

TURNER SEES BUSY SEASON

Brandeis Director Back from East with Many Bookings.

MANY NEW PLAYS COMING HERE

Contracts Call for Omaha Appearance of the Greatest of Stars and for the Latest of New York Successes.

C. W. Turner, managing director of the Brandeis, returned from New York and other eastern cities yesterday full of plans for the operation of the Brandeis and Boyd theaters during the coming season. He brings word from the east of much activity among the producing managers and rather accounts the gloomy tales that have come out from time to time that the theater would be a dull place during the coming season for want of attractions. Mr. Turner has made all arrangements with Messrs. Klaw & Erlanger and the Shuberts for the winter at the Brandeis, with a list of attractions that ought to prove most popular. For the Boyd a stock company has been secured, with George W. Barrett, present director of the Columbia Players, at the Columbia theater, Washington, as director.

Plays in Prospect.

The Brandeis will open its advance season on August 25. The regular season will open on September 15, with Charlotte Walker. For the first week the offerings will be "The Courtship of Miles Standish" and "The Court of Lunenburg." The latter played for the entire year at the New Amsterdam theater, New York. During October "Way Down East," the musical comedy, "The Tie That Binds," "Blanche Ring in a New Musical Play" and Robert Mantell in Shakespearean repertoire. For November, Lillian Russell, the O'Brien sisters, The Aborn Grand Opera company, Little Women and Gertrude Hoffman's big review. For December, "Officer 666," "Little Boy Blue," "Damaged Goods" and Gaby Deslys at the head of the big Winter Garden company. January will bring Henry Miller; Pavlova, the Russian dancer; McIntyre & Heath in a new revival of "The Ham Tract"; Emma Trentlin in "The Fire Fly"; "The Round Top" and "What Happened to Mary." For February, H. B. Warner, the black-face comedian; Jolyon in "The Honey-Moon Express"; Lady Constantine Stewart Richardson, the titled English woman, supported by Madam Polaire, advertised as the ugliest woman in the world; Harry Lander and "The Garden of Allah." During March "Ben Hur" and "Rebecca of Sunny Brook Farm" followed by Montgomery-Stone and Elsie Jans in new musical comedy, Otis Skinner in "Kismet," Southern and Marlowe in Shakespearean repertoire, the biggest melodramatic spectacular play ever produced, entitled "The Whip," and Margaret Blinnerton in "Within the Law." During April Rose Stahl and Billie Burke pay Omaha a visit; Margaret Clark in a children's play, entitled "Princess Snow White"; "The Passing Show of 1913," just opening this week at the Winter Garden, New York, and "Oh, Oh, Delphine," headed by Frank McIntyre. Contracts have been signed for all these attractions this season.

Nebraska Wheat at Sixty-Six Million Bushels for Year

Allen Logan, president of the Logan Brothers Grain company of Kansas City, has made an estimate of the yield of winter wheat in Nebraska by counties, and places his figures at 63,518,599 bushels for the state. He finds a total of 3,110,000 acres seeded, of which 94,000 acres were lost or abandoned, leaving a total to harvest of 3,016,000 acres. The heaviest losses were in Frontier county, 2,233 acres; Furnas county, 12,648 acres; Franklin county, 2,222 acres; Harlan county, 1,327 acres; Hitchcock county, 30,431 acres; Kearney county, 1,385 acres; Red Willow county, 19,001 acres. The crop was not a total failure in these counties, but a partial yield was secured. In Red Willow county an average of seven and one-half bushels per acre was secured from 57,644 acres; in Kearney county an average of twelve bushels per acre was secured from 22,264 acres; in Hitchcock county, 26.48 bushels returned an average yield of four bushels, the lowest in the state; in Harlan county, the average yield was ten bushels for 54,963 acres; in Furnas county, 32,762 acres saw an average return of nine bushels to the acre; in Frontier the average yield was nine bushels for 44,118 acres harvested. Mr. Logan gives Polk county the highest average yield, with thirty bushels to the acre; Butler and Sarpy come next with twenty-nine. He estimates the probable yield of spring wheat at 4,500,000 bushels, making the total wheat crop of Nebraska for the year around, 68,000,000 bushels.

