### ORGANIZE MUTUAL COMPANY

Articles Ready for Filing to Provide Liability Payments.

#### UNDER NEW COMPENSATION ACT

Mutual Insurance for Employers is Provided by Association—Treasurer George Expects Some Cash from State of Tennessee.

(From a Staff Correspondent.)  
LINCOLN, Neb., June 23.—(Special Telegram)—A mutual insurance company to work under the new state law in connection with the workmen's compensation act is being organized, with John W. Towle of Omaha, president; Herbert E. Gooch of Lincoln, vice-president, and Frank L. Ringer, secretary-treasurer.

The articles of incorporation have not been filed with the state, but it is understood that the auditor has approved the form in which they will be drawn. The law specifies that to form such an association there must be not less than twenty employers with an aggregate of \$500 already. Members of the association already enrolled are: J. W. Towle, F. E. Rimbauer, F. I. Billek, G. W. Sumner, F. S. Knapp, H. G. Kelley, Thomas A. Adams, L. A. Kinney, J. W. Steinblat, C. L. Aller, Frank Hammond, C. D. Marx, H. E. Gooch, W. C. Shinn and S. McKelvie.

To provide mutual insurance for employers under the workmen's compensation act is the purpose of the association.

**Tennessee Must Pay.**  
Treasurer Walter George will require the state of Tennessee to pay not less than \$25,000 of the \$25,000 bonds held by the state against that state. He will be willing to take new bonds at 5 per cent for the balance.

"I could use the whole amount," said Treasurer George, "and buy Nebraska school bonds at 4 or 5 1/2 per cent, but I consider the Tennessee bonds perfectly good and at 5 per cent will be a good investment for us."

**Does Not Accept Law.**  
The Anheuser-Busch brewing company of Omaha has written a letter to Auditor W. B. Howard in which it states it has posted notice in its business places that it elects not to come under the workings of the workman's compensation act of 1911.

**Walker's Case Tuesday.**  
The case of John Walker, the Indian who has been serving time for murder in the state penitentiary and who will seek to be released under habeas corpus proceedings, will come up before the supreme court Tuesday.

### WESTERN STATES WANT ATTORNEY IN WASHINGTON

(From a Staff Correspondent.)  
LINCOLN, Neb., June 20.—(Special)—Henry T. Clarke, chairman of the railway commission, returned last night from the meeting of the national organization of railway commissioners at Chicago. The meeting was composed of the chairmen of the different commissions of western states and those present were: Henry T. Clarke, Nebraska; O. P. Garthland, Ohio, president of the national organization; Clifford Thorne, Iowa; O. T. Barry, Illinois; H. S. Martin, Kansas; George H. Henshaw, Oklahoma; C. F. Staples, Minnesota; Alfred Erickson, Wisconsin, and C. F. Glossog, Michigan.

The meeting approved a plan to have a committee appear before the Interstate Commerce commission in Washington, composed of fifteen to be appointed by the president of the association to represent the commission, and also a sub-committee to go to Washington on July 8 to appear before an advisory committee of the commission and also before congress. They desire that a special attorney be appointed to represent the people when matters come up in which railroads are before the Interstate Commerce commission.

### JUDGE LETTON GOES ABOARD TO RECUPERATE HIS HEALTH

(LINCOLN, June 20.—Special)—Judge Charles B. Letton of the supreme court left last week with Mrs. Letton to sail next Friday from Montreal for a two months' tour of England and Scotland. To Scotland some time will be spent with relatives in Judge Letton's former home.

Incidentally, friends of the judge are hopeful that the rest and recreation will prove beneficial to his health, for they have known that he has been poorly all through the winter, and have been apprehensive of a breakdown because of his refusal to abate his work on the bench.

### Diabetes No Longer Feared

Weather Action of a Remarkable Remedy in Controlling Liver Action.

There is no need to fear any more the symptoms of diabetes. This disease is apt to be purely a digestive trouble, and for this reason the liver is held largely responsible. The liver is the largest organ of the body, and it is only a matter of time before it becomes so thoroughly diseased that diabetes is intimately associated with the digestive system.

