How to Get Rid of Eczema

If you bruise your hand, you will notice that a scab forms, and when it falls off, new skin has formed. Did you do it? The skin in the same area, muscle, bone, sinew, ligament. All are made from the blood, from the materials that your stomach and intestines convert from food into what we call blood. And this blood circulates in the myriad of tiny blood vessels in the skin. Start from your stomach, where blood materials begin, and it won't be long before you are free of eczema. Use S. S. S. for a short time, and not only will eczema disappear, but the entire blood will be renewed.

FOUR DIE IN MINE BATTLE

CHARLESTON, W. Va., July 25.—Four men were killed in a short, sharp battle between striking miners and watchmen employed by the Wake Forest coal company at Wake Forest, on Cabin creek, the scene of much rioting and bloodshed since coal strike troubles started in April, 1911. The dead: DON SLATER, coal company watchman; FRANK GINN, coal company watchman; TWO UNIDENTIFIED MEN, members of the miners' party. Since the mining town of Ohley, nearby on Cabin creek, was attacked three weeks ago it has been the custom for the company to have watchmen scout the hillside before the nonunion miners are permitted to enter or leave the mines. Watchmen Ginn and Slater were making the usual search today. While going along the heavily wooded hillside they were suddenly attacked by a band of men who opened fire on them. Ginn fell, mortally wounded, and Slater dropped, shot through the leg. Slater, however, returned the fire, killing two of the attacking party and received another bullet through the body.
