipment consisted of two and one-half tons, which was brought down the river in a small boat. Little delay is expected in shipping out the remainder of the 700 tons to be tested for its steaming qualities by the cruiser Maryland.

OLD SOLDIERS POUR INTO GETTYSBURG

Streets of Town Crowded Down to Dark with Old Soldiers.
COME FROM ALL PARTS AND SOUTH

Some Parade, Cheering and Singing, Others Gather and Talk.
SOME ARE OVERCOME BY HEAT No Serious Cases, and All Are Now Out of Danger.

HOSPITAL ARRANGEMENTS MADE

Preparations Complete to Care for Any Probable Victims of Torrid Weather at Big Encampment.
GETTYSBURG, June 28.—Although there were several prostrations yesterday the extreme heat failed to dampen the ardor of the old soldiers here for the celebrations next week. After shortly after sunrise until late at night the streets of Gettysburg were crowded with the veterans, north and south. Some of them paraded, cheering and singing in fraternal exuberance with former foes, while others gathered in groups and recounted the stirring times of fifty years ago. Those overcome by the heat were treated at the emergency hospital of the state department of health and all are out of danger.
Veterans are arriving on every train and they are in town but a short time before a start is made for the big camp, the scene of which many have not visited since the stirring days of the Gettysburg campaign. In spite of the heat yesterday, the maximum temperature, being 86 degrees, many of them walked over the entire area and officials in charge said that the small number of prostrations demonstrated that the physical condition of the old soldiers was of the best.

Hospital Arrangements Complete.
Elaborate preparations have been made to protect the health of the veterans who are here. There are two large hospitals with a capacity of 1,500 designed only for seriously ill persons. These are supplemented by three regimental hospitals, fourteen red cross stations and twenty first aid stations located near the recreation centers of the camp. A complete ambulance battalion of the United States army with fifteen horse ambulances and two automobile ambulances will carry the sick from the first aid stations to the hospitals. The provisional field hospital besides wards and diet kitchens, has a complete operating room and the arrangements include everything down to the shower bath.
"We hope the elaborate arrangements we have made will not be needed," said Major Huntington. "It will be largely a question of weather. If it cloudy we may not be needed at all and as it is we do not expect any very serious cases."

Pennington Heads List

Lieutenant Simon Bolivar Buckner, son of the ranking surviving officer of the confederate army, who is assisting Major Normandy in command at the camp, today made public the number of old soldiers that each state expects to send to the reunion. Pennsylvania heads the list with 17,180; New York second, with 9,093; and New Jersey third, with 1,988. Massachusetts will send 1,862; Virginia, 1,827; North Carolina, 1,215; Michigan, 900; West Virginia, 816; Indiana, 666; and Illinois, 638. Other states range from Connecticut, 460, to 81 from Oregon and 26 from Idaho. Pennsylvania and New York will occupy the entire northern section of the camp on both sides of Long Lane. Federal veterans from other states will be encamped between Seminary Ridge and Long Range, while wearers of the gray will occupy the site west of Long Lane, the basis of the monument to General Lee now in course of erection at the point where Pickett's charge started.

Louisville Police Will Arrest Wearers of Slashed Skirts

LOUISVILLE, Ky., June 28.—Chief of Police Lindsey today issued a blanket order for the arrest of wearers of split skirts without protecting undergarments.
"A number of women have been appearing on the streets of Louisville in dresses which the police believe to be a disorderly act," says the chief's order. "I refer to skirts which are split up the side, exposing the leg. As long as an undergarment is worn beneath the split dresses, it is all right, but where a flagrant exposure is made it is the duty of the police to make arrests."
Chief Lindsey says that women who have the "nerve" to appear on the streets in split dresses will not mind "a little thing like a police court trial."

Colonel Chiapa Executed

Colonel Francisco Chiapa, guerrilla leader of the administration and leader of rebel forces in Mexico, since the beginning of the original uprising against ex-President Porfirio Diaz, was executed by state troops near Guaymas yesterday, according to advices received here. He was taken prisoner by General Obregon in the recent battle at Ortiz and an insurgent court martial ordered him shot. Chiapa, it is said, carried on a guerrilla campaign for more than three years in Chihuahua and Sonora.

Lower Gatun Gates Stand Test Well

PANAMA, June 28.—The large lower gates at Gatun are being put to the actual test of full pressure for the first time. The Atlantic waters have been allowed to flow in gradually against the gates and they reached the sea level yesterday afternoon. The engineers are watching the test with interest and they report that the gates are firm and water tight. The water is now at the fifty-foot stage.

Body of Unidentified Man Found Floating in Shaft

FORT DODGE, Ia., June 28.—(Special Telegram.)—Small boys playing around an abandoned gypsum mine shaft this afternoon discovered the body of a man floating face down in the water in the shaft. The coroner has not identified the man or found out the cause of his death.

