FRENCH CABINET WILL STAY

Ministry Will Not Retire Because of Murder of Editor.

RENOULT SUCCEEDS CAILLAUX

Threat to Publish Letters of Minister of Finance to Mme. Caillaux Before Marriage Motive for Crime.

PARIS, March 17.—The French cabinet today decided to retain office in spite of the resignation of Joseph Caillaux, minister of finance.

Although Caillaux was considered the strongest and most influential member of the cabinet, his colleagues determined to accept his resignation and to reorganize the various portfolios.

Rene Renoult, hitherto minister of the interior, will become minister of finance. Louis Malvy, minister of commerce, will succeed Renoult as minister of the interior.

Madame Caillaux, who caused this upheaval in French political life, is now in St. Lazare prison. Her husband today took an affectionate leave of the officials of the ministry of finance.

Motive for Murder. Acting on information given by Madame Caillaux, the police today took possession of various papers in the office of the editor of Figaro.

It is generally supposed that Madame Caillaux had received an intimation that Calmette was about to publish these letters and it was this that led her to attack him.

Because of the hostile demonstrations by street crowds, a number of detectives were assigned today to protect the minister.

Woman Attacks Assignment. A young woman singer assaulted Victor Augagneur, vice president of the Chamber of Deputies as he was about to open parliament today.

M. Augagneur, who is a deputy from the Rhone department, was entering the Parliament hall for the session, which was just ready to open, when the attack occurred.

His assailant was arrested, but her action did not become known. M. Augagneur later proceeded calmly over the session of the chamber.

Great Britain Will Build Ten New Big Gun Battleships

LONDON, March 17.—Great Britain will have ten of the new big gun battleships in the water by the time any other nation in the world has two.

Four of these ships, which are presumed to be of the Royal Sovereign type and one of the Queen Elizabeth type.

The Queen Elizabeth, launched last October, was the first ship to mount fifteen-inch guns, of which it is to have 10,000.

The latest type of American dreadnought is provided with twelve fourteen-inch guns.

German Aeronaut is in Russian Jail

BERLIN, March 17.—Hans Berliner, a German aeronaut, has been imprisoned at Kirgichansk, Russia, since February 10, on suspicion of espionage.

Berliner was anxious to enter the race for the Gordon Bennett international aeronautical trophy, to be held in the United States in October.

The letter stated there was no indication of the aeronaut's release.

Hoarseness

Have you got hoarseness that continues? Or do you get hoarse in a while, whenever you get the slightest cold?

Hoarseness means a catarrhal condition of the vocal cords. The vocal cords are way down in the larynx and when affected by hoarseness should cause serious concern.

Peruna has been found to be an excellent remedy for such cases. We have received testimonials from responsible people who have been relieved of hoarseness by Peruna.

G. W. Perkins Issues

Orders to Moosers to Oppose Coalition

NEW YORK, March 17.—The position of the New York state progressives in opposition to any coalition with the republicans is expressed in a letter signed by George W. Perkins and made public today by the progressive state committee.

Accompanying the letter is another signed by O. B. Phillips, who is acting state chairman during the absence of Theodore Douglas Robinson. Mr. Phillips says:

"This puts at rest all uncertainty as to our stand as to giving up the fight as a progressive party."

Speaking of what he terms "the efforts of the republicans to work up some sort of a scheme by which there would be harmony between the republicans and the progressives this fall," Mr. Perkins says:

"Every day, it seems to me, makes it more and more plain that we are in for a knock-down-and-drag-out fight all along the line. Republican leaders fall entirely to recognize the tremendous changes that have come about in the thoughts of the people as a result of the mighty evolution that has been under way in recent years, and there is no more chance of their old leaders or old principles ever again being acceptable to our people than there is for a snowball to survive in hades."

Whenever you see any inclination to trade or deal or sympathize with the republicans I hope you will wait it, and let us know down here, so that we can hit it again where you hit before."

Militants Shower King and Queen With Suffragist Paper

LONDON, March 17.—Militant suffragettes contributed an extra and unheard-of "turn" to the program given before King George and Queen Mary, at a music hall performance in aid of a hospital.

During the singing of the national anthem a shower of militant suffragette pamphlets fluttered from the gallery above the royal box. Some of the papers floated into the box and found a lodging on the shoulders of the king and queen.

Simultaneous a woman occupying a place in the stalls of the theater stood up and pointing a finger at the royal party shouted: "Your majesty! Mrs. Fankhurst is in prison. I therefore—"

The woman was unable to proceed further with her speech as a detective clapped his hand over her mouth and she was escorted out of the theater.

A sentence of six weeks hard labor was pronounced today on Catherine Wilson, a militant suffragette, who was arrested last night in the lobby of the House of Commons while dressed in men's clothing and carrying a dog wrapped in her sleeve. She was charged as a suspected person.

She told the magistrate: "I went to the House of Commons to give Premier Asquith or Home Secretary McKenna a good thrashing."

