GRAIN AND PRODUCE MARKET

Wheat Bears in Pit Outnumber Bulls by a Ratio of Ten to One.

CORN UNDERTONE HAS STRENGTH

Lack of the Needed Moisture Gives Bull Side of the Market New Impetus In Its Efforts to Boost the Price.

OMAHA, July 29, 1912.

The bears in wheat outnumbered the buils by the ratio of ten to one after the close of business last might. While one of the largest grain concerns in the world is staking its money and its reputation on the buil side of the market at the present, the rank and file of professionals advance the opinion that wheat must sell very much lower. Farmers' offerings of cash wheat in the southwest were comparatively small yesterday, but this was offset by the lack of export takings, which were reported by both the Atlantic coast and guif ports as small, being confined to ten loads. The situation of heavy takings by importing countries across the waters and was borne out after the close by the reported heavy engagements of occan vessel room as for as October is. It has been said in the ranks of the bears that after the business of August 15 was filled there would be no export trade until fall and winter trade set in.

Cash wheat was ic higher.

The under current to the corn market was one of continued strength with the flack of moisture throughout the great belt the principal builtsh help yenterday. The market was an active one, and while there were rains in many sections of Nebraska, Iowa and the Chio valley, the real drouth stricken country was without moisture. Rain is badly needed in the citire section west of the Ohio river, yet in part of the country rains will do but little good, as reports any that the corn has been ruined.

Cash corn was 2006 higher. OMAHA, July 29, 1913.

has been ruined.

Cash corn was 203c higher.

Cash cats were \$60 kc higher.

Clearances on wheat and flour were
equal to 22,000 hushels; corn, 1,000 bushels, and cats, 7,000 bushels.

The close at Liverpool was: Wheat,
unchanged to %d lower; corn, unchanged
to %d higher.

to %d higher.

Primary wheat receipts were 4,868,000 bushels and shipments 1,041,000 bushels and shipments 1,000,000 bushels and shipments 1,000,000 bushels last year. Frimary corn receipts were 421,000 bushels and shipments, 270,000 bushels, against receipts of 312,000 and shipments of 321,000 bushels last year.

Primary oats receipts were 587,000 bushels and shipments 702,000 bushels and shipments 702,000 bushels, against receipts of 309,000 bushels and shipments of 234,000 bushels last year.

a net advance of 1% 21% o 10% c. Wheat showed a gain of 329% c and oats a rise of % c to 161% c. Provisions at the finish varied from 5c off to ic upturn of 15c. Speculative trade in corn was the biggest in many months. The country bought on the scale not often paralleled. Damage already from heat and acutely threatening to become worse, with the crop now at about the most critical period, bad sequency discoursed widespread apprehen-

New York General Market.

NEW YORK, July 29.—SUGAR—Raw, steady; from heat and acutely reatening to become worse, with the property of the most critical period, had aroused widespread apprehense. This feeling manifested itself from a start today and took on wildness as a hours passed, with no sign of any letion in prices.

Calimates made by the leading experts licated that the total corn crop might 2,700,000,000 bushels instead of the 2,000,000 bushels, with chances of the tount being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count being out later to 2,500,000,000 bushels, with chances of the count the hours passed, with no sign of any reaction in prices.

Estimates made by the leading experts indicated that the total corn crop might be 2,700,000,000 bushels instead of the 2,000,000,000 which not long ago had been expected by many pessons. Other authorities said the present prospect was for 2,675,000,000 bushels, with chances of the amount being out ister to 2,500,000,000 bushels. Such ideas were what led to the climax of buying on a market from which the ordinary floating supply was exhausted and which was in a highly sensitive condition.

Shorts in corn savagely competed with new buyers, but it was not until just before the close that owners let go with sufficient freedom to cause any considerable setback. December, the active month, which showed the greatest ad-

fore the close that twenty and considerable setback. December, the active month, which showed the greatest advance, touched size, a gain of 3c over last night, but finished at \$2%c. The May delivery in which business was comparatively restricted, made an extreme rise of the.

Wheat railted with corn, the theory be ing that there was not a normal price relation being kept between the two cercals. Another source of strength was the scarcity of acceptances by rural own-

OMARA GENERAL MARKET.

Reactionary Tendency Manifested First Time in Fortnight.

HEAVINESS OF UNDERTONE Indications Show Rise Has Come to a Halt for a Time at Least-Government Bonds Are

NEW YORK, July 29.—A reactionary tundency was manifested by the stock market today—almost the first in a fort-right. Trading was lighter than in the province day. right. Trading was lighter than in the previous day.

Not only was the undertone of today's operations heavy for the most part, but there were indications as well that the rise had come to a halt, for a time at

Still Wenk.

ries had come to a halt, for a time at least.

Apart from less encouraging advices in regard to crops and some resentment on the part of bankers to the statement of the secretary of the treasury in the matter of the government? per cent bonds, the day was deveid of news bearing upon the market. Some betterment was reported in the general bond market, but this was confined largely to issues of a so-called legal character, and suggested little or no increase of demand by investors. Government bonds were once more an element of weakness, registered is selling for \$65, the lowest actual price, while Panama is were 1/2 per cent lower on the bid.

London bought again, taking about 15,000 shares of Erie's, Amalgamated Copper and Union Pacific, while Berlin was a direct purchaser of Canadian Pacific. The most interesting news from the British capital dealt with the failure of another colonial loan, the greater part of which had to be taken by the underwriters.

writers.
Less than the usual interest attached to the second quarterly report of the steel corporation, issued after the market's close. The statement showed total earsings of \$41,519,813, compared with \$34,425,501 the preceding quarter and \$25,102,265 for the corresponding quarter of last year.

