Blaze Soon Extinguished—A fire started in a pile of rubbish in the basement of Henry C. Keester's residence, 1401 Evans street, about 1 o'clock Monday morning. Mrs. A. Not Familiar With Air Brush—R. P. Stone, arrested by Detective Rich, was hooked on the pad of complaints with the theft of an air brush. Sergeant Marshall, who made out the complaint, is a free born American citizen and as he speaks the English language with a Yankee tinge, no thought as to his having acquired a Cockney accent was held for a minute by Judge Foster. Not knowing what an air brush is, Stone was discharged.

Fixed Up the Names—Giuseppe Garofolo and Rosaria Pattavina received their second license to wed yesterday in the office of the county clerk, because their names were not spelled correctly on the first papers issued to them by one of the clerks on June 28. When their priest found that their names appeared on the first paper as Joe and Rose he refused to accept them as the records to send back to Italy as they would not be clear. "Giuseppe" is simply Joe in plain American, and "Rosaria" is plain Rose in America, but the Italians would not have it so.

BRANDEIS STORES

The Society Bee-Hive

BY MELLIFICIA. Monday, July 7, 1913.

JUST start to travel somewhere or anywhere if you want to find out how small the world is. You will run across people you know or folks from home at nearly every turn of the road. This is again emphasized by the experience of a party of Omaha tourists, now taking in England, described by one of them as follows:

"During our trip to Edinburgh from Manchester our party of four, J. H. Rushton, president of the Fairmont Creamery company; Mrs. J. H. Rushton and Miss Alice Rushton, all of Omaha, and John V. Cortelyou, formerly of Omaha, but now of Manhattan, Kan., went into the dining car at about 12 o'clock and were seated at a table built for six persons. Shortly afterward two gentlemen came in and took the two remaining seats. After listening to our talk for a moment the first gentleman, a grizzled old fellow, said:

"I see that you are not English."

"No," said Mr. Rushton, "we're Americans; we're from Nebraska."

"I'm from Nebraska myself," said the old man.

"And I'm from Nebraska, too," said the second gentleman, a pleasant, smooth-faced young man.

"The first of the two men was John Dunlop, who made his fortune on a farm near Fullerton, but is now living at Hoylake, near Liverpool, England. The younger man was Rev. H. A. Whitlock, who was raised near Hastings and is now with the American Presbyterian mission at Lahore, India."

Lincoln Motorists.
A party with five automobiles from Lincoln made a trip under the guidance of Albert Watkins to a point between Plattsmouth and Bellevue, to see the oldest house in Nebraska. To Whiten Discolored Neck, Arms and Hands

I don't wonder at the anxiety of many at this time to have white necks and arms. It isn't very pleasant to be obliged to taboo collarless and sleeveless dresses throughout the hot season. No woman need worry on this account if she'll treat her skin properly with butter-milk. There's no better means known which is at the same time perfectly harmless. The best method is to cover the skin liberally with preservative butter-milk paste, rubbing it in gently. Allow this to remain on over night, then remove with wet water, using no soap. This is a fine thing to use throughout the summer—on the face, as well as on neck, hands and arms—to counteract the effect of sun and wind. It will make the skin soft, white and beautiful. The preservative butter-milk paste is preferable as it won't make the face gray as do some made preparations found at the drug stores. It is an excellent freckle and tan remover—Just Sells in Women's Realm—Advertisement.