The thing to do is to so stimulate the action of this myriad of blood vessels that each cellular part selects its own essential nutriment by healthy and unobscured divine disappetition. This is accomplished by S. S. S., the most potent, the most active and the most naturally stimulating blood medicine known. You do not need purgatives; you are not alarmed at the presence of sugar in your so-called sediment.

Just stick to S. S. S. and bear in mind that this celebrated remedy has cured an epidemic of diabetes in the liver cells of the liver as to preserve their mutual welfare and give a proper relative assistance, each cell to the other.

Diapnetic tendencies are thus overcome. Bile becomes a purgative, malarial affections of the spleen and glandular swellings will be entirely eliminated. You will find S. S. S. on sale at all drug stores and for competent medical advice, free, consult by mail the laboratory of the Swift Specific Co., 181 Swift Bldg., Atlanta, Ga.

### GOING ABOARD FOR HIS SUMMER VACATION.

JUDGE CHARLES B. LETTON

### Two Oxford Men Are Charged with Arson

(OXFORD, Neb., June 30.—Special.)—At the instance of the State Fire commissioner, Darwin Lucore and M. W. Van Osdel were arrested Saturday, charged with arson. Both were employed by W. H. Dunn, the former an engineer and the latter a general workman, in his large flouring mill, which was totally destroyed by fire on Monday evening early in March. The mill and contents were insured for \$18,000. The millers' association, in which the mill was insured, thought the circumstances connected with the fire somewhat suspicious, as there had been no fire in the mill after closing time the Saturday evening before. The situation is further complicated by the conflicting testimony given by W. H. Dunn, owner of the mill, and the parties under arrest. Mr. Dunn acknowledges giving Lucore \$1,500 some time after the fire, but claims he was blackmailing into doing so. The parties arrested had their preliminary hearing at Alma, and are being held under \$5,000 bond.

### Beatrice Cuts Water Rate to Fifteen Cents

(BEATRICE, Neb., June 28.—Special.)—The city commissioners held a meeting Saturday and passed a resolution reducing the rate for city water from 20 to 15 cents per 1,000 gallons. Large consumers, such as factories and railroads, will be given lower rates.

The case of Kansas against D. F. Wheeler of Wynmore, charged with complicity in the robbery of the Hanover State bank a few years ago, has been on trial at Washington, Kan., the last few days, and will probably go to the jury Tuesday. About sixty witnesses for the state have testified in the case.

H. S. and B. H. Wiggins of Lincoln have finished checking up the district clerk's office here. It will be some time before their report will be filed with the county board of supervisors.

### Company Enters Appeal in Personal Injury Case

(From a Staff Correspondent.)  
LINCOLN, Neb., June 20.—(Special)—Swift & Co. of South Omaha has entered an appeal in the supreme court against a judgment secured in the Douglas county district court against them by Michael Shannon. In the sum of \$2,500, Shannon secured the judgment for the loss of an eye while working in the laundry of the company's packing plant at South Omaha, claiming that on account of a defective machine water containing caustic soda was thrown into his eye, ruining his sight.

### Democrats Band Together to Form Accident Company

(From a Staff Correspondent.)  
LINCOLN, Neb., June 20.—(Special)—A number of well known democrats have filed an application with the State insurance department for a license to organize and do business in this state as an accident company.

Those interested in the new company which will bear the name of the Old Line Accident Insurance company of Lincoln, are John G. Maher, John J. Ledwith, M. C. Shurtleff, Blake Maher, A. M. Morrissey.

### Governor Morehead Names Senator Talcott

(From a Staff Correspondent.)  
LINCOLN, Neb., June 20.—(Special)—Governor Morehead has appointed Senator J. M. Talcott of Crofton, who represented Knox and Cedar counties in the state senate at its last session, as a member of the pardons board to take the place of Dr. Butler, whose term will expire July 1.

