

SCHOOL FUEL BILLS REDUCED

Board of Education Saves Half During January and February.

TEACHERS' SALARIES INCREASED

Associated Retailers Ask Board to Pay for Publication of High School Papers to Relieve Merchants of Unprofitable Advertising.

For the first two months of the year 1914 the Board of Education has expended just half as much money for fuel as was spent during the same period in 1913.

The total expenditures for the two months of this year there was an increase of \$16,000 in teachers' salaries, \$1,000 increase in janitors' salaries, although the total increase was but \$3,000.

Associated retailers of Omaha protested to the school board last night against having to advertise in the official publications of the Central High school and the Omaha High School of Commerce.

They said, through the secretary of the association, that no adequate returns were received and they requested the board to pay for the publication of the two papers. The request was referred to the superintendent and the committee on teachers and instructions.

Bids were received for wiring the Central High school. The Le Bron Electrical works were low bidder at \$30,000.

Miss Elizabeth P. Allen of Saunders school requested and was granted leave of absence for three months to attend the course given in Munich under the direction of the vocational department of the National Bureau of Education.

Rooms for use as annexes of the High School of Commerce were rented for another year at the same rate the board paid this year.

Paul Ruemmel of the manual training department of Central High school, in the first year of the month, made a beautiful travel which Ernest Couval, a student at the high school, presented to President C. T. Walker.

Dr. Fordyce, who is dean of the teachers' college of the state university, with telling illustrations pictured the old-fashioned, close home life of seventy-five years ago, in comparison with the relatively unhome-like homes of today.

He said the existing condition was a necessary result of the commercial and industrial development of the world, but should and could be improved by parents and children opening their hearts to each other and growing toward instead of away from one another.

C. D. Denison of Atlantic, Ia., himself a grandfather, was present as an honor guest, with his son, General Secretary E. Denison of the association.

President George F. Gilmore of the association presided and brief remarks were made by Secretary Denison and Boys' Work Director R. S. Flower.

Music was given by Earl Ticknor, who played two flute solos, and Arthur Rouner, who sang. Rouner holds the local amateur championship in weight lifting and was introduced as "The Singing Sampson." After the banquet and speaking the boys escorted their fathers through the association building and then all assembled in the boys' rooms to enjoy a concert by the association military band, which is directed by Dr. A. D. Laird.

DEMOCRATS TAKE PART IN REPUBLICAN PRIMARY

Benson held his primary election yesterday in preparation for the city election to be held Tuesday, April 7. There was no contest on the democratic ballot, consequently the democrats flocked to the republican camp and participated in the heated contest for mayor, engineer and councilmen.

About 450 votes were cast all told, out of a total voting strength of over 900. Because there was no competition for places on the democratic ticket, the democrats who total over one-third of all the voters, are said to have thrown many of their votes onto the republican side, so as to control the list of candidates against whom their men will have to run in the final election.

George Hill, the present mayor, was chosen again to head the democratic ticket, only fifty-nine votes being tallied for him. Edward Benson received the republican nomination with 243 votes, as against 156 for Fred Bailey. Thus 399 votes were counted republican against fifty-nine democratic for mayoralty nominations, whereas it is said that out of the total of 458 votes cast, fully 150 were deposited by men who are really democrats.

The results, other than for mayor, were as follows: REPUBLICAN. City clerk, Dan Westergard. City treasurer, Guss A. Wulff. City engineer, K. Roemke. Councilmen, First ward, Andrew McCormick; Second ward, Claid Giant.

DEMOCRATIC. City clerk, F. W. Melchior. City treasurer, A. P. McCarthy. City engineer, Peter Christensen. Councilmen, First ward, W. E. Wright; Second ward, A. M. Wiggins.

In the republican camp, the unsuccessful candidates for nomination, aside from that of mayor, were John McGuire, who ran for the nomination for city engineer, and William Torton and C. L. Mather, who ran for the nominations for councilmen of the First and Second wards, respectively.

"Tiz" Fixed My Sore, Tired Feet

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel all tired out—just try "TIZ." It's grand—your feet will dance with joy; no more pain in corns, calluses and bunions. There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

LANGDON IS OLDEST SOLON Probably Served Earlier Than Any Who Will Attend Banquet. MANY OMAHANS WILL ATTEND Members and Former Legislators Who Reside in Omaha Have No Invitations, but Are Expected to Go.

When Martin Langdon steps into the banquet hall at the Lindell hotel in Lincoln Friday night for the great gathering of members and former members of the Nebraska legislature, it is believed in Omaha that he will have the record among his fellows of having served in the Nebraska legislature at an earlier date than any other in the hall.

From present indications Omaha will have a good representation at the banquet. As reservations are sent in to Lincoln it is difficult to tell just how many will go from Omaha, but the following are definitely known to have made arrangements to go.

Henry C. Richmond, secretary of the Legislative league, who has charge of the arrangements, says that on account of the difficulty of finding the exact addresses of the Omaha members and past members, no invitations were sent to them, and that all are expected to buy their tickets and go anyway without special invitation.