Morton Says Money from Tornado Loan Bonds Not Needed

George T. Morton, former member of the relief committee, and P. J. Tebbins, who succeeded him on the committee, told the Real Estate exchange today there is no need for the \$250,000 tornado loan bonds. Practically all the cases have been taken care of, the two men declared, and the additional \$250,000 will not be needed. The cases that have not been provided for can be supplied without the extra money offered in the bond issue, they insisted. According to Tebbins, about 170 cases have not been cared for, but there still is money in the hands of the committee and any amount over what is on hand can be secured without the necessity of selling bonds. The committee in charge of tornado relief work, he said, do not care whether the money is voted or not.

SUES WESTERN UNION FOR DELAYING MESSAGE

Charging that the delay of the Western Union Telegraph company in sending a message to flood with the agent at Central City caused him the loss of a great deal of business, James P. Bronson has filed suit against the company in district court seeking damages in the sum of \$2,000. He is a salesman and alleges that by reason of the delay of the company in sending his message he was delayed in his business twelve hours.

Diagnosed as a case of liver trouble, in refusing to see, it finally remedied with Dr. King's New Life Pills. Easy, safe, sure. See for sale by Beaton Drug Co. Advertisement.

RAILROAD OFFICIALS TO MEET

Union Pacific, San Pedro and Oregon Short Line Heads Plan Assembly.

ANNOUNCEMENTS MAY FOLLOW

Looks as Though the San Pedro Line Will Be Taken Over by Harriman Syndicate and Other Changes Will Be Made.

President Mohler, General Traffic Manager Monroe and Passenger Traffic Manager Fort of the Union Pacific are on their way to a railroad meeting that has been called at Los Angeles. There they will meet General Manager McCurt of the San Pedro, General Manager Bancroft of the Oregon Short Line and W. V. S. Thorne, director of purchases of the Harriman system. In local railroad circles it is believed the Los Angeles conference means that plans are to be formulated by which the San Pedro will become a part of the Union Pacific and operated in connection with it.

Senator Clark formerly owned the San Pedro and in 1908 entered into a ten-year contract with the Union Pacific whereby it might operate its trains from Salt Lake to Los Angeles. Since then the Union Pacific interests have acquired 49 per cent of the stock of the road and as the contract expired July of the present year, it is said the Harriman syndicate is prepared to take the property over. At this time the Harriman interests own more than 51 per cent of the stock, and the taking of the road would be an easy matter, entailing only a little voting of shares and some bookkeeping entries. To take over the San Pedro and merge it with the Union Pacific would be no violation of the orders of the supreme court dissolving the merger of the Southern Pacific and Union Pacific. This question was brought up at one stage of the legal proceedings, the court holding that since it was not a competitive line, there could be no legal objection to the acquisition.

A similar question arose in connection with the Short Line and the Oregon & Washington Railway and Navigation property, and the same court ruling is said to have been made. This, with railroad men, leads to the belief that shortly after the Union Pacific takes over the San Pedro, it will merge the Short Line and bring all of the roads under one general management.

The Union Pacific interests now own a controlling interest in the Short Line, but not in the Oregon & Washington road. However, the Short Line stockholders own 55 per cent of the Oregon & Washington road, so that in a round about way the majority of the stock is held by Union Pacific interests.

These questions will all be threshed out at the Los Angeles conference, and it is expected that upon its close, a number of important announcements will be made.

Taylor Says He Has No Authority Over Conduct on the Boat

Criticism of the ill-kept order on the steamer Saturn which makes daily trips from Omaha to Florence has been made by several persons in Omaha to Cadet Taylor, collector of customs for the district of Omaha. Mr. Taylor has no jurisdiction over the conduct of this boat and gave out the following in an interview yesterday: "This office has been called upon several times as to what it is claimed takes place on this boat. I am advised by the United States district attorney that the regulation of the sale of liquor, order and other things on the boat are matters with which this office has nothing to do, and has no jurisdiction, and that they are purely police regulations, under the control of the city and county authorities, in Nebraska, up to the middle of the Missouri river and of the Iowa authorities on the Iowa side of the river."

DR. HOLOVITCHNER HAS SUCCESSFUL OPERATION

Dr. E. Holoitchner, president of the Board of Education, was operated on for appendicitis at the Methodist hospital at 8 yesterday morning. Dr. F. J. Jones performed the operation, which was successful. The physician says the patient will be out in ten days or two weeks. Dr. Holoitchner has been suffering for a year from appendicitis. He had purchased transportation for a trip on the Great Lakes when he realized suddenly an operation was imperative. He will leave for his vacation as soon as he is able.

