Consent to Defend Law.
The attorney general is preparing to make a fight in court in defense of the law which was adopted four years ago under which houses used for immoral purposes may be closed by injunction process. The law is being attacked because of failure of the speaker of the house to certify as to its passage in the house. The state will contend this could not defeat the law.

AFFAIRS AT SOUTH OMAHA
Mayor Hoctor and City Council Unable to Reach Agreement.
BLOOM FENNEL APPOINTMENT
City Treasurer Martin Starts Out on a Campaign to Collect City Taxes that Have Become Delinquent.

Considerable interest attaches to the outcome of the fight between Mayor Hoctor and a majority of the council over the appointment of Street Commissioner Fenell, who has been thus far successfully opposed by the council. Members of the quartet who thus have succeeded in blocking the mayor say they will win out. Some doubt, however, is expressed as to whether John Richey, one of the councilmen, can hold out under the pressure that is brought to bear on him. It is known that most of the pressure has been directed toward Richey.

IOWA NEWS NOTES.
WOODBINE.—Prof. C. W. Pugsley of Lincoln, Neb., who was sent to represent the United States in agricultural session at Rome in company with his parents at Woodbine for a short stay.
GLENWOOD.—Twenty-four representatives of the Silver City Commercial club visited Glenwood yesterday, boosting the Silver City chautauqua. They were in seven automobiles and were accompanied by the Silver City band.

POWERS SEEM POWERLESS.
The concert of powers seems powerless as before to adopt any united action against Turkey. The port, however, has disavowed the action of its troops in penetrating Old Bulgaria and no further advance of Turkish troops has been reported. The Turks claim their spoils at Adrianople consisted of 150 guns, 30,000 rifles and 1,000,000 sacks of corn.

NEW YORK, July 28.—The approach of August finds interest in the major league baseball race down almost to the vanishing point, so far as the premier berth is concerned.
With Pittsburgh's upward rush rudely checked by the Giants, and neither Philadelphia nor Chicago displaying sustained winning power, there seems to be nothing to prevent New York from taking another National league pennant. If McGraw's team continues to play the kind of ball of which it has shown itself capable.

Highway Commission Active.
The state highway commission has just issued a second edition of the bulletin, as prepared by the commission and the legal department of the state, containing the highway laws and the rulings and decisions on various points in regard to the law. The new bulletin contains a great deal of information as to the operation of the law as developed since the commission was organized. The commission today made regulation on the board of control for the first batch of prisoners to be made use of in highway work in Iowa. This is for twelve prisoners to be used on highway work at the college highway in Ames. A meeting of the wardens with the highway commission will be held to plan for this convict road work in Iowa.

Board of Education to Meet.
The State Board of Education will hold a meeting in Des Moines next Thursday morning to take up with the state executive council matters in relation to college work over which the council has authority. At the last meeting all the members but one were present, though several are not well, and it is feared a full attendance is not probable at this time.

City Treasurer Martin Starts Out on a Campaign to Collect City Taxes that Have Become Delinquent.
Considerable interest attaches to the outcome of the fight between Mayor Hoctor and a majority of the council over the appointment of Street Commissioner Fenell, who has been thus far successfully opposed by the council.

Both Sides Parade.
Sunday was a day of demonstration by the military as well as the unions. While the men and their families were marching through the streets, a full battalion of infantry under Major Krapp was sent through Laurium, the command dividing into companies to traverse side streets and uniting in full strength as it reached the principal thoroughfares.

WOODBINE.—Prof. C. W. Pugsley of Lincoln, Neb., who was sent to represent the United States in agricultural session at Rome in company with his parents at Woodbine for a short stay.
GLENWOOD.—Twenty-four representatives of the Silver City Commercial club visited Glenwood yesterday, boosting the Silver City chautauqua. They were in seven automobiles and were accompanied by the Silver City band.

POWERS SEEM POWERLESS.
The concert of powers seems powerless as before to adopt any united action against Turkey. The port, however, has disavowed the action of its troops in penetrating Old Bulgaria and no further advance of Turkish troops has been reported.

Washington's Position.
Washington's success is attributable in very great part to the sterling work of its great pitchers, Johnson and Boehling. The phenomenal young left-hander registered his eleventh consecutive victory this week. Engel, also, has lately come to the front with some high class twisting to help his fellow pitchers. The team is hitting consistently, fielding well and lighting hard all the time.

