CITE OFFICERS FOR CONTEMPT

Sensational Incident Attends Trial of Mayor of Terre Haute.

ATTEMPT TO SEIZE RECORDS

Chief of Police, Assistant City Attorney and Building Inspector Are Sentenced to Terms in Jail.

TERRE HAUTE, Ind., March 25.—Four members of the city administration, Edward Miller, superintendent of police; P. R. May, assistant city attorney; Harry S. Montgomery, president of the Board of Public Works, and Henry Raebler, building inspector, were found guilty of contempt of court today, sentenced to thirty days in jail and fined \$100, but the fine and sentence were suspended during good behavior. In addition the court barred Attorney May from further participation in the trial of Mayor Roberts.

The men were cited on the contempt charge as the result of an alleged raid Saturday afternoon, when the city officials, with a number of policemen, entered the office of Special Prosecuting Attorney Chalmers Hamill for the alleged purpose of getting possession of the restriction books and supplies which were to be used by the state as evidence in the trial of Mayor Donn M. Roberts for alleged election conspiracy, now under way.

HENRY PHIPPS LEAVES STEEL TRUST BOARD

NEW YORK, March 25.—Henry Phipps, identified with the United States Steel corporation since its organization, today announced his resignation from the directorate and the finance committee of the corporation. James A. Farrell, president of the corporation, succeeds him on the finance committee. It is understood that the name of Henry Phipps, Jr., will be presented to succeed his father on the board.

FORMER DETROIT NEWSPAPER MAN SLUGGED AND ROBBED

MASON CITY, Ia., March 25.—(Special Telegram.)—Victim of thugs who slugged and robbed him of \$25 and watch at Iowa Falls Sunday night, W. J. Russell, former reporter on Detroit papers, was found in a box car in the Rock Island yards unconscious and suffering greatly from three lumps yesterday. He was assaulted, he says, by a man for whom he had a few minutes before bought a meal.

INSURANCE AGENTS BANQUET AT HASTINGS

HASTINGS, Neb., March 25.—(Special Telegram.)—D. H. Hall, assistant secretary of the Germania Life Insurance company of Omaha, gave a banquet at the Clarke hotel tonight to the nine agents who work out of Hastings. The occasion was in celebration of the opening of an office in Hastings.

COMPLAINS OF POWDER FIRM

Corporation Making Baking Preparation Uses Egg Albumen.

SAID TO MAKE BIG SHOWING

Allegation is that Unfair Result is Attained in Demonstration, Since Other Powders Act Same in Actual Use.

(From a Staff Correspondent.) LINCOLN, March 25.—(Special.)—Complaint has been filed with the pure food commissioner against a baking powder company, in which it is charged that the company is using in its production egg albumen, the nature of which makes more gas. The stuff is used in demonstrating the raising qualities of the powder. The process used is for this company to place a couple of spoonfuls of its powder in a glass, then do the same with two or three other companies' samples. Some of the egg albumen is poured into the glass and the powder quickly raised to the top. The same process has no effect on other makes of baking powder.

It is claimed that the company uses this kind of a demonstration to show that its make has more raising power than other makes, when it is said that the action of flour on the other brands is such that the same result is produced as soon as it comes in contact with the flour. The hearing will take place April 3.

Investment Company Applies.

The Nebraska Security Investment company of Omaha has filed an application for a license to do business in Nebraska. It desires to sell stock in the company, which proposes to build houses, flats and other buildings, guaranteeing a return of 7 per cent on the investment. J. J. McArdle is president, J. N. Crawford vice president, W. O. Jansen treasurer and Glen Pettit secretary.

Want to Build Reservoir.

Private Secretary Andrew Morrissy of the governor's office has returned from a trip to Kearney, Holdrege, Smithfield and Elwood, where he attended mass meetings of the people in those cities. The purpose of the meetings was to look up the proposition started some time ago of building a big reservoir at some point in the western portion of the state which would hold the waste water in the spring and conserve it for the use of agriculture later in the season when it is needed. The meetings were well attended and the matter will be pushed. April 9 an engineer sent here by the government will make an investigation of the proposition and report to the department of the government which has charge of these matters.

Robbers Make Open Attack.

While Miss Cecil Snapp, a stenographer for the state hotel commission, with her mother were going home from the theater last night they were set upon by a couple of highwaymen and Mrs. Snapp was relieved of a bag containing \$25. The deed was committed in front of houses on one of the main residence streets of the town and a man and woman standing in front of a house across the street saw the robbery, but made no attempt to assist the women. They fought with them for some moments, but were unsuccessful in beating them off until they had secured the bag with her money. After the thieves had gone several people arrived on the scene, but no trace could be found of the robbers.

Taylor to File for Congress.

It was given out this morning at the state house that F. J. Taylor of St. Paul would file in a few days for the nomination for congress on the democratic ticket in the Sixth district. Mr. Taylor is well known in that section of the country, but when it comes to tackling "Uncle Moses," he may not be any more successful in defeating the "Big Sixth" popular congressman than have the many others who have tried and failed.