SLIGHT DIFFERENCE FOUND BETWEEN VALUATIONS

(From a Staff Correspondent.) LINCOLN, March 17.—(Special Telegram.)—According to figures given out by a committee selected to pass on the report of the York telephone plant as made by Bemis-Stone engineers, the reproduction value of the plant is given as \$1,585,848 and the present value \$8,212,125.

Valuations made by the commission's engineers were \$164,168 for reproduction and \$119,559 for present value. The state has gone to an expense of \$2,000 to satisfy the demands of those who wanted to make good on criticism of the department.

The difference between the reproduction value and the present value is \$1,664,567. The hearing on the new valuation, it is said, will develop from explanations as to why the valuation in each case was lower than that of the commission's engineers.

New Feature Added Parcel Post Service

WASHINGTON, March 17.—To further add to the popularity of the parcel post, Postmaster Burleson today signed an order which will permit the attaching of a letter to a package when both bear their respective rates of postage and are addressed to the same individual.

The sending of a communication with a parcel post package heretofore has not been permissible. Postal officials pointed out today that it is often of the utmost importance that the sender of an article of merchandise write a letter concerning it and that in order to avoid delay and facilitate the transaction of business, it is highly desirable that the parcels and communications be delivered at the same time, it was with this in mind that today's order was issued.

The letter or communication, however, is not to be included in the package, but is to be tied or otherwise securely fastened to the outside in such manner as to prevent its separation from the package. The new order is expected to enlarge considerably the parcel post service.

Harlan is Elected Head of Commission

WASHINGTON, March 17.—The Interstate Commerce commission today elected Commissioner James S. Harlan as chairman in succession to Commissioner Edward E. Clark. Mr. Harlan assumed the duties at once.

Commissioner Harlan's election was in pursuance of a policy adopted in 1911 that the term of the office of chairman should be for one year and that it should be filled by each commissioner in the order of seniority.

Mr. Harlan was appointed from Illinois in 1908, was reappointed in 1911, and his present term will expire December 31, 1913. During his incumbency he has handled some of the most important cases brought to the commission.

ST. PATRICK BARS SUPFS

Women Not Allowed to March in Parade in New York.

TWENTY THOUSAND MEN IN LINE Procession Made Up of Hundred and Sixty Organizations and Forty Bands—Exercises in Chicago.

NEW YORK, March 17.—Applications of women's organizations to take part in today's parade in honor of St. Patrick were refused by the celebration committee. While no explanation was given for barring women marchers the committee made it plain that the rule applied to suffragists, many of whom had arranged to march.

The parade was made up of forty bands and 200 patriotic, benevolent and social organizations, besides sixty divisions of the Ancient Order of Hibernians. In all 20,000 passed the reviewing stand. Exercises in Chicago. CHICAGO, March 17.—St. Patrick's day was observed by Irish-Americans here

with appropriate ceremony today despite a cold rain. A set of joy bells from Dublin announced the opening of the principal celebration at the Coliseum, where bits of shamrock had been provided for 10,000 persons. A piece of sod cut from a hill near St. Patrick's rock in County Antrim, Ireland, was placed on the speaker's stand. Roger C. Sullivan was the principal speaker. After the addresses there were Irish folk dances and singing. At the celebration under the auspices of the Irish Fellowship club Mayor Harrison and wife were guests of honor and United States Senator Gilbert M. Hitchcock of Nebraska spoke on "Centralization of Power, the American Danger."

At the celebration held by the Ancient Order of Hibernians the speakers were Dudley F. Malone, collector of the port of New York; Rev. Francis Kelley, president of the Catholic Extension society and Archbishop Quigley of Chicago.

Case Against Harlan Taken from Jury by Judge Applegate

GLENWOOD, Ia., March 17.—(Special Telegram.)—The trial of C. S. Harlan, receiver of the Atlantic Northern & Southern railroad, who was charged with embezzlement, ended abruptly this morning when Judge Applegate sustained a motion made by the attorney for the defense to take the case from the jury.

The court in an opinion which occupied an hour and a half in its delivery held that under the laws of Iowa, a receiver cannot be indicted for embezzlement, and that even if the indictment had been valid the evidence submitted was not sufficient to convict. Mr. Harlan was warmly congratulated by his friends.

The case was brought from Cass county to Mills county change of venue and Judge Applegate of Guthrie Center was assigned by the supreme court to preside.

CHARGES MADE AGAINST JUDGE Application is Based Largely on Alleged Misconduct and Biased Rulings of the Presiding Jurist.

WASHINGTON, March 17.—Application for pardon by eighteen of the labor leaders convicted in the "dynamite conspiracy cases" at Indianapolis, was filed today with the Department of Justice by the men's attorney, Edward M. Manning of Chicago. The petition alleged that the men were innocent and that Judge Albert B. Anderson, who presided over the federal court at Indianapolis, where they were convicted, did not give them a fair trial.

Mr. Manning announced that at least twenty members of the house and several senators would appear before the department of justice in behalf of the convicted men.

Those applying for the pardons were Frank M. C. Ryan, Michael J. Young, Edward Smythe, Paul J. Morris, Frank J. Higgins, T. E. Munsey, Frank Mooney, John S. Barry, Peter J.
