Big Interscholastic Track and Field Meet On at Chicago Today

CHICAGO, June 28 .- The greatest athetic carnival ever held in Chicago and perhaps on the continent, will be opened this afternoon at Grant park. The contest will begin with a marathon race, following the long established custom in the Olmpic games, and will close a week from Sunday, with the National Amateur Athletic union championships on the program

The national interscholastic track and field meet, the first of its kind, will be d run off this afternoon. Mayor Harrison will start the 120-yard hurdle race, the first number on the card, immediately after he has received a message from President Wilson, delivered by the last s, of the boy scouts, who will have run in relays with it all the way from Washington, a distance of 778 miles. These young athletes, running day and

night, arrived in South Bend, Ind., at 10 o'clock last night, several hours ahead of their schedule. There the sealed tube which contained the president's letter was allowed to remain for several hours, so that the scout who completes the run will reach Grant park at 2:30 o'clock. An hour before he reaches his desination several hundred other scouts will mansuver in the park. The interscholastic meet includes entries

from all sections of the country. The well balanced team of the Oak Park, Ill., high school, rules the favorite, but there are athletes from other institutions who are sure to cut in or the points.

Although the games will not be formally opened until 2.30, the marathon race will start at 11 o'clock and will be for the full distance of twenty-six miles and 3% yards. Twenty-one crack distance men will attempt to cover the course over Southside boulevards to the South Shore Country club and return. The weather was clear and warm and it was feared that the heat will cut down the time of the winner.

Tonight the second Polish Falcon aliance will take possession of the stadum. As an attraction 1,000 and 1,500 meter races will be staged, open only to local talent.