The National Capital

Saturday, June 28, 1913.
The Senate.
Caucus continued work on tariff bill and voted down all amendments to free hat woolen goods.
Transacted no business and adjourned at 2:36 p. m. until Wednesday, July 2.
The House.
Judiciary committee examined in private all papers in Cammett case.
Leaders agreed on series of three-day recesses for the next two weeks.
Public lands committee continued hearing on Hatch Hatchy water project.
Pillbustner renewed on bill for additional federal judges for eastern Pennsylvania.
Adjourned at 2:45 o'clock until noon Wednesday, July 2.

OJEDA MAKES ESCAPE IN HIS AUTOMOBILE

General's Army is Scattered and He is a Fugitive.
REBELS ARE NEAR GUAYMAS

Constitutionalists Expect to Occupy Last Federal Stronghold in Sonora Within Few Hours.
DOUGLAS, Ariz., June 28.—General Ojeda's federal army has been scattered, the Huerta commander in himself a fugitive and the rebellious state troops, victorious in the seven days' battles around Ortiz, are expected to enter Guaymas today, the last federal foothold in Sonora.
This was the substance of a message from Governor Pesqueira at Hermosillo to his cousin, Roberto Pesqueira, former revolutionary agent at Washington.
A thousand Yaqui Indians have been set in pursuit of the flying and scattered federalists by the rebel commander, General Obregon.
The vanguard of the rebels reached Empalme, just out of Guaymas, before noon today, according to advices received this afternoon. Ojeda escaped from the Yaquis, who pursued his routed forces from Ortiz and Santa Rosa, and arrived in Guaymas in an automobile. Barron, one of his subcommanders, also escaped capture.
Constitutionalist figures give 300 federal killed in the seven days' fighting around Ortiz. They claim to have captured more than 400. Obregon has said nothing so far about his own losses.

McReynolds Sends Papers

Documents Relating to McNab Affair in Hands of Congress.
DOES NOT WAIT FOR ACTION Correspondence that Relates to Postponement of White Slave and Fuel Cases Will Be Made Public.

WASHINGTON, June 28.—Without waiting for the house Judiciary committee to act upon Representative Kahn's resolutions, Attorney General McReynolds today sent to congress all the correspondence relating to the postponement of the Duggs-Cammett white slave cases and Western Fuel company indictments which caused the recent resignation of United States Attorney McNab at San Francisco.
After struggling for two hours with the mass documents forwarded by the attorney general the committee was forced to recess to attend a session of the house. Chairman Clayton said Mr. McReynolds had submitted all the papers in the case.
"Among these," he said, "are many which if made public might prejudice the trial of these cases. The committee desires to weed out all the papers relating to the postponement of the case and until that has been done the correspondence will not be made public."
When the committee resumed it was decided that portions of the correspondence relating to the postponement of the cases probably would be presented to the house next Wednesday, with a report which may recommend that the Kahn resolutions be laid on the table since the object of their introduction had been accomplished.
The committee will make none of the papers public until the report has been prepared for the house, Chairman Clayton announced.

HINTS AT SCANDAL IN FRISCO WATER CASE

Eugene J. Sullivan Sends Sensational Telegram to Committee.
HE IS ASKED TO TESTIFY He Alleges that Water Supply is Plaintful and that City Engineers Received Army Engineers.

WASHINGTON, June 28.—Eugene J. Sullivan of San Francisco, president of the Sierra Blue Lakes Water and Power company, telegraphed the house public lands committee today that reports of water shortage in that city were untrue and framed for political effect. Chairman Ferris read the telegram to the committee.
"Absolutely no water shortage here. Such allegations were framed for political purposes. No need for haste in the Hetch Hetchy matter. Officials merely deceiving your committee, as they already have deceived Mr. Freeman and the army board. We shall have serious scandal, as the army board accepted false data in good faith, but did not give sufficient time for personal investigation. Respectfully ask time to prepare data and present proof to your committee. Please consider this an official communication."
City Attorney Long, City Engineer O'Shaughnessy and California representatives in congress who were present protested against the statement. Representative Kahn said that Sullivan had refused on the army board and requested the committee to summon him. The committee finally telegraphed Sullivan it would hold the hearings open until July 7, when he would be expected to testify.

Caucus Favors Duty on Woolen Manufactures

WASHINGTON, June 28.—Lively discussion developed today in the senate caucus over the rate on manufacturers of wool. The low tariff champions urged that manufactured woolen goods for general use should go to the free list. Woolen cloth, dutiable in the bill at 35 per cent ad valorem, and stockings at 30 per cent, were among those items which some senators declared should not be free of duty in aid of reducing the cost of living.
Senator Ashurst brought the debate to a climax with an amendment to transfer to the free list all woolen manufactures such as blankets, cloth, ready-made clothing, stockings and the like. The amendment was debated until 1 o'clock, when all proposals to place any woolen manufactured goods on the free list were voted down. No record vote was taken.
The action of the caucus last night in putting cotton thread on the free list, was not reopened and no further objection to the change is expected.

