Nebraska Farmers'

Excursion to

New York

A special excursion of Nebraska farm-ers to the farm lands of western New York, the greatest farm values now of-fered on the market, will start from Omaha Tuesday, July 29. The train will leave over the Northwestern at 6 p. m.

This is an excursion for farmers only.

This is an excursion for farmers only. No doctors, lawyers, merchants, preach-crs or widows are wanted. It is a revela-tion trip, to show Nebraska farmers the wonderful opportunities in western New York. It comes at the close of harvest time, when the farmer can see for him-self just how fertile and productive is this land.

Come and see farms on which can be grown a great variety of crops and which are so close to the great ultimate market of the country that all farm products bring much higher prices than in Ne-braska. Half of the farmer's just profits do not go to the railroads for freight. Because of this proximity to the greatest market, and because of the greater yield, the government crop report shows that in 1916 the value of whost por acre in New York was \$3.79 per acre in Nebraska. Come and see how the New York

Come and see how the New York farmer gots \$10 more per acre for his crops than you do.

Come and let us show you a farm right near a fifty-acre peach orchard, one year's crop from which sold for \$2,000, and the crop for four years for \$85,000, and we only ask \$75 per acre for this finely improved farm. The land is great for raising all kinds of fruit. No fear of late frosts.

Come and see wheat almost as high as your head, the best fields of slifalfa and clover you ever saw, farms well developed and with fine buildings, good location near cities, ideal roads and good transpor-tation facilities.

Grasp the chance to go with other Ne-braska farmers to see these farms. Come on the Nebraska Farmers' Ex-cursion, July 29.
