

AFTERMATH OF EDHOLM CASE

Probable that No Action Will Be Brought on Charges Made.

TWO WOMEN "APPROACHED"

One Identifies One of Her "Visitors" as an Attorney for Mrs. Edholm in Her Divorce Proceedings.

Published assertions of Mrs. Minnie Dunne, 324 South State street, and Mrs. Loretta Moran, 70 South Twenty-fourth street, that they were "approached" by men who attempted to induce them to give testimony reflecting on Albert Edholm, the jeweler, in his recent divorce suit, will not result in any action by District Judge Sutton, who tried the case, unless charges are brought officially to his attention, he said today.

The judge declined to comment further on the situation, but attorneys say that any action on his part which was not the result of first hand information would be contrary to legal practice. No charges have been brought officially to the attention of County Attorney Magney.

Mrs. Moran in an interview said her "visitors" suggested that she would be on a trip through the east. If she could say that she had accompanied Mr. Edholm on evening trips in Omaha, she has not identified her "visitors," but Mrs. Dunne went to Judge Sutton's court room during the trial of the Edholm case and said that the smaller of two men who came to "see" her was one of the attorneys who represented Mrs. Edholm and that the other said he was a detective. The firm of Brome & Brome conducted the case for Mrs. Edholm.

The court awarded a decree of divorce to Mr. Edholm and provided that Mrs. Edholm should pay her own attorneys' alimony of \$25.00 was awarded to her. Counsel for her indicated that they might take an appeal, but it is said no decision has been reached as yet on this point.

Dr. Searle Indicted by Federal Grand Jury; Given Fine

Austin D. Searles, who was indicted by a federal grand jury last fall, on the charge of using the mails for a scheme to defraud has entered a plea of guilty before Judge W. H. Munger of the United States district court and was fined \$300 and costs. "Dr. Searles, as he was known, advertised an alleged remedy, and circulars and advertising matter, as well as correspondence through the mails with prospective patrons, was investigated by postal authorities, with the result of the bringing of the case before the federal grand jury.

Dr. Austin H. Searles was also indicted on the same charge, but the suit against him was in effect dismissed, while Austin D. Searles entered the plea of guilty to the charge and was fined \$30, no jail sentence being imposed, by Judge W. H. Munger in the United States district court.

Spring Style Show is Huge Success

That the co-operative spring style opening is a big success is the enthusiastic cry of the leading retailers of Omaha, who have been having a big business thus far during the week of the spring style show. Some of the largest firms in the city say they sold more goods during the first two days of the spring style opening this year than they ever did in previous years. They are enthusiastic for the continuance of the institution of a co-operative spring style show date.

The retailers have profited also by the fortuitous accident which threw the merchants' marketing week dates coincident with the dates for the spring style show. This has brought in some 600 or 800 merchants from out in the state, many of whom brought their wives and daughters. These have patronized the local retail stores freely and have bought freely of outfits for themselves while they were in the city, to lay in supply from the wholesale houses for their customers at home.

DRUGGISTS' CASES BEFORE COMMISSIONERS MONDAY

Monday morning at 9 o'clock city commissioners will again take up the cases of druggists accused of violating the liquor laws by selling whiskey without requiring the purchaser to sign his name in a register kept for that purpose. Hearing of the cases has been postponed because of the illness of Mayor Dahman. The mayor, his physician says, will be out Saturday afternoon.

How to Make Better Cough Syrup than You Can Buy. A Family Supply, Saving \$2 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can be made at home. You will find nothing that takes hold of the ordinary cough more quickly, usually conquering it inside of 24 hours. Excellent, too, for spasmodic croup, whooping cough, bronchial asthma and bronchitis.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 15 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours. This is just laxative enough to help relieve a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant. The effect of pinex and sugar syrup on the inflamed membranes is well known. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in guaiacol and other natural healing pine elements. Other preparations will not work in this combination. This Pinex and Sugar Syrup remedy has often been imitated, but the old successful mixture has never been equaled. It is now used in more homes than any other cough remedy. A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Attorneys Attack Manner of Choosing Grand Jury Members

An attempt to invalidate indictments returned by the recent Douglas county grand jury on technical legal grounds has been begun in district court by Attorneys Brome & Brome in behalf of Wesley Gard, charged with perjury. If the effect succeeds the indictment against Clinton Brome, charged with subornation of perjury in connection with another case, will fall, as will also sixty other true bills.

It is alleged in a plea of abatement filed by Brome & Brome that the members of the Board of County Commissioners who prepared the list of jurymen from which the grand jury was drawn, and that instead the commissioners all should have worked together on the same lists.

It is also asserted in the "plea" that the correct proportion of jurors to voters in the various precincts was not strictly observed. For these alleged reasons, Brome and Brome ask the court to invalidate the indictment.