Both speakers were roundly applauded by the printers, who are in hearty sympathy with the sentiments expressed, and a rising vote of thanks was tendered as an appreciation of the presence of the employers and for the addresses.
C. A. Baumgardner welcomed the employers on behalf of the union, and Cyro Slingerland entertained all in splendid style by his impersonations, songs and dances. Refreshments were served during the progress of the meeting. The printers voted to take part in the Labor day parade and a committee consisting of Messrs. Jeffries, Kincaid and Shaw was named to make the necessary arrangements.

Compels Cleaning of Mine Camps.
The new law in regard to sanitation at mine camps and elsewhere is working out all right. Complaint came to the State Board of Health this week as to the unsanitary conditions of the water at the camp of the Maple coal mine in Monroe county. Samples of the water were secured from the only well at the camp and it was declared to be so bad that it was not feasible to analyze the stuff. Secretary Sumner issued a peremptory order to the operators to furnish a supply of good water for the people living there and it has been done. The new law gives the state board authority to compel a cleaning up of the camps.

POWERS SEEM POWERLESS.
The concert of powers seems powerless as before to adopt any united action against Turkey. The port, however, has disavowed the action of its troops in penetrating Old Bulgaria and no further advance of Turkish troops has been reported.

Chicago was going well until the last few days, when it struck a streak of poor hitting and worse fielding. Hal Chase got into one of his spasms of error making. Chappell, the new high-priced outfielder, has been of little service. For some reason he has been sitting on the bench for the last few days. A blow to the team's supporters was the discovery that Ed Walsh was not yet in shape to pitch regularly.

Compels Cleaning of Mine Camps.
The new law in regard to sanitation at mine camps and elsewhere is working out all right. Complaint came to the State Board of Health this week as to the unsanitary conditions of the water at the camp of the Maple coal mine in Monroe county. Cornerstone of Church Is Laid
In the presence of an audience of about 70 people the cornerstones of the new church building to be erected by the Reorganized Latter Day Saints, on West Pierce street, was laid yesterday afternoon. In his address Rev. M. C. Smith of Lamoni, general historian of the church, retold the story of the separation of the Saints from the Brighamites when the "revelations" of the latter compelled the practice of polygamy. He pointed out the reorganization branch of the church, containing the only truths revealed to Joe Smith and upon which the church was founded. He was followed by Mayor Maloney, who rejoiced with the church people in their enjoyment of a degree of prosperity that permitted the rebuilding of the old church into a modern edifice. He said that it was undoubtedly necessary that there be many churches maintained for the benefit of the many people of different beliefs, and that it was undoubtedly a part of the divine plan, but he felt sure that in the end all humanity would be gathered into one great happy family.

Church Will Ask for Return of Pastor
The last sacramental service of the conference year will be held at the Broadway Methodist Episcopal church next Sunday. One feature of the service will be the admission of new members. It is said that a number have planned to unite with the church at that time. September 1 will be the last service before the annual conference of the church when the regular change of clergymen will occur. A strong movement is on foot to urge the bishop and conference authorities to again return Rev. J. M. Williams to the pastorate of the church and the conviction is that the request will be granted. Rev. Mr. Williams has increased the prosperity and enlarged the usefulness of the church.

Some Agreed.
A guest in a Cincinnati hotel was shot and killed. The negro porter who bears the shooting was a witness at the trial. "How many shots did you hear?" asked the lawyer. "Two shots, sah," he replied. "But like dis way?" "Yes, sah," he explained. "The negro clapping his hands with an intention of a second between claps." "Where were you when the first shot was fired?" "Where was I when the first shot was fired?" "Where were you when the second shot was fired?" "Ah, was passin' de Big 'Fo' depot." "Everybody's Magazine."

Millions of Feet of Lumber.
The farmer and contractor is buying millions of feet of lumber from the C. I. Lumber company and taking advantage of their low prices.

Lawn Swings at Less Than Cost to Make
\$.35 buys a regular \$4, heavy, 4-passenger lawn swing, eight feet high, eight-foot base, five and a half feet wide, thirty-one-inch seat, well made, well bolted, well braced, painted red. \$4.50 buys a porch or low lawn swing; can be used on either porch or lawn, base four and a half by five feet, standards and base made of heavy wood, painted red, well bolted, well braced; either can be set up in a few minutes. Mail us your order with shipping instructions. J. Zoller Mercantile Co., 100-102-104 Broadway.