WRIGHT HELD AT YORK UPON CHARGE OF BIGAMY

YORK, Neb., June 28.—(Special.)—Yesterday the case of the state against Ralph Wright, a linotype operator, charged with bigamy was heard in county court. The charge was filed by Mrs. C. Custer, mother of his present wife, whom he married two years ago at the age of 15. It is alleged that wife No. 1 lives in Chicago, and that he deserted her when he came to York.
The defendant was bound over to the November term of district court in the sum of \$500, which at this time he has been unable to furnish.

Three Are Reported Dead in Wreck of Frisco Passenger

KANSAS CITY, June 28.—A special to the Star from Tulsa, Okl., says Frisco train No. 11, known as the "California Limited," was derailed eight miles from Tulsa late today. Three persons are reported killed and a number injured.

The Sirens' Song

Drawn for The Bee by Powell.

NO LET-UP IN SIGHT FOR HEAT WAVE IN THE MIDDLE STATES

Weather Bureau Sees a Continuance of the High Temperatures for Some Days.

TWO MORE HEAT PROSTRATIONS

Day Starts Out to Be the Warmest of the Season in Omaha.

THREE DEATHS IN CHICAGO

Lake Breeze Causes Slight Drop in Temperature.

DAY IS COLD IN DULUTH

Citizens Are Wearing Overcoats and Furs in the Zenith City—Snow is Reported in the State of Utah.

The hot weather continued unabated yesterday in Omaha and throughout the country with a repetition promised for today. The forecast for the next few days is "fair and continued warm."
Two were overcome here and many deaths and prostrations were reported from the big cities of the east. The mercury reached 94 in Omaha and went above that mark in many places. Those succumbing here were:
Miss Marie E. Walsh, stenographer for Reuben & Company, Twenty-fourth and Chicago streets, was overcome and removed to her home, 2438 Pierce street, where she is resting comfortably.
Julius S. Cooley, lawyer, was forced to abandon his duties in police court and was taken to his home, 650 South Twenty-first street, in a taxicab. Cooley had but slightly improved in the afternoon.

Three Deaths in Chicago.
CHICAGO, June 28.—A gentle breeze from the lake today gave some relief to the people of Chicago and inspired the hope that the heat wave had been broken.
There was a drop in temperature of three degrees between 9 o'clock this morning and noon. At the latter hour the official thermometer registered 85 degrees.
Three more deaths reported today brought the heat mortality total up to thirteen. Prostrations have been numerous and ambulances have been kept busy responding to calls.
Charity organizations distributed tons of free ice in the tenement house districts, today and every public bathing beach was crowded.
Several thousand persons fled from the city's heat to nearby summer resorts in Michigan and Wisconsin to spend the week-end. As a result every lake steamer and railroad train leaving the city was crowded.

Overcoats and Furs.
SALT LAKE CITY, June 28.—Rain and snow continued to fall in Utah today and overcoats were in order. In Salt Lake City the temperature was 53 degrees, twenty-nine below normal. Snowstorms and freezing temperatures were reported from the higher altitudes.
DULUTH, Minn., June 28.—Pedestrians were seen on the streets wearing last winter's overcoats and men and women in automobiles snuggled down in furs. A high wind off Lake Superior carrying in thick fog added to the chill.

Woman Commits Suicide.
CLEVELAND, O., June 28.—Last night was the hottest of the year and thousands fled to the parks and beaches for relief.
Crased by the extreme heat, Mrs. Jessie Burbank, 33 years of age, mother of three children, committed suicide.

Rain in Oklahoma.
KANSAS CITY, Mo., June 28.—All Kansas and western Missouri suffered from sweltering heat today. Starting at 10 degrees at 7 o'clock the thermometer here in four hours had climbed to 85.
No relief was in sight for Missouri and Kansas. Rain in parts of Oklahoma lowered temperatures there. Rain fell at Oklahoma City.
DETROIT, Mich., June 28.—Cool breezes blowing off Lake St. Clair brought relief from the intense heat to Detroit today.

Three Deaths at Cincinnati.
CINCINNATI, O., June 28.—Three deaths and numerous prostrations early today marked what promised to be this city's hottest day thus far this summer. The resumption of the delivery of ice, despite the fact that the strike continues, probably prevented more fatalities.

Lawyer Accused of Swindling Nebraska Man is Put on Trial

ATLANTA, Ga., June 28.—It was announced last night that eleven jurors will pass on the guilt or innocence of John Bateman, the Atlanta lawyer, now on trial on a charge of having swindled Frank Rothberger, a Nebraska stockman, out of \$20,000 by means of an alleged wire-tapping scheme. By consent of attorneys of both sides Juror J. W. Hughes was permitted to leave to attend to pressing personal business at Cedarstone, Ga.
The defense yesterday introduced evidence to show that Bateman was in Miami, Fla., at the time Rothberger charged that the lawyer was in company with J. H. Blake and H. H. Brown, posing as the head of a St. Paul, Minn., gambling house. The case probably will go to the jury today.