It is asserted in the Brome's "plea" that part of the names on the commissioners' jury lists are those of men under 25 years old, and that some of them are not naturalized, and the assertion is made that Samuel Baltze, a member of the grand jury, is a citizen of Russia, and that Ernest Adams is only 23 years of age.

The allegation also is made that an editorial in The Bee, giving out information that one of the grand jurors was being brought to bear to prevent the returning of indictments, influenced the members of the grand jury in returning true bills.

John T. Yates Grove of Woodmen Circle Has Annual Banquet

About fifty members of the John T. Yates grove of the Woodmen Circle attended the ninth annual banquet held at the Royal hotel at noon. The honor guests included John T. Yates, Supreme Guardian Emma B. Manchester, Dr. A. B. Cloyd and Dora Alexander, supreme clerk.

Mr. Yates spoke briefly and paid high compliments to the progress made by the order during the last year and introduced Mrs. Manchester with the assertion that it was due to her efficiency that such good had been accomplished. In reply the supreme guardian modestly declined too much credit, but insisted that the loyalty of each member of the order spelled its success. Each of the guests present spoke and the general sentiment expressed was one of satisfaction with the affairs of the grove and order. A theater party to the Opera was held at the conclusion of the feast.

BIG COFFMAN RANCH IN CUSTER COUNTY IS SOLD

Another of the very large ranches of western Nebraska has passed into history. The ranch of 6,200 acres in Custer county formerly owned by Dr. Victor H. Coffman, located north of Oconto, has just been sold by Harry Tukey, P. C. Hanson of Loup City bought it. The consideration is not made public, although it is known that the ranch has long been valued at \$150,000.

Dr. Coffman bought the ranch quite a number of years ago. His son, Weir D. Coffman, managed the ranch until his death in 1902. At the time of the sale Mrs. V. H. Coffman owned the property. It is understood that the ranch will be divided into four or five smaller tracts by Mr. Hanson.

This is only another instance of the general tendency that has been operating for years of dividing the ranches of the west into smaller farms and driving the cattle industry farther west or out of business entirely. This ranch lies along both sides of the Loup river, and almost adjoining the property now owned and operated by Harry O'Neill, formerly of Omaha.

Swapping as an Aid to Spring Housecleaning. When you start to clean house and fix up the yard, you will find the Swappers' column a good place to offer all those articles you cannot use and which you had intended to consign to the junk pile or garbage pail. There are other swappers who can use them and who will be glad to make a swap with you.

SOCIAL SETTLEMENT MAKES GOODLY SUM ON MUSICAL

The Social Settlement realized \$125 from the benefit musicale given by the Amateur Musical club at the home of Mrs. F. A. Nash, Tuesday afternoon. AGED MAN IS CHARGED WITH ASSAULT AND BATTERY

That "boys will be boys" was demonstrated in police court when L. R. Fletcher, thirty-seven and Fort Omaha avenue, appeared and filed a complaint of assault and battery against John Bascomb, aged 70 years, living at Thirtieth and Newport avenue. The latter is being fought over Fletcher's rights to a place of rented property adjoining the Bascomb place.

Mayor James C. Dahman has issued a proclamation fixing Saturday, March 28, as carnation day on the streets of the city for the benefit of the building fund of Plymouth Congregational church, which was entirely destroyed in the tornado.

For the Stomach and Liver.

L. N. Stuart, West Webster, N. Y., writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver off and on for the past five years, and it affords me pleasure to state that I have found them to be just as representative as they are mild in their action and the results have been satisfactory. I value them highly." All Dealers—Advertisement.

Shipment of Citrus Fruit Very Heavy. Shipment of citrus fruit out of California has now reached its heaviest stage and an average of eighty cars per day are being handled by the Union Pacific. The shipments are expected to continue at about this rate during the next six weeks. Into Omaha the Union Pacific is now handling two trains of oranges, lemons and grape fruit a day. Here the fruit is diverted and sent in every direction, with large quantities going into cold storage, where it will be sold by the commission men until later in the season. Up to now this year's crop of California citrus fruit has moved to a large extent over the southern route. Now, however, through Arizona and New Mexico the weather has become so hot that the icing of cars is necessary, and as a result about everything is taking a northern route.

BISHOP BRISTOL IS SAID TO BE SOMEWHAT IMPROVED

Serious heart trouble is the principal ailment of Bishop Frank A. Bristol of the Methodist church, who was stricken ill at Chicago, but is now improving. Omaha Methodists have just been informed that the bishop's heart action was badly impaired by an attack of acute indigestion. The result will be that although he will soon be able to come to his home here, his official duties may not be taken up for several months because of his weakened condition. The trouble started with a bad sea trip from Porto Rico, where he had been conducting a conference of the church.