### Dynamite Wrecks Buildings

as completely as coughs and colds wreck lungs. Cures them quick with Dr. King's New Discovery. 5c and 25c. For sale by Beaton Drug Co.—Advertisement.

### OMAHA GOLFERS WINNERS

#### Defeat the Visitors Three Out of the Four Matches Played.

#### SIMPSON PUTS IT OVER EVANS

In a Thirty-Six-Hole Match Professional Instructor Wins on Inside Course of Morning's Play.

Omaha Country club golfers took three of the four matches with the Midwest team yesterday afternoon at the Country club, chief among them being the defeat of "Chick" Evans by George Simpson, professional, in a thirty-six-hole match, 3 up and 2 to go.

Simpson, who is instructor at the Country club, practically won the match on the inside course of the morning's play, when he made the final nine holes in 21, or eight less than bogey, and the course in 71, or nine less than bogey. The morning play resulted in Simpson's victory, 3 up. The afternoon play of eighteen holes at one time found the Chicagoan 2 up, but on the last nine holes Simpson again picked up, and at the sixteenth hole was 3 up, and winner, with 3 to go.

### Three Did Not Come

Three members of the regular visiting team did not come. They were Warren K. Wood, R. E. Sawyer and Carl Devol, all of Chicago. In their place came J. C. LeDuc of Chicago and R. C. Thorne of Kansas City.

The morning games were preliminary, with the exception of the match between Simpson and Evans. They were but eighteen holes and did not count, as the golf committee at the Country club were testing out players to pit against the cracks in the afternoon.

### Record Broken

In the morning match Simpson broke the club record by making the inside course in 71. Never in the history of the club has this been done before. On the fifteenth hole Simpson made a great record for himself when he made the hole in three, which is registered as bogey six. He made a drive which carried him over 200 yards. The approach brought him to the green, about three yards from the hole, which he made on a pretty put. The distance from No. 14 to No. 15 is 49 yards.

### Hale Wins Out

In the other matches Fraser Hale of Chicago and J. C. LeDuc of the same city won from Francis Gaines and Bill Foy, 1 down. Jerry Magee and John Redick beat Howard Lee of Detroit and Harry Legg of Minneapolis, 1 up. Phil Stanton of Grand Rapids and Ray Thorne of Kansas City lost to Ray Thorne and Ralph Peters, 5 up. In this match Hale made the inside in 37 and Thorne made 27 on the outside. These three matches were best-ball foursomes.

Following is the score of the Simpson-Evans match:

Simpson: 45 55 5 4 3 5 3 40  
Evans: 55 44 4 4 3 3 4 31  
Total: 100 99 9 8 7 8 7 71  
Afternoon: 46 48 4 4 5 4 4 40  
In: 47 44 4 5 3 3 5 4 40  
Total: 93 92 8 9 8 8 9 77  
Grand Total: 164 161 17 17 17 17 17 158

### Play at Field Club

This morning the Mid-west players will go to the Field club, where they will play an eighteen-hole match with the following players: Albert Cahn, J. B. Lindsay, Sam Reynolds, Jack Hughes and Frank Hoel. In the afternoon the bunch will go to the Happy Hollow club, where another eighteen-hole match will be played. Harry Legg, the Minneapolis player, will be the only one of the team not to stay over, he having gone home last night.

### Change in Editors at Bradshaw

BRADSHAW, Neb., June 20.—(Special.)—The Bradshaw Monitor, owned and edited by L. D. Beltzer, has been leased to R. O. Allen of York, who takes possession today and will be its editor and publisher hereafter. Mr. Allen is an experienced newspaper man and Bradshaw will continue to have as good a local paper as any town in the state of its size. The paper was founded in 1884 by John B. Dey as the Bradshaw Republican. In 1909 Mr. Dey sold the plant to Mr. Beltzer, who changed the name to Monitor. Mr. Beltzer retired from the newspaper field on account of failing health.

### Cut Wheat on Sunday

TECUMSEH, Neb., June 20.—(Special.)—The wheat cutting is at its height in Johnson county, nor did the farmers stop because the day is Sunday. It has been years since the county had as good a yield. The corn, though dry, is growing and is most promising. Fruit prospects are also good, and conditions on the farm could scarcely be better. Harvest hands are in great demand, and wages are high.

