Some Talk of the Property Passing Into Hands of the Omaha & Council Bluffs Street Railway Company.

The \$10,000 bond required to be filed by August F. Dammrow, the Treynor banker, appointed receiver of the Omaha & Iowa Short Line railroad by Judge Wheeler Thursday, was yesterday filed in the office of Harry M. Brown, clerk of the district court of Council Bluffs.

Mr. Dammrow had nothing to offer in the way of indicating the disposition he will make of the railroad property. He said, however, that arrangements would be made to effect an advantageous sale at as early a date as practical.

Young Women Start Evening Outing Club

A new social organization has been perfected by the management of the Young Women's Christian association and named the Tuesday Evening Outing club. Its purpose is furnishing out door recreation and social functions for the members of the association and their young men friends.

There will be twenty-minute talks on subjects concerning the "Young Man of Today," given by leading business and professional men of the city.

It is proposed to conduct these activities through July and August. O. B. Towne, chairman of the social committee of the Young Men's Christian association and Harold Montgomery will select a desirable spot in the woods just within the city, easily reached by street car and automobile.

Three Conventions During Next Month

August 13-15 Council Bluffs will entertain four conventions of state organizations, the county auditor, county treasurer, county supervisors and stewards of county poor farms.

There was a general discussion of the program, during which the principal features were outlined, but no assignments of subjects made. The Commercial club agreed to entertain the visitors during the late and automobile rides over the city and special diversions.

President Holden and Secretary Tager spent the day in conference with the Council Bluffs men, arranging the program and completing plans. They took luncheon at the Grand hotel with County Auditor Hannan, Supervisors Coe, Childers, True and Harding and R. E. Wallace, J. G. Wadsworth and J. B. Long of the Commercial club's executive committee and Secretary Towne.

URGE RELIGION BE TAUGHT

Ministers Want it Made Subject of Study in Schools.

FOR A PROTESTANT LEAGUE

Recommend that Sex Knowledge Be Imparted to Pupils by Physicians—Newspapers Are Given Advice.

LOS ANGELES, Cal., July 12.—The question, "Should religion be taught in the schools?" was answered affirmatively today by the conference of ministers attending the twenty-sixth international convention of Christian Endeavor societies. So also was that as to the teaching of sex hygiene, but the clergymen registered it as their opinion that sex knowledge should not be taught school pupils by the regular teachers, but by physicians specially appointed for the purpose.

To strengthen the influence of Protestantism it was recommended that the churches join a federation and work in unison. Dr. Charles M. Sheldon of Topeka, Kan., leader of the conference, recommended the compilation of a Bible text book for use in the schools. He spoke vigorously in favor of the abolishment of all "frills" as a menace to democracy.

Dr. Sheldon, who once undertook to edit a regular daily newspaper as "Christ would do it," declared the press would be greatly improved if it eliminated stories of crime, gave more church and religious news and published editions every other day, so that it would not have to pad and "play up" sensational matter.

With regard to the theater and the drama the clergymen in the conference acquiesced in the opinion that the love element in plays was permissible. Chicago was chosen for the next biennial session of the International Christian Endeavor in July, 1915. The vote was made unanimous after several ballots had been taken. Toronto at first was a strong competitor.

Ten thousand Endeavorers paraded tonight, nearly every nation on the globe being represented in the line of march. A sacred concert completed the day's program.