1 calves 280 9 50 21 cows... 20 cows 946 6 40 1 built 1 1 feeder 100 7 25 8 8on 4 helfers. HOGS-Receipts were liberal for a Tuesday, about 171 cars, of 11,800 head being reported in. For the two days the supply amounts to 14,830 head, almost identify.

nearly 1,300 heavier than on the corresponding days last year.

Packers were very bearish again this morning, and even shipping hogs suffered a sharp decline. Some early sales made to shippers were no more than to lower, but the prices paid later on in the day for these same grades were all of 56100 lower and in some cases ever more than that. Packers made their first purchases at a decline of 5610c, but values soon stipped to a dime lower level, and remained there for the rest of the day. Towards the close the market was weaker than at any other time, and sales made during the late hours were in some cases quoted as 10615c below yesterday's general trade.

The built of the sales landed at \$8.000 sould be sales and the sales and the sales and the sales are the sales and the sales are the sales are the sales and the sales are the s 5.00, with best lights selling as hig \$8.95, a nickel below yesterday's top. Representative sales.

their usual prison freedom until after the transfer tomorrow of sixty or more of them to Auburn.

DAMAGE SUIT FOLLOWS REQUEST FOR MORE HEAT

A dispute with the janitor of the Californis apartment house in which Casimir C. Westerdahl is alleged to have been knocked down and his wife to have received a broken nose is related in a petition filed in district court in which Westerdahl asks \$1,500 damages from Esabelle and Grace L. Reichenberg, to whom they paid their rent. The plaintiff alleges that Mrs. Westerdahl naked for more heat last March; that the janitor said she "kicked" too much and that Westerdahl then ordered him from the room. The trouble followed.

MOSQUITOES DRIVE OUT CONGREGATION AT SERVICE

SUPERIOR, Wis., July 29.-The congregation of the First Baptist church here was stampeded by mosquitoes at the evening services last night. The congregation temporarily is housed in a tent rending the completion of repairs to the church building, and in the course of the service the tent was invaded by a swarm of mosquitoes, which soon emptied the place. Rev. D. B. Cheney, the pastor, was the last to leave.

GIRL'S THROAT CUT: TWENTY-FIVE ARRESTED

DALLAS, Tex., July 19.-With her throat cut, the body of Miss Florence Brown, 27 years old, was found in the washroom of a local real estate office today, and within two hours twenty-five white men had been arrested on suspicion. The arrests were made in a general police roundup, the police holding persons whom they could not readily

Appointment of Street Commissioner John Fennel confirmed after a motion to reconsider tast week's turndown of the mayor's choice.

Sarco draws first blood and wins contract to pave Q street from Twentyseventh to Thirty-third street. The National Construction company at once files bond and same is approved. Petition of property holders in vicin-

ity of Forty-second and P streets asking for the erection of a viaduct over the B. & M. tracks at that point received.

Appraisers report no damages as the result of the grading of Thirty-second City engineer asks for vanit fixtures

street from Q to U street. in his office.

After all the yelling and noise of conflict, with one victory over Mayor Hoctor's dictation to their credit, the insurgent majority of the council crumpled up at yesterday evening's meeting and voted to

made formal demand for his services as head of the city legal department.

"As the legal department of the city we have no interest in the matter," said the city attorney, "except when we are called upon to act for the board as their advisers. They have not called and we have no intention of participating in the matter except unler necessity. Personally I am against slot machines and public gambling of all kinds. We drew an ordinance to abolish the gambling and slot machine evil in South Omaha. but the ordinance after have been unanimously passed by the council was vetoed by Mayor Hoctor."

Men behind the slot machine monopoly say they are being handed a package. Someone has entered the field against them and is said to be placing slot machines alongside of those operated by the former monopolists in South Omaha.

CHICAGO, July 28.-The body of 11- the South Omaha fire department. A resyear old Bernie Holstein was found under clution looking to this end will be introa clump of bushes in Morgan park today duced at a meeting of the Fire and Powith a bullet hole in the head. The police lice board to be held this morning, acbelieve the boy was murdered after hav- cording to a member of the board. Mayor ing been tortured. They were, however, Hoctor, it is understood, is the instigator unable to find any trace of the murderers. of the reduction in salary for the fire The body was lying face downwards, laddies. The mayor, it is said, insists the hands tied behind the boy's back with that South Omaha firemen shall not rehis shirt and his legs tied with his sus- ceive more than the Omaha firemen rependers. A few feet away were a dosen ceive, which is less than the amount now beer bottles and two newspapers dated paid the South Omaha men. Mayor Hos-July 21, the date on which the boy dis- tor intimated that Members Donahue and Devine of the police board were in uni-The police take this to indicate that he son with his views on the reduction. It is understood that the men have been told that they must "stand" for the cut. Two reasons are assigned for the cut by city hall observers. One reason is to make room for a few more appointmenty when the double shift goes into effect

August 1. The other reason is said to was kept on the convicts in Sing Sing be the desire of the mayor and a few covery of two sticks of dynamite in a cell thing in readiness for annexation at a last night indicated that the plots of the moment opportune for the mayor and a rebellious prisoners to destroy property few others. Just what will be the attias a protest against prison conditions tude of the firemen when their wastes are cut cannot be known now. Even Three hundred and fifty of the most with the double shift system the South rebellious convicts who have been on Omaha firemen have harder work than bread and water in their cells for the the Omaha department, it is said. Havlast few days, probably will not be given ing a small force and a large amount of territory to cover, the local department has never been reckoned as overpaid. It is not likely that business men or

the taxpayers will look with favor on any reduction in a department that is go necessary to the well being of the city. Reductions in running expenses of automobiles, street gangs and special inspectors might be welcomed more avidly, it is thought.