### BRIEF CITY NEWS

#### Electric Pass—Burgess-Granden Co. Fidelity Storage & Van Co.—Doug 1614 Move Foot Print It—Now Season Press.

How is the time to can Logan berries; they will be no cheaper.

When you take your vacation leave your silverware, etc., in Omaha Safe Deposit Co.'s burglar proof vault, 3618 Farnham. \$1 per month for good sized package.

Entertain Salesman—Byrne-Hammer entertained their traveling salesmen last night at the Field club. There were a number of impromptu speeches, and after a banquet the boys all indulged in sleep.

Called to Father's Bedside—Edward W. North, chief deputy collector of internal revenue for Nebraska, was suddenly called to Columbia, Neb., Saturday evening on account of the serious illness of his father, James E. North of that place.

#### Deaths Were Accidental—Verdicts of coroner's jury as to the deaths of James K. Parker, colored, who was drowned near the trestle in Carter lake Saturday afternoon, and of Elmer Johnson, who was struck by a switch engine near the Union station Saturday night.

**Wife's Death—**Nearly fifty natives of Michigan, now living in Oregon, will pass through Omaha Wednesday en route to the celebration of native sons in their native state. They will be entertained while in Omaha by the publicity bureau of the Commercial club. An automobile ride and luncheon have been planned for them.

#### Tells of Wrong Drug Store—W. S. Thrasher, who was arrested for selling drugs to minors, is located at Sixteenth and Nicholas and not at Seventeenth and Cummins, as reported. A. T. Danielson, proprietor of the Red Cross drug store, told Thrasher that he had never sold drugs to minors, and for any other offense. "This confusion of addresses has been of considerable annoyance to me," said Danielson, "and I would like to correct the impression that has gone out among my customers to the effect that I have violated laws."

### EXCISE CHAPTER IS PASSED

(Continued from Page One.)

after to one per 1,000 inhabitants be stricken out. The amendment was defeated and Reagan moved that the figure 800 be substituted for 1,000.

"If we have had 200 saloons with a population of 125,000 I can't see why the number should be reduced in 1920 when we'll probably have 200,000 population," said Reagan.

"The section provides that the number of saloons be increased with each 1,000 increase in population, but the number remains the same until the population has reached the 200,000 mark," said Chairman Victor Reagon.

Seeing that it was so Reagan approved the chapter as a whole and it was passed.

**Control of Elections.**  
Control over city elections is vested in the mayor and council in the chapter on "elections" reported out at this meeting. The chapter retains the nonpartisan ballot and the present method of direct primary nominations.

By declaring that the election districts shall remain the same until changed by ordinance the charter writers indicate doubt of the right of a governor appointed election commissioner to control purely local elections.

The chapter provides that the qualification of electors shall be the same as that of the constitution. This will mean that the advocates of equal suffrage will get votes in city elections when the franchise is extended to women throughout the state. A votes-for-women substitute is sure to be offered as an amendment to this.

It is provided in this chapter that the city health commissioner, now an appointee of the mayor, shall be elected by the people for a four-year term. This clause will precipitate a clash in the convention between the supporters and the opponents of Health Commissioner.

### To Use Oatmeal for Delightful Shampoo

(From Society World.)

While women generally appreciate the necessity of shampooing the head at regular intervals, it seems strange so few realize the dangers of most shampoo preparations and soaps. Many of these contain a large percentage of alkali. Most powders are highly charged with ingredients that use up the natural oil, dry and irritate the scalp, make the hair brittle, lusterless, cause dandruff, falling of hair and premature grayness.

If women knew how to utilize simple oatmeal for shampooing, they'd soon learn its advantages over other things. If one will use a small quantity of caustic oatmeal compound at any drug store, stir a teaspoonful of it in a cup of hot water and use as she would any liquid shampoo, she will be simply delighted with the results. There's nothing quite so cleansing and beneficial to hair and skin. It is wonderfully effective in keeping both in healthy condition, removing dandruff, and giving the hair a beautifully soft, silky, fluffy appearance.—Adv.