Auto Truck for Nebraska.

The National Guard of Nebraska now owns an automobile. However it is not the pleasure kind, but was built for work and will be used in transporting supplies from the railroad to the arsenal, and also will be taken to camps and used to haul army supplies to and from camps.

Fourteen Players For Norfolk Club

NORFOLK, Neb., March 25.—(Special Telegram.)—Walter Cummings, manager of the Norfolk State league baseball team, arrived in Norfolk from Lincoln today. He brought contracts for fourteen players who are to report for training about April 30 at a splendid ball ground one block from the paved district has been leased by the new league club.

CHINESE BRIGANDS SACK CITY OF LUNG CHU CHAI

PEKING, March 25.—"White Wolf," the Chinese brigand, and his followers today captured and sacked the city of Lung Chu Chai in the province of Shen Si. They killed 200 of the inhabitants and wounded and captured many hundreds more.

News Notes of Clay Center.

CLAY CENTER, Neb., March 25.—(Special Telegram.)—A farmers' elevator company was organized here today. The capital stock is to be \$20,000, fully paid up. The company will either build a new elevator or buy one of the line elevators. A suit was filed today in the district court by Lena Barth against two saloonkeepers at Glenville praying for \$4,500 damages. It is alleged they sold liquor to her son, Elmo Sprengle, and while under the influence of same he broke into a store in Glenville and was afterwards found guilty and fined \$300 and costs, which, with the other expenses of said trial, she said.

Only one "BROMO GUININE." To get the genuine, call for full name, Laxative Bromo Quinine. Look for signature of E. W. Groves. Cures a Cold in One Day.

BRITISH SECRETARY OF STATE FOR WAR RESIGNS HIS POST

(Continued from Page One.)

The army to crush Ulster a political opposition to the home rule bill.

The correspondence, however, points out that the government retains its right to use the army to maintain law and order. It also omits the verbal communication made by General Sir Arthur Paget to the officers at the Curragh camp, which led to their resignations and which the government argues was the result of a "misunderstanding."

The version of General Paget's communication, read by Andrew Bonar Law, leader of the opposition in the House of Commons, on Monday, seems to be substantially correct. Mr. Law on that occasion read a letter in which General Paget stated that "active operations were to begin against Ulster and that it was expected the country would be in a blaze by Saturday."

The Irish commander-in-chief wrote that he was in close communication with the war office and had received instructions from headquarters to notify his officers that those of them domiciled in Ulster would be allowed to disband and be afterward reinstated. They must, however, give their word of honor not to fight for Ulster.

Colossal Fire Drill Marks Anniversary of Triangle Tragedy

NEW YORK, March 25.—A demonstration, extending from Brooklyn to the Bronx, and commemorating a disaster, was held today on the third anniversary of the Triangle Waist factory fire, in which 147 lives were lost.

The ringing of gongs in hundreds of factories brought forth orderly streams of employees until the streets in some quarters took on a holiday aspect. This colossal fire drill, which included most of the factories and schools in the city, was planned by Commissioner Robert Adams and several safety organizations to show progress in prevention.

Mr. Adams, who invited Mayor Mitchell to review some of the larger fire drills with him, visited a large tobacco workers in Brooklyn which employs 2,500 workers. Here the drill was perfect, two and one-half minutes sufficing to bring out the employees with the safes locked and the roll called.

Spinsters Live Longer Than Matrons

NEW YORK, March 25.—The spinster lives longer than the married woman, and the woman who holds an endowment insurance policy lives longer than the woman who takes out a straight life policy.

These facts, substantiated by statistics gathered last year by experts in the employment of forty-three insurance companies, were brought out last night by Arthur Hunter, an actuary, in an address at the monthly meeting of the Life Underwriters' association of New York.

Mr. Hunter also said the business woman lives longer than the married man, but he did not attempt to explain why, except to declare that figures proved his statement to be a fact. Nor did he explain why the unmarried woman survives the matron. He did tell, however, why the woman who takes out an endowment policy lives longer than the woman who has to die to get the insurance.

"The endowment woman just gets up her spirit and determines to live until the 'policy matures,'" he said.

"The other woman sighs and says, 'Oh, what's the use,'" he said.

Mr. Hunter said there were more fatal accidents in this country than elsewhere because of the American "ill-take-chance" spirit.

"The mortality rate among engineers and firemen is eight times that of men in other callings," he said, "and among policemen it is on the increase."

Mrs. Belle Guinness Seen in Canada

LA PORTE, Ind., March 25.—For the fifth time the authorities of this country have been persuaded to appropriate railroad fare for investigation of a report that Mrs. Belle Guinness has been "found." Clint Cochrane, a marshal when the Guinness "murder farm" sensation was being exploited in 1908, left La Porte today for Neville, Sask., where the Northwest Mounted police have under surveillance a woman homesteader.

