WILL MANDAMUS MOORHEAD

Attempt to Be Made to Compel Him to Register Father Williams.
HAS VOTED HERE 36 YEARS

Rev. Father Williams, a citizen for fifty years, turned down by the Election Commission Under "Honest Election" Law.
Mandamus proceedings to compel Harley G. Moorhead, election commissioner, to register Rev. Father John Williams, who for fifty years has been a naturalized citizen of the United States and for thirty-six years has voted in the same precinct in Omaha, will be instituted here one of the county judges of the district court Monday.
Father Williams appeared at Moorhead's office this morning to register. When he could not produce his naturalization papers, which were taken out in Massachusetts over fifty years ago, he was turned down, despite the fact that to avoid other evidence to show that for thirty-six years he had voted in the same precinct in Omaha.
Before coming to Nebraska Rev. Father Williams voted in Massachusetts and later in Minnesota. He was surprised when the election commission refused to register him. He declared if that was the way the new law was interpreted he would be tempted to quit voting. The law to be instituted Monday is intended to require an interview of the new and former voters. The law is to be signed by Gov. Williams who is to be sworn in. His naturalization papers were

Reporter Denies Rummaging Into Horrigan's Papers

Charles B. Driscoll, reporter, ejected from the office of Dan Horrigan, secretary of the charter board, Friday, enters a denial to the statement that he was "rummaging through the papers of the convention."
"I was in Horrigan's office," says he, "with his explicit permission and was correcting my own copies of the charter chapters from the originals which were held by Horrigan's stenographer. She was dictating the amendments to me, as had been customary for the last two weeks, since the newspaper men succeeded in getting Horrigan's sanction to their having this form of access to the records. Horrigan's attack upon me was unprovoked, except by my news accounts of his connection with the charter convention."

M. L. Learned Will Represent County Against the Sheriff

Myron L. Learned is to represent the county commissioners in their controversy with Sheriff McShane in which they demand that he pay the county rent for the use of the jail kitchen and utensils in the preparation of the meals for the prisoners. After unsuccessful attempts were made for three days to find John Lynch, chairman of the Board of County Commissioners, who was to bring some important witnesses into court, the case was put over to Monday, and the commissioners asked for special counsel instead of leaving the case in the hands of Deputy County Attorney Hattie.

Secretary of War Invited to Talk to Commercial Club

Secretary of War Garrison has been invited to speak at a luncheon to be given in his honor by the Commercial club when he comes to Omaha to inspect the army posts August 20. The invitation was sent by the club when it was learned he was coming west and his acceptance is expected in a day or two.
Secretary Garrison will be accompanied by Staff General Wood and Quartermaster General Alshire. General Wood has been a guest of the Commercial club before.

Prof. Marks Takes Issue With Howell on the Cost of Gas

The boss of the Water board has taken issue with Prof. W. D. Marks, an expert appraiser, who fixed for the city the value of the Omaha Gas company's property. Marks says the company can furnish gas at a profit of 20 cents. Dr. Becker Howell has cut it down to 10 cents.
Recently Howell and his Water board

Equalization Board Sits Two More Days Before Making Levy

Until the County Board of Equalization sits the remaining two days of its stated twenty days, and until the State Board of Equalization certifies back the returns of the county, nothing will be known in regard to what the various levies will be here.
The state board convenes Friday and will probably sit for several days. When they have certified the returns of the county and sent them back and when the various departments in the county make their needs for the coming year known, the levy will be fixed based on the total assessed valuation.

Asks Heavy Damages for Loss of Finger

Tony Mitchell asks damages in the sum of \$10,000 of the Morris & Co. Packing company for the loss of the little finger of his right hand. He was employed in the pork room of the plant.
E. Murphy, a foreman, he alleges, ordered him to work at the hand saw, where the feet are cut from the quarters of pork. He further alleges that Murphy told him it was a safe place to work; that the men cutting the quarters threw the bones upon the table near the saw and that one of these bones struck his hand, causing it to come in contact with the saw.
