# Receipts From Merchants on This Page Are Valuable

Many men are convinced that collar manufacturers conspire to make collars easily destructable, so that they can sell more of them.

This is ridiculous. There is too much competition-if not honesty-to permit that sort of a thing.

The life of a collar depends upon how it is laundered, Our "non-crack" and "smooth finish" process will double the service of your collars.

Our "family wash" service is pleasing thousands of house-

Wheat contains all of the fifteen elements that go to build up man's marvelous system; it has produced a strong race of men. All other so-called foods combined do not contain the necessary nutritious properties to keep man in good health. Without the IRISH ENTIRE WHEAT BREAD a large portion of the human system would not be nourished, even if one partook of all the fooda to be had in this city, together with the so-called whole wheat

Eat plenty of the IRISH ENTIRE WHEAT BREAD at every meal and masticate it thoroughly, in this way pure blood will be made every 24 hours, together with all the other fluids that are made by the system, to take the place of the waste. By eating the only food, the IRISH ENTIRE WHEAT BREAD, which nourishes the entire human system, you will add from 25 to 50 years to your life,

Man's greatest asset is perfect health. To keep in continuous good health, he should eat plenty of the "Staff of Life" at each meal, Courtney's IRISH ENTIRE WHEAT BREAD. Lose no time

### May Increase Aero Race Prize to One Million Dollars

A movement to increase the grand prize money of the Panama-Pacific International globe-girdling aviation race to the tremendous figure of \$1,000,000 was inaugurated by a telegram received by President C. C. Moore of the exposition from the aero clubs of America and transmitted by him to Arnold Kruckman manager of the bureau of aeronautics of the exposition, for his action.

Stimulated by the announcement of the Panama-Pacific world race, a series of long-distance races between the seven great capitals of Europe and Monte Carlo are being planned. These races will demonstrate the feasibility of the great race of 1915,

### Mosquitoes Mistake Statue for Person

The illumination engineers of the Panama-Pacific International exposition have recently been experimenting with red, purple and iron rays, seeking to give to statuary by night the flush of living human flesh by day. While throwing a combination of the rays upon a life-sized plaster model of the Venus de Milo an effect so like the glow of a human countenance was secured that a flock of mosquitoes from hearby pools were attracted to the neck and shoulders of the model, breaking their bills in their attempts to drill through the plaster.

### WILL DEVELOP PLAN OF INTERNATIONAL PATROL

A plan whereby the United States, Great Britain and France will patrol the Atlantic ocean with acout cruisers carrying supplies of gas, oil and equipment, is being developed in connection with the Panama-Pacific International aviation contest. These cruisers will convoy the racers across the Atlantic and Pacific oceans, the United States patroling and marking the course from Belle island to Cape Fairweather. France from Cape Fairweather to Reykjavik, Iceland, and Great Britain from Iceland to the Hebrides. Each aeropiane will carry one passenger and will be permitted to land on the cruiser, or, in the case of hydroaeroplanes, upon the water near the vessels to take on supplies when necessary

# "Al" Dresher Saw a Robin Yesterday

Yes, "Al" saw the pleasant little harbinger of spring, as was coming to work yesterday.

Says "Al" to himself: "Spring's coming! We are going be rushed to death soon. But WHY do folks wait until the very last moment to bring their clothes in to be cleaned? Of course we've got a \$57,000 plant and more workers than any other plant this side of Chicago, but even so, it's a load on us when EVERYBODY wants his work at ONE time!"

Now, then, dear public, help poor "Al" and his workers, and help yourself at the same time.

Dresher Brothers have dressmakers, tailors, dyers, bushelmen, alteration hands, feather curiers, hat blockers, rug cleaners, etc., by the scores; they are busy now, but they'll be in a positive "stew" to get out the work that will come in a few days. Why don't you do as "Al" says: "Please send in "Please send in your work NOW?" Phone number is Tyler 345.