According to the reports from Canada, the woman was recognized as Mrs. Guinness by a man who went to school with the latter in Norway, some twenty-five or thirty years ago.

Four bodies taken from the ruins of the Guinness home were declared by the coroner's petit and grand juries to be those of Mrs. Guinness and her three children. But the defense of Ray Lambphere, convicted of setting the place on fire, raised the theory that Mrs. Guinness herself set fire to the place and then escaped.

MASKED MEN ATTACK ADAMS

Attempt to Assassinate President of Failed Bank of Superior.

WOUNDS NOT THOUGHT SERIOUS

Two Bullets Strike Glancing Blows on Head—Pounce on Banker, Who Draws His Own Weapon.

(From a Staff Correspondent.) SUPERIOR, Neb., March 25.—(Special Telegram.)—Captain Claire Adams, who was shot last night by two men who attempted to assassinate him, is resting easier today and no complications are feared. His wounds are not serious. Two bullets plowed through his scalp above the left ear, neither penetrating the skull. The third bullet went through his cap.

Bloodhounds were brought here this morning from Concordia, Kan. They picked up the trail and followed it east down the alley, where it was lost.

Mrs. E. J. Hall found the purse and bill book, of which Captain Adams was robbed, about two blocks from the point where the dogs lost the scent. The papers and money which they contained were gone.

Captain Claire E. Adams, president of the First National bank of this city, which recently failed, was attacked by two masked men last night and shot twice in the head. He struggled with his assailants and was able to draw his own revolver and fire three times at them, and then, to walk with assistance three blocks to his home, where he fainted.

When he had recovered from the shock, Dr. Frank Mitchell, who attended him, said there would in all probability be no serious consequences.

Since the failure of the bank, Captain Adams has been in receipt of a number of threatening letters and he only recently decided to arm himself. Tonight as he was three blocks from his home, about five minutes after 9 o'clock, two men jumped at him from an alley in the darkest part of the street. They started to administer a beating when Captain Adams drew his revolver and began firing. One of the assailants fired in return.

On the spot after the attack two revolvers and a home-made mask were picked up. The revolver which Captain Adams had used contained three empty shells and the other four. There is nothing to indicate that the men making the attack were hit. The mask was manufactured out of cloth of the texture of under clothing.

Captain Adams is one of the pioneer residents and business men of southern Nebraska. He has long been prominent in political and Grand Army of the Republic circles, and was a candidate for commander-in-chief of the National Grand Army of the Republic at its last meeting.

United States District Attorney Howell, when apprised of the attack of two masked men on Captain Adams, said he was not surprised, in view of the sentiment at Superior. Mr. Howell said he had heard of many threats against Captain Adams, some talk being even so strong as to threaten lynching. For the present A. C. Felt, cashier of the failed bank, who surrendered himself at San Francisco, will be held in the Douglas county jail. Bell has been fixed for him, but he has refused to furnish securities so far, although it is understood his brothers are ready to provide the necessary bond at any time.

Tobacco Monopoly Advised to Be Good

NEW YORK, March 25.—The Metropolitan Tobacco company is a jobbing monopoly, in violation of the Sherman anti-trust law, and must mend its ways at once, according to announcement made this afternoon by United States District Attorney Marshall.

Mr. Marshall made this statement after a conference with counsel for the Metropolitan and counsel for the four big tobacco companies which were formerly factors in the tobacco trust. The conference had been called to consider charges made by independent dealers that the four big companies violated the decree dissolving the trust by favoring the Metropolitan as a jobber.

Mr. Marshall gave the concern until Monday to make plans to remedy the situation.

Auto Engine "Dies" On Track; Two Dead

LOS ANGELES, March 25.—Mrs. Jacob Scherer of Denver and Robert Guard of Rivera, Cal., were killed and three persons were injured today when the engine of George Scott's automobile "died" on a railroad track at the harbor and a freight train crushed the machine against an embankment.

The injured were Jacob Scherer, aged 74, next his son-in-law and the latter's son, Hammond. Miss Leontine Scherer and her sister, Mrs. Marie Van Deventer of San Diego, rolled away from the track and escaped injury.

The party were at the harbor on a sightseeing trip.

Nature's Remedy For **Constipation**

Nature has provided an ideal Laxative Water that will purify your blood, keep your stomach and intestines clear and promptly relieve Constipation. Don't take a drastic purgative water which drains you and makes you feel weak and listless. Take a mild, gentle and pleasant natural laxative which gently stimulates and effectively operates without bad effects.

Hunyadi Janos Water

is Bottled at the Springs in Hungary in its original state. It has just the right composition, needs no adulteration, is not concentrated, not fortified; just natural; otherwise the Government would not permit the word "natural" on the label. Physicians all over the world prescribe it. Don't let any one persuade you to take a laxative water which is artificial, irritating and harmful. The label is your protection. Look for the word "Natural" thereon. Buy a bottle to-day at your Drug-Store. Be sure to get what you ask for.

Try it