**Drink Coca-Cola**

It is no ordinary "drink-it-just-to-be-drinking-something" beverage. Coca-Cola has distinctive, individual qualities that you will recognize. Just to look at a glass of it tells the story—bright, sparkling, clear.

**Delicious—Refreshing Thirst-Quenching**

Whenever you see an Arrow think of Coca-Cola.

### Caucus Approves the Income Tax Section of Bill

(WASHINGTON, June 20.—Democrat of the senate in caucus late tonight approved the income tax section of the tariff bill as revised by the majority members of the finance committee, voting, however, to strike out the amendment which exempt mutual life insurance companies from the tax.

Chairman Simmons of the finance committee, was the leader tonight in the quick action on the income tax section, and he does not anticipate much trouble for the administrative feature of the bill to be taken up tomorrow. This will complete the entire tariff bill with the exception of a few amendments, which the committee has under consideration. One amendment was that the rules governing the special funds for public utilities, which will not lapse into the sinking fund, be extended to apply to auditoriums, public dance halls and public market places. Another amendment provides that no suit to cancel a special assessment may be brought after twelve months have elapsed from the date of assessment.

A chapter on "building restrictions" was passed after Member E. M. Fairfield had offered half a dozen amendments, which the committee rejected. One amendment offered by Fairfield was finally accepted.

This building chapter gives the council power to prohibit any business or any structure on streets, alleys and boulevards and in parks, upon the filing of a petition by a majority of the property owners objecting to the carrying on of such business or the erection of such building. The property owners who protest must pay the damages if the council acts favorably on the petition and damage follows.

City Attorney Rine said this was intended to prevent an owner of a lot "hogging" on his neighbors or "holding them up" and compelling them to buy him off from erecting an objectionable building or carrying on an offensive business. It will also give the residents power, incidentally, to abolish billboards.

The charter makers adjourned until Wednesday afternoon at 2 o'clock.

### Live Stockman Sues Commission Concern for Cattle Shipment

G. E. Anderson, live stock dealer of Red Oak, Ia., has brought suit in district court against Clay, Robinson & Co., a commission firm, alleging that the company owes him \$22,000, the price of 800 head of cattle.

Anderson asserts that in the fall of 1910 Louis Wolf was employed by the firm to herd 5,000 cattle in western Nebraska, that Wolf shipped 800 head to the commission firm on his own responsibility and that the defendant company has made no accounting of the money which it received for the cattle.

### Men Welcome Mother's Friend

A Duty that Every Man Owes to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved throughout the pregnancy.

Write to the Bradfield Regulator Co., 159 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend to-day.

### BROOKS PREPARES MEN FOR THE "4TH"

#### His "Axed" Suit Prices Come in Handy for Men Who Observe Nation's Holiday.

When an Omaha man can walk into a clothing establishment and pick up ANY suit that sold for as much as \$20 at so little a sum as \$12.50, he is VERY apt to BUY, is he not?

Well, that is just what men are doing every day at George Brooks', the clothier's establishment in the City National Bank building, at the corner of Sixteenth and Harney Streets. "Brooks" is the clothier who is swinging the price cutting "Ax" while it does you the most good—BEFORE the Fourth of July.

All \$25 suits at Brooks' are now marked at \$16.50; all \$30 suits are now \$19.50, while the highest grade of \$35 and \$40 suits ever made up for an "exclusive" American clothes shop will now be offered to you at only \$23.50.

And, mind you, "Axed" prices will secure men's suits here BEFORE the "Fourth of July," so that one may WEAR them on the nation's Fest. Day. What's the use of waiting until July 5th?

Make the most of the few days BEFORE the "Fourth"—see that you are wearing new attire—stunning attire—but at the same time DON'T pay regular prices, for remember, "Brooks" is the one who introduced EARLY cut prices this year.