To Cure Salt Rheum and Scaly Skin

A Most Effective Treatment, Quick in Results.

Salt rheum, scaly skin and other itching skin affections may be soothed by frequent applications of witch hazel. But the cure must come from the activity of the fine network of blood vessels that make up the skin formation. You should use S. S. S. for the blood. This splendid remedy is a marvel for salt rheum, eczema, lupus, psoriasis and scurf. Ask at any drug store for a bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is direct, positive, certain in its influence. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of the rich, pure arterial blood for the impaired blood is marvelous. Get a bottle of this famous remedy to-day, and if your case is stubborn or peculiar, write to The Swift Specific Co., 118 Swift Laboratory, Atlanta, Ga.

BEST AND HEALTH TO MOTHER AND CHILD. Mrs. Winters' young daughter has been used for over SIXTY YEARS BY MILLIONS OF MOTHERS FOR THEIR CHILDREN WHILE TAKING WITH PERFECT SAFETY. SOOTHES THE CHILD, SOFTENS THE GUMS, ALLEYS ALL PAIN; CURES WIND COLIC, AND THE BEST REMEDY FOR DIARRHOEA. IT IS ABSOLUTELY HARMLESS. Be sure and ask for "Mrs. Winters' Soothing Syrup," and take no other kind. Twenty cents a bottle.

Asks Heavy Damages for Loss of Finger

Charles Holy lost a finger and came near losing an arm through what, he alleges, was the negligence of the Cudahy Packing company and the company's surgeon, Robert O'Reilly. He has sued the company for damages in the sum of \$5,000. He alleges that he received a slight cut on the forefinger in the hog killing room while at work there and that he was sent by the boss to Dr. O'Reilly who is the company's surgeon. Holy charged that by reason of improper attention given his finger by the surgeon, the arm became swollen so that Dr. C. C. Allison had to lance and slash it in many places to drain the poison. Later it became necessary to amputate the finger in order to save the arm.

The Perfect Baby Of The Future

A Simple Method That Has a Wonderful Influence Upon The Future Infant.

Too much can not be said for a wonderful remedy, familiar to many women as Mother's Friend.

It is more eloquent in its action than all

the health rules ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon all the cords, muscles, ligaments and tendons that surround the neck, without strain and thus saves the child from all the dangers of a difficult birth. Mother's Friend must therefore be considered as directly a most important influence upon the character and disposition of the future generation. It is a conceded fact that, with saunas, baths, exercises and great banquets, there is stored up such an abundance of healthy energy as to bring into being the highest ideals of those who fondly theorize on the rules that insure the coming of the perfect baby. Mother's Friend can be had at any druggist at \$1.00 a bottle, and it is unquestionably one of those remedies that always has a place among the cherished ones in the medicine cabinet. Mother's Friend is prepared by the Bradford Regulator Co., 139 Lamar Bldg., Atlanta, Ga., after the formula of a noted family doctor. Write them for a very instructive book in Spanish and French.

Double the Life of Your Suit

MANY WILL DO AS FALL SUITS

Brooks' Half Price Sale Includes Garments That May Be Worn Later.

True Economists Glue Eagle Eyes on Sales Like This One.

Many of the men's suits on sale at "Half Price" at George Brooks', corner Sixteenth and Harney streets, are sufficiently heavy to wear right into the fall and winter season; but still they come under the category of spring and summer stock because they were purchased for the past spring and the present summer's business.

So, you discerning economists take notice: a suit that will answer a double purpose—for wear now or later—may be had at HALF PRICE. Yes, sir! \$20 suits at \$10; \$25 suits at \$12.50; \$30 suits at \$15; \$35 suits at \$17.50. A direct cleavage into costs and profits; there's nothing in it for Brooks' excepting that it gives him a chance to clean up on his present clothes stock so that his hands won't be tied when it comes to buying regular fall and winter lines.

George Brooks is the very man who put the word "rain" in Bargain—there never WERE bargains in suits if Brooks' suits at HALF PRICE are not bargains.

So Brooks' closes this announcement with a head that his location is in the City National Bank building, Sixteenth and Harney.
